CHAMINADE UNIVERSITY OF HONOLULU EDUCATION COURSE SYLLABUS ED 217 Health and Family Issues in ECE 2017 Summer Undergraduate Program- Dates: 7/3/2017 to 9/12/2017

	Dr. Lisa A. Foster				
NIGTOLICTOR	Email: <u>lisa.foster@adjunct.chaminade.edu</u>				
INSTRUCTOR :	lisaannefoster@hotmail.com				
	Cell: 808-282-1300				
OFFICE HOURS:	Office hours by appointment-please email or call instructor for an				
	appointment				
TIME and	http://www.chaminade.ecollege.com (on-line)				
LOCATION:	Check you student email account (or have your email forwarded to the				
	email account that you frequently check). For technical assistance with				
	your student email account, contact <u>helpdesk@chaminade.edu</u>				
TEXTS:	1. Marotz, L.R. (2015). <i>Health, Safety, and Nutrition for the Young</i>				
	Child (9 th Edition), Cengage. ISBN# 9781-2854-2733-1				
	2. Bredekamp, S., and Copple C. (2009). Developmentally				
	Appropriate Practice in Early Childhood Programs (3 rd Edition),				
	Washington D.C.NAEYC. ISBN# 9781-9288-9664-7.				
CATALOG	Current best practices are explored in the areas of health, safety and				
DESCRIPTION:	nutrition for young children. Guidelines and regulations for ECE programs				
	will be addressed. Students will learn how to support families in creating				
	healthy environments. Field experience assignments determined by the				
	instructor. Prerequisite: PSY 202				
MAJOR COURSE	1. The importance of health, safety, and nutrition with young children.				
TOPICS	2. Good health in early childhood education (ECE) programs.				
	3. Guidelines of healthy nutrition and plan nutritional menus.				
	4. Promotion of safety for children.				
	5. Physical education for young children.				
	6. Integrating family involvement when dealing with health, safety, and				
	nutritional issues with children.				
WEB-BASED	Go to: http://chaminade.ecollege.com				
COURSES	Chaminade's online programs use eCollege to provide Internet access to fully				
	online and hybrid courses at both the bachelors and graduate levels. Many				
	traditional courses at CUH also use eCollege as a supplemental tool for class				
	work. Please be sure you are officially registered and have received a CUH ID				
	before attempting to login. Your CUH ID will be your login. Passwords are the				
	last four digits of your Social Security number. If you do not see your course				
	listed or have difficulty logging in, please contact helpdesk@chaminade.edu (808-735-4855).				
	All communication for this course will be managed through the eCollege online				
	management system which is linked to your Chaminade student email account.				
	Please make sure that you check your student email account frequently for course				
	updates and/or forward your Chaminade student email to a personal email account				
	to assure your receipt of important announcements. Again, if you need assistance				
	with this please contact the helpdesk@chaminade.edu (808-735-4855)				

CHAMINADE UNIVERSITY OF HONOLULU EDUCATION COURSE SYLLABUS ED 217 Health and Family Issues in ECE

ED 217 Health and Family Issues in ECE 2017 Summer Undergraduate Program- Dates: 7/3/2017 to 9/12/2017						
EARLY CHILDHOOD EDUCATION PROGRAM OUTCOMES: All 5 program outcomes are not addressed in all courses. The program outcomes emphasized for this course are highlighted in BOLD.	 Summer Undergraduate Program- Dates: 7/3/2017 to 9/12/2017 The successful undergraduate candidate in the early childhood education bachelor's program is able to plan, teach, assess, reflect, and adapt. Therefore, the successful candidate: (PLAN) promotes child development and learning by designing developmentally appropriate learning experiences that incorporate knowledge of content, children, learner outcomes, pedagogy, and assessments in the field of early childhood education. (TEACH) employs appropriate pedagogical practices and utilize resources to facilitate the learning process. This requires a developmentally appropriate content knowledge in the early childhood education. (ASSESS) applies a variety of diagnostic, formative and/or summative assessments to evaluate and support developmentally appropriate progress of the learner in the early childhood education 4. (REFLECT) builds family and community relationships by engaging in the process of continual and thoughtful reflection on his/her teaching practices in the early childhood education. 					
STUDENT	5. (ADAPT) strives to be a professional in the field of early childhood education by evaluating elements of change in the classroom and the wider world, actively bringing this awareness to work with children, faculty, and other member of the communityOutcomesHow will outcome be achieved?					
LEARNING OUTCOMES:	 (NAEYC Standard(s) addressed) 1. Demonstrate the knowledge of young children's characteristics and needs. 2. Demonstrate the importance of the involvement of families in children's development. 3. Demonstrate the knowledge of assessment goals, benefits and uses. 4. Demonstrate the importance of connecting with children and family. (1A, 2C, 3A, 4A) 	 Textbook and supplemental reading; on-line discussions; mini assignments. Textbook and supplemental reading; on-line discussions; family interview. Textbook and supplemental reading; on-line discussions; observation assignment. Textbook and supplemental reading; on-line discussions; family interview. 				
ACADEMIC REQUIREMENTS: Participation and Attendance	Participation is required. Success in the to deadlines, a commitment to complet participation in the online discussions. with the content and experiences that you ultimately learn from. Special arranges the instructor if you are unable to mee eCollege-on line interaction is consider	ting the readings, and active This participation will provide you you will need to reflect on and ements must be made directly with t these fundamental requirements.				

CHAMINADE UNIVERSITY OF HONOLULU EDUCATION COURSE SYLLABUS ED 217 Health and Family Issues in ECE 2017 Summer Undergraduate Program- Dates: 7/3/2017 to 9/12/2017

Signature Assignment A. <u>Research Paper</u> – The research paper will be of the individual's choice (with approval by the instructor) about "hot" issues relating to health, safety, or nutrition issues of children ages 0 to 8. You will need to describe the symptoms or effects to help identify or diagnose the issue; define what it is; list the cause(s); provide background information if applicable; determine the precautions or danger to others; identify the treatment or cure. Provide a "plan of action" to mitigate or prevent any further impact/occurrence of the "hot issue." (3-4 pages with 3 or more references cited-APA style). Assignments B. <u>Participation</u> . Students will be evaluated on their participation in class by completing weekly assignments or activities. On-line questions and discussions will be available every Monday. Postings will be due every Friday by 12:00 midnight. C. Students are required to respond to at least two (2) postings every Sunday by 12:00 midnight (unless otherwise specified by the instructor). Late participation will not be accepted. Please also be prepared with a back-up plan for emergencies, i.e. computer crashed, out of town, illness, etc. D. Weekly Journals – Eight (8) journal reflections: readings/experiences (One paragraph in length minimum). E. <u>Mini-Assignments</u> – Five (5) mini-assignments are assigned throughout the course. These assignments will complement learning about topics discussed in readings and/or on-line discussions 1. Childhood Diseases 2.ECE Site Observation 3. Nutrition Activity/Lesson Plan 4.One (1) Week Healthy Lunch Menu for 3-5 Year Olds 5. View a Food Safety Video (YouTube/Other)-Response Paper F. <u>Other Assignments</u> 1. <u>Eamily Interview</u> - Students will individually interview a family with a young child (age 0-8). They will inquire about health, safety, and/or nutrit	2017 Summer Undergraduate Program- Dates: 7/3/2017 to 9/12/2017					
 safety, or nutrition issues of children ages 0 to 8. You will need to describe the symptoms or effects to help identify or diagnose the issue; define what it is, list be cause(s); provide background information if applicable; determine the precautions or danger to others; identify the treatment or cure. Provide a "plan of action" to mitigate or prevent any further impact/occurrence of the "hot issue." (3-4 pages with 3 or more references cited-APA style). Assignments B. Participation - Students will be evaluated on their participation in class by completing weekly assignments or activities. On-line questions and discussions will be available every Monday. Postings will be due every Friday by 12:00 midnight (unless otherwise specified by the instructor). Late participation will not be accepted. Please also be prepared with a back-up plan for emergencies, i.e. computer crashed, out of town, illness, etc. D. Weekly Journals – Fijve (5) mini-assignments are assigned throughout the course. These assignments will complement learning about topics discussed in readings and/or on-line discussions C. hildhood Diseases 2.ECE Site Observation 3. Nutrition Activity/Lesson Plan 4. One (1) Week Healthy Lunch Menu for 3-5 Year Olds 5. View a Food Safety Video (YouTube/Other)-Response Paper F Other Assignments 1. Family Interview- Students will individually interview a family with a young child (age 0-8). They will inquire about health, safety, and/or nutritional issues that the family may have regarding their child. UNIVERSITY	Attendance			-		
POLICIES:	Students are expected to participate regularly in all courses for which they					
	are registered. Students should notify their instructors when illness prevents					
	them from attending class, and make arrangements to complete missed					
	assignments. Notification may be done by calling the instructor's or by sending an email to the instructor. It is the instructor's prerogative to					
	U			1 0		
				ordingly. Any stu		
	-	g a course with	out officially wi	thdrawing may r	receive a	
	failing grade.					
	Writing Standards					
	All work submitted by Chaminade University students must meet the					
	following writing standards. Written assignments should:					
	1. Use correctly the grammar, spelling, punctuation, and sentence structure					
	of Standard Written English.					
	2. Develop ideas, themes, and main points coherently and concisely.					
	3. Adopt modes and styles appropriate to their purpose and audience.					
	4. Be clear, complete, and effective.					
	5. Carefully analyze and synthesize material and ideas borrowed from					
	sources. In addition, the sources of the borrowed material should be correctly acknowledged to avoid plagiarism.
