University
OF HONOLULU

Course Syllabus

[Chaminade University Honolulu](https://www.chaminade.edu/)

3140 Waialae Avenue - Honolulu, HI 96816

Course Number: NUR 302

Course Title: Complex Disease II

Department Name: Nursing

College/School/Division Name: School of Nursing and Health Professions

Term: Fall 2021

Course Credits: 5 (3 didactic, 2 clinical)

Class Meeting Days and Hours:

Thursday 0830-1100

Thursday 1330-1600

Class Location: TBD

Instructor Name: Ireneo "Ed" Espinosa, BSN, MSN, RN, CEN **(Course Coordinator)**

Email: ireneo.espinosa@chaminade.edu

Phone: TBD

Office Location: Henry Hall, Room 118, #5

Office Hours: Wed: 0800 - 1300

Thurs: 1100-1200

Via zoom and email for appointment

Instructor Name: Elizabeth A. Watts, FNP-C, MSN, BSN **(Adjunct Professor)**

Email: elizabeth.watts@chaminade.edu

Phone: TBD

Office Location: n/a

Office Hours: by appointment only

Instructor Name: Anela Tamashiro, MSN, BSN, FNP-BC, APRN-RX, CDCES **(Lecturer)**

Email: anela.tamashiro@chaminade.edu

Phone: TBD

Office Location: Henry Hall, Room 118, #11

Office Hours: Thurs: 1100-1200

Fri: 0800-1300

Via zoom and email for appointment

University Course Catalog Description

NUR 302 Complex Disease II (5). 3 credits Didactic, 2 credits Clinical. This medical/surgical nursing course incorporates the nursing process theory related to care of adults needing restorative and maintenance care. A holistic approach will be emphasized in studying specific body systems, disease and immunological processes associated with them, including their etiology, diagnosis, signs and symptoms, treatment and nursing considerations. Complex disease II is the second course of a four-semester series. Content will build on previous knowledge related to the complexities of disease and acute versus chronic conditions. Prerequisite: NUR2xx, NUR 202, NUR 203, NUR 204, BI216, CH254/L

Course Overview

NUR 302 has both a didactic and clinical section. Students must meet the requirements of both sections in order to pass this course. For ease in reading, this syllabus has been divided with didactic information separate from the clinical information. Please remember that students must meet the requirements of both sections to pass NUR 302. The clinical practicum evaluation is graded as Satisfactory or Unsatisfactory. You must pass Nursing 302 with a grade of “C” or better and receive a satisfactory evaluation in the Clinical Practicum to pass the class. Failure in either will result in failure of the course and you will not be permitted to continue in the nursing program progression.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith
2. Provide an integral, quality education
3. Educate in family spirit
4. Educate for service, justice and peace
5. Educate for adaptation and change

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the ‘Ōlelo No‘eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua (‘Ōlelo No‘eau 364) May I live by God
2. Provide an Integral, Quality Education (Na‘auao) Lawe i ka ma‘alea a kū‘ono‘ono (‘Ōlelo No‘eau 1957) Acquire skill and make it deep
3. Educate in Family Spirit (‘Ohana) ‘Ike aku, ‘ike mai, kōkua aku kōkua mai; pela iho la ka nohana ‘ohana (‘Ōlelo No‘eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no‘eau (‘Ōlelo No‘eau 1430) Education is the standing torch of wisdom
5. Educate for Adaptation and Change (Aina) ‘A‘ohe pau ka ‘ike i ka hālau ho‘okahi (‘Ōlelo No‘eau 203) All knowledge is not taught in the same school

Course Learning Outcomes

By the end of our course, students will be able to:

- 1) Identify the most common conditions that require medical/surgical nursing care as well as chronic diseases and infectious disease found in adult populations. (PCC)
- 2) Describe health care disparities and social determinants of health while caring for adults with medical surgical needs and adults with chronic disease and infectious disease. (Social justice)
- 3) Apply the nursing process to set priorities in delivering quality and safe patient care, disease prevention, and health promotion. (Quality improvement)
- 4) Apply patient-centered care per the Marianist values, evidence-based research, and nursing practice guidelines in acute adult medical-surgical settings. (EBP)(Marianist values)
- 5) Collaborate within interdisciplinary teams to improve the quality and safety of patient care. (Collaboration)
- 6) Incorporate the use of informatics and healthcare technology in the adult medical-surgical patient care setting. (Informatics)

Alignment of Learning Outcomes

Key progression in professional nurse practice: Key: I=Introduced, D=Developed, M=Mastered

Program Associated Hawaiian Core Values	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5	CLO 6
1. Patient Centered-Care, <i>Ka malama olakino Pili pono I ia kanaka</i>	D		D	D	D	D
2. Community Based Care, <i>Ka malama olakino ma o ke kaiaulu</i>		D				
3. Developmentally & Culturally Appropriate Care, <i>Ka malama ola kino noka ho'omohala a me ka mo'omeheu</i>	D		D			
4. Care Across the Lifespan <i>Ka malama olakino o ka wa ola</i>						
Marianist Values	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5	
1. Education for formation in faith				D		
2. Provide an integral, quality education	D	D	D	D	D	D

3. Educate in family spirit		D				
4. Educate for service, justice and peace		D		D		
5. Educate for adaptation and change			D	D	D	D

Program Learning Outcomes	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5	CLO 6
<i>PLO#1:</i> Utilize the nursing process to advocate for safe, holistic, patient-centered care across the lifespan, incorporating the Marianist value of service, justice and peace.			D	D	D	
<i>PLO#2:</i> Apply leadership and communication skills to ensure quality, collaborative and continuous patient care.					D	
<i>PLO#3:</i> Integrate credible research with clinical expertise and patient preferences for optimal care across the lifespan.			D	D	D	D
<i>PLO#4:</i> Incorporate informatics and healthcare technologies into the practice of professional nursing.					D	D
<i>PLO#5:</i> Contribute to the safety and quality improvement of the healthcare environment.			D	D	D	D

Course Prerequisites

A laptop with Word and the required programs for efficiently running ATI is required for this course. **Students must also be proficient in basic nursing skills covered in NUR 204.** It is essential you maintain your updates on your computer programs. Students will also be using video apps and Google drive.

Required Learning Materials

Assessment Technologies Institute, LLC. (ATI). (2019). *Fundamentals for nursing review module*. (10th ed.).

Assessment Technologies Institute, LLC. (ATI). (2019). *RN adult medical surgical nursing review module*. (11th ed.).

Assessment Technologies Institute, LLC. (ATI). (2019). *RN pharmacology for nursing review module*. (8th ed.).

Assessment Technologies Institute, LLC. (ATI). (2019). *RN nutrition for nursing review module*. (8th ed.).

Hinkle, J.L. & Cheever, K.H. (2018). *Brunner & Suddarth's textbook of medical-surgical Nursing*. (14th ed.). Philadelphia, PA: Wolters Kluwer/Lippincott Williams & Wilkins. ISBN: 978-1-4511-3060-7

Horntvedt, T. (2013). *Calculating dosages safely: a dimensional analysis approach*. Philadelphia, PA: F.A. Davis Company. ISBN: 978-0-8036-2254-8

iPads or laptop computers are required for class sessions. There are multiple online modules, e-texts, and we will be doing many things in class using google drive which will require computer access. Most exams are via computer.

Assessment Technologies Institute (ATI) is an online educational learning system used throughout the nursing courses at CUH SON. Website: <http://www.atitesting.com>. Complete system requirements are available on the login page. For all inquiries during office hours use: (800) 667-7531. After hours technical support, send an email to helpdesk@atitesting.com.

Lippincott Course Point+ is a fully integrated, adaptive, digital solution designed to help students understand, retain, and apply course content. This innovative, integrative learning environment enhances student learning while preparing them for the transition to practice and includes: The VitalSource Bookshelf that allows you to access and download eBook content; Stedman's Online which puts 56,000 terms right at your fingertips where you can search for the definition of a term, hear it pronounced, see it illustrated, and watch it in motion; Advisor for Education a robust database of regularly updated clinical content where you will be able to access more than 8,500 evidence-based entries that cover drug information, diseases, diagnostic tests, and treatments; prepU an adaptive quizzing system that is an individualized learning experience for each student; and vSim for Nursing which simulates real nursing scenarios and allows students to interact with virtual patients in a safe, online environment. Student training resources are available at <http://thepoint.lww.com/studentssupport>. Technical support: email techsupp@lww.com.

Technical Assistance for Canvas Users:

- Search for help on specific topics at help.instructure.com
- [Chat live with Canvas Support 24/7/365](#)

- Watch this [video to get you started](#) with online guides and tutorials
- Contact the Chaminade IT Helpdesk for technical issues: helpdesk@chaminade.edu, or call (808) 735-4855

Tutoring and Writing Services

Chaminade is proud to offer free, one-on-one tutoring and writing assistance to all students. Tutoring and writing help is available on campus at Kōkua 'Ike: Center for Student Learning in a variety of subjects (including, but are not limited to: biology, chemistry, math, nursing, English, etc.) from trained Peer and Professional Tutors. Please check Kōkua 'Ike's website (<https://chaminade.edu/advising/kokua-ike/>) for the latest times, list of drop-in hours, and information on scheduling an appointment. Free online tutoring is also available via Smarthinking. Smarthinking can be accessed 24/7 from your Canvas account. Simply click Account – Notifications – TutorMe. For more information, please contact Kōkua 'Ike at tutoring@chaminade.edu or 808-739-8305.

Assessment

Grades in the didactic section of this course will be based on the following:

Multiple-choice exams: Exams will be created to reflect both the Program Learning Outcomes (PLO) and Course Learning Outcomes. Questions will require recall and critical thinking to incorporate application of the nursing process (assessment, diagnosis, outcome identification and planning, implementation and evaluation) and priority setting. **There will be 50 questions on every content exam.** No bonus points or extra credit is given in this course. Please do not request these. **Students must have a 75% exam score weighted average, to pass this course.** **No rounding of points/percentages.**

MEDICATION MATH TEST POLICY

Each student must pass a medication math test before administering medications in the clinical setting.

Each student will have three (3) opportunities to pass the course required medication math test.

Math tests will be scheduled by the course instructor and proctored by instructor or designee.

The student must successfully pass the math test by the date specified by your instructor.

A 100% is required to pass the course required Medication Math Test

Failure to pass math will constitute course failure.

ATI proctored exam: In this course, the proctored ATI exam will be Fundamentals 2019.

ATI Targeted Practice Questions: In this course, there will be practice questions to reflect both the Program Learning Outcomes (PLO) and Course Learning Outcomes (CLO). Questions will require recall and critical thinking to incorporate application of the nursing process (assessment, diagnosis, outcome identification and planning, implementation, and evaluation) and priority setting.

The clinical section of this course is a satisfactory/unsatisfactory grade. The components of this grading will include:

Clinical evaluation: The respective instructor/clinical faculty evaluation tool is posted in Canvas under the clinical tab. Review the expectations prior to your first clinical experience.

Skills check-off sheets: Skills checklist book must be reviewed by the students prior to lab day and be brought to lab/clinical/simulation every session. Students can be asked to remediate during an open lab as requested by the clinical instructor. See Canvas for list of skills that have should have been signed off previously for NUR 204.

Weekly Clinical Reflective Logs: The logs must be legible and conform too confidentially and acceptable practice of Chaminade School of Nursing and the respective clinical faculty. No actual patient or staff names must be used. Each week's reflective prompts are located in the module assignment tab.

Grading Scale

Assignments & Grading Criteria:

- ATI Modules, assigned prep, and any pretests will be due upon entering for the lab/sim session.

ATI policy and procedure: ATI *Fundamentals* nursing standardized testing:

During week 13 (or TBD) for NUR 302 you will take the ATI RN Fundamentals Proctored Assessment.

ATI Grading Criteria:

Fundamentals ATI: the standardized testing provided by ATI during your nursing courses are not designed to be an NCLEX preparation program. The purpose of this standardized testing tool is strictly to identify your strengths and your weaknesses. Once you have identified your weaknesses, ATI has provided a variety of tools to help you to remediate in the "focused review" section of the ATI Web site. The remediation starts when you identify your weak areas in the non-proctored examinations. However, if you do not take full advantage of these tools, you will remain weak in the identified areas. So, please take full advantage of the tools provided to help you finish the program strong.

A. Required Preparation:

1. Prior to taking the proctored Fundamentals ATI examination you will be required to complete both practice 2019 versions of the exam.
2. Utilize the practice exams to study. When you take the non-proctored practice exam the first time, study the areas that you missed by utilizing the focused review tool provided by ATI.
3. On the ATI focused review Web site select "all missed topics" to review. Read and view all the material provided by ATI to study.
4. Once you have read and viewed all the material provided by ATI, complete the active learning template for each topic reviewed and turn in to your instructor 48 hours before the proctored exam. **A cover page and your score page from the practice exam is both required. All templates are to be hand-written**

and color coded. If a student is unable to complete the hand-written template for a medical reason, a providers note must be provided in advance. Documentation is required.

5. Once you have turned in the active learning templates, your instructor will turn on the rationales for the right and wrong answers for the non-proctored ATI examinations.
6. Take the exam again and this time read the rationales provided by ATI for the right and wrong answers (even if you obtained the correct answer); this will help you study the material.
7. Once you have completed the study requirements delineated above, you may take the proctored Fundamentals ATI examination that is tentatively scheduled for week 13 or TBD.

B. Grading & Required Remediation:

1. The Fundamentals ATI Examination will be worth 10% of your final grade in this course.
2. If you obtain a level 2 or above on the proctored Fundamentals ATI exam, you will receive 100% for this portion of your grade.
3. If you score a level 1 on the proctored Fundamentals ATI exam, you will receive 50% for this portion of your grade.
4. If you score below a level 1 on the proctored Fundamentals ATI exam, you will receive 0% for this portion of your grade.
5. If the student is not able to obtain at least a level 1 on the retake examination; the student will fail the course.
6. The retake for the Fundamentals ATI Examination will be by 12/02/2021.

C. Below Level 1 ATI Policy

- The benchmark of all ATI content mastery exams is a **level 2**. If the student obtains below level 1; the student has not been able to demonstrate mastery of the content and is not meeting course expectations. Therefore, if the student obtains below a **level 1** on the Fundamentals ATI content mastery examination in this course, the student must complete a focused review, submit active learning templates and retake the Fundamentals Mastery examination by the following date 12/02/2021. If the student is not able to obtain at least a **level 1** on the retake examination; the student will fail the course.
- The results of the retake exam will not affect the grade assigned for the first mastery examination taken.

Course Grading Percentage Equivalents:

Assignments	Points	%/ Equivalent
Exam #1	100	25
Exam #2	100	25
Exam #3	100	25
Active Learning Templates Pathotrees/Medication Card	110	10
Targeted Practice (90% score or greater for each targeted practice exam)	400	0
Hinkle PrepU Level 8 Benchmark	90	5
ATI Fundamentals Proctored Exam (2019): "Ticket to Exam", 90% score or greater on ATI Practice "A" and "B" (2019).	100	10
Sim Lab	N/A	Pass/Fail
Clinical/Lab/Sim Assignments & Performance	<u>N/A</u>	Pass/Fail
Weekly Reflective Journaling	<u>N/A</u>	Pass/Fail
Clinical Evaluation	<u>N/A</u>	Pass/Fail
TOTAL	1000	100%

Grading Scale

Letter grades are given in all courses except those conducted on a credit/no credit basis. They are interpreted as follows:

- A Outstanding scholarship and an unusual degree of intellectual initiative (90.0%-100.0%)
- B Superior work done in a consistent and intellectual manner (80.0%-89.99%)
- C Average grade indicating a competent grasp of subject matter (70.0%-79.99%)
- D Inferior work. Not a passing grade for an NUR course (60.0%-69.99%)
- F Failed to grasp the minimum subject matter; no credit given (below 59.99%)

Course Policies

SON Course Examination Policy Class of 2023 and onward-

- In order to pass this course, the student must obtain a 75% or higher weighted average on the examinations in this course, excluding the ATI mastery exam. For this course the following assessments are included in the Exam weighted average (Exam #1, Exam #2, Exam #3).
- All assignments must be successfully completed in order to pass this course.
- If the student fails to successfully complete all required assignments and/or does not have an average weighted score of at least 75% on all examinations, the maximum grade obtained for the course will be 69%.
- The benchmark of all ATI content mastery exams is a level 2. If the student obtains below level 1; the student has not been able to demonstrate mastery of the content and is not meeting course expectations. Therefore, if the student obtains below a level 1 on the Fundamentals ATI content mastery examination in this course, the student must complete a focused review, submit active learning templates and retake the Fundamentals Mastery examination by the following date as stated on the syllabus. If the student is not able to obtain at least a level 1 on the retake examination; the student will fail the course.

All students progressing to the next nursing course must remediate regardless of level achieved on the Fundamentals ATI content mastery exam and must complete focused review and submit the active learning templates for Fundamentals ATI content mastery exam to the NUR 303 faculty prior to the Medical/Surgical ATI examination in that course.

Testing policy: Students are expected to take tests on the designated day. In case of an emergency, please contact the instructor prior to the test so that an alternate plan can be made. Failure to do so will result in a zero. If a test is to be made up, it must be taken before the next class. Approval for taking a make-up test must be granted by the instructor. If a lab is missed the student must arrange with the instructor for an alternative plan.

The School of Nursing & Health Professions may choose to utilize an online exam proctoring technology at any time during this course. This technology enables students to take proctored exams at a location that is off campus. This technology provides a secure test environment that promotes academic integrity and provides data security. The process identifies a student and records video, audio, and screen capture during the student's exam. This information is communicated to secure servers and reviewed. The video, audio, and screen capture are used solely for the purpose of ensuring academic integrity during the testing process.

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities

Act (ADA) provisions must provide written documentation of the need for accommodations from the Counseling Center by the end of week three of the class, for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should contact the Kōkua 'Ike Coordinator at (808) 739-8305 for further information (ada@chaminade.edu).

Assignments: It is expected that assignments will be submitted on time. Late assignments are highly discouraged. Students (at an instructor's discretion) may ask an extension of an assignment for the didactic portion of this course only but will be subject to the deduction of 5% per day, up to 48 hours; After 48 hours, no points will be credited for the assignment **BUT** All assignments must be submitted to pass this course. All written assignments must be in the acceptable Word document attachment. The student is responsible to make sure that the attachment is the final version of the assignment. Any resubmissions will be subject to late penalty. In addition, students are encouraged to collaborate, but individual assignments must be done in an individual basis. When templates are used and information submitted appears to be duplicate information, suspicion of academic dishonesty may occur. Please review the policy of academic honesty in detail. Proof of completion is needed for all assignments.

Didactic Assignments: PrepU assignments are due as stated on the CoursePoint Access. For full points, all assigned PrepU chapters (LEVEL 8) must be completed by due date. Partial credit will be given if a student completes at least 2 of the chapters (when applicable).

Active Learning templates: For full points, all assigned Pathotrees, and medication hand-written templates must be completed and turned-in by the due date; to be graded using the rubric standards (no e-version of the templates are accepted; they must be physical turned-in to the faculty for grading). **Partial credit** will be given if a student completes at least 85% of the active learning templates **AND** the active learning templates meet the rubric standards. **All assignments must be completed to pass this course. Proof of completion is required for assignments.**

Grades of "Incomplete"

Refer to university student handbook for policies

Writing Policy

All written assignments, unless otherwise stated in the directions or a template is provided, must be submitted in Word docx with a cover page and using APA format. Documents submitted in incorrect format will be considered late. Please review late work policy.

Instructor and Student Communication

Questions for this course can be emailed to the instructor at ireneo.espinosa@chaminade.edu.

Online, in-person and phone conferences can be arranged. Response time may take place up to 24-48 hours Monday-Friday.

Cell phones, tablets, and laptops

Out of consideration for your classmates, please set your cell phone to silent mode during class. Students are encouraged to bring laptops or tablets to class as the instructor will assign online activities and readings that will require the use of a laptop or tablet. Laptops and tablets should not be misused, such as checking distracting websites. Use your best judgment and respect your classmates and instructor.

Disability Access

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from the Counseling Center by the end of week three of the class, in order for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should contact the Kōkua 'Ike Coordinator at (808) 739-8305 for further information (ada@chaminade.edu).

Title IX Compliance

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or the Office for Compliance and Personnel Services.

Attendance Policy

The following attendance policy is from the 2021-2022 Academic Catalog (page 223). Faculty members should also check with their divisions for division-specific guidelines.

Students are expected to attend regularly all courses for which they are registered. Student should notify their instructors when illness or other extenuating circumstances prevents them from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address, calling the instructor's campus extension, or by leaving a message with the instructor's division office. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.

Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course. Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, although the instructor is not required to withdraw students in that scenario. Repeated absences put students at risk of failing grades.

Students with disabilities who have obtained accommodations from the Chaminade University of Honolulu ADA Coordinator may be considered for an exception when the accommodation does not materially alter the attainment of the learning outcomes.

Federal regulations require continued attendance for continuing payment of financial aid. When illness or personal reasons necessitate continued absence, the student should communicate first with the instructor to review the options. Anyone who stops attending a course without official withdrawal may receive a failing grade or be withdrawn by the instructor at the instructor's discretion.

Academic Honesty

From the 2021-2022- Academic Catalog (page 221)

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the world. Violations of the principle of academic honesty are extremely serious and will not be tolerated.

Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a University official. Academic dishonesty may include theft of records or examinations, alteration of grades, and plagiarism, in addition to more obvious dishonesty.

Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Dean of the Academic Division. Punishment for academic dishonesty will be determined by the instructor and the Dean of Academic Division and may include an "F" grade for the work in question, an "F" grade for the course, suspension, or dismissal from the University.

For further information, please refer Academic Catalog

Student Conduct

Campus life is a unique situation requiring the full cooperation of each individual. For many, Chaminade is not only a school, but a home and a place of work as well. That makes it a community environment in which the actions of one students may directly affect other students. Therefore, each person must exercise a high degree of responsibility. Any community must have standards of conduct and rules by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website under Student Life.

Credit Hour Policy

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 37.5 hours of engagement. For example, in a one credit hour traditional face to face course, students spend 50 minutes in class per week for 15 weeks, resulting in a minimum of 12.5 instructional hours for the semester. Students are expected to engage in reading and other assignments outside of class for at least 2 additional hours per week, which equals an additional 25 hours. These two sums result in total student engagement time of 37.5 hours for the course, the total engagement time expected for each one credit course at Chaminade.

The minimum 37.5 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

Schedule

See syllabus schedule for details

Clinical Information

Additional Course Information

All clinical forms are found on *Canvas*. Students are responsible for printing any required forms on that site. Students are expected to keep email/telephone contact information updated in the School of Nursing Office, as this is the main form of contact that the clinical faculty will use in order to contact students. Failure to keep this information updated may result in the student not receiving pertinent clinical information. Each email that is sent directly to the instructor must have 'NUR 302 clinical, your last name, and a topic' in the subject line. **In addition, students must use their chaminade.edu email account when emailing the clinical instructor. Failure to do so may result in the student's email not being opened.**

Clinical components of this course will be split between skills laboratory, simulation experience, and sub-acute facilities.

Clinical Teaching/Learning Strategies:

Strategies include: reading; videos; quizzes/exams; case studies; demonstrations; practice application of clinical skills; patient care; interaction with instructor, students, and hospital staff; skills check-off; simulation experiences; weekly preclinical worksheets; weekly reflective logs; reflective papers; portfolio development; clinical evaluation.

Clinical Details/Requirements: PPE Requirements are Mandatory: Mask over mouth and nose and Face shield or goggles for all on campus activities.

Clinical rotations in the nursing program are foundational to the development of the professional nurse and nursing as a practice. You must dress professionally; wear your unwrinkled uniform, school ID, socks, and wear closed-toe/closed heel shoes (white leather/vinyl). Only the Chaminade University School of Nursing approved scrub uniforms will be permitted for this course. Your image is representative of the Chaminade University Nurse. Your school picture ID is to be worn at all times unless specified by your clinical instructor. Please read information about appropriate use of jewelry, make-up and finger nail specifications in your student handbook.

Clinical facilities have specific requirements each student must meet; some of these are to be completed before the first day of clinical. These requirements can be facility orientation to policies, computer systems, and other forms of paperwork. Please remember that students and faculty of Chaminade are guests in these facilities and we must comply with ALL of the requirements given or the student and/or clinical group will not be allowed to participate in learning experiences at that facility. A failure to meet these requirements may result in having to withdraw from the course since changing clinical placements after the semester has begun not allowed by the clinical facilities. **Please refer to the School of Nursing Student Handbook 2020-2021 for current policies and procedures for compliance including but not limited to Professionalism and Uniform and Dress Code Policy.**

Clinical Attendance and Participation:

Attendance is **mandatory**. If you must miss a clinical session due to illness, you must call your clinical instructor one hour prior to preconference and provide a physician's note in order to receive a make-up session. The course coordinator will determine a make-up session. You also need to email the course coordinator within 24 hours of the absence. **You are expected to be at the clinical site on time without tardiness which means adequate time to get to the unit, put your things away, and be prepared to begin your preconference session at the start time.** Students may NOT switch clinical sections, as orientation to the clinical site will have occurred.

Confidentiality, Unacceptable Practice (unsafe, unethical, or illegal):

Students are expected to maintain patient confidentiality at all times. **No computer printouts, or any form of patient record, are to be removed from the clinical setting.** Patient records are NOT to be photocopied. To do so will result in clinical failure. Please read the **HIPAA** regulations for your agency, sign acknowledgement form as required, and submit to appropriate clinical instructor or Course Leader.

- **A failure to close out completely from a facility computer with patient information is a HIPAA violation and will be treated accordingly. This includes screens that have been minimized. This is a federal law and compliance is mandatory.**
- **A failure to cover patient information on your clipboard or notepad is another example of HIPAA violation.**

Patient identifiers, such as: name, clinical facility, DOB, SS#, home address and telephone number, city/county/region, employer, and names of relatives/significant others **must be removed or omitted from all written work.** All written work with patient care information (such as daily patient care plans with vital signs and physical assessment notes) must be shredded at the end of the clinical day. Students are also expected to delete from their computer files all coursework at the end of the semester and return any I.D. and/or parking badges to the respective clinical sites. Students are responsible for any replacement fees attached to lost IDs or parking badges.

Content Schedule-For specific assignments, see Weekly Assignments in Canvas modules for each week

NUR 302: COMPLEX DISEASE II

Concepts and Topics Calendar

Concepts/Week	Topics
<p>WEEK ONE (8/26/21)</p> <p>Course Orientation</p> <p>Hinkle: Chp 1,2,3,4,5,8</p> <p>ATI: Med/Surg: Chp 1, 2 Fundamentals: none Pharmacology: none</p>	<ul style="list-style-type: none"> • Orientation to course and expectations • Basic Concepts • Dosage Calculation Review • Take math evaluation (during lab)- 100% required to attend clinical week two and beyond. A total of three attempts are allowed.
<p>WEEK TWO (9/02/21)</p> <p>Make sure all readings have been completed prior to class or you may not be effective in understanding the content and active learning activities.</p> <p>Pain Preoperative Nursing Postoperative Nursing</p>	<ul style="list-style-type: none"> • Pain (assessment, pharmacological interventions, non-pharmacological interventions, delivery devices, reversal agents, medication safety) • Preparation of the surgical patient (assessment, consent, labs, patient teaching, surgeon notification) • Postoperative nursing care (priorities, patient teaching, dressings, ambulation, DVT prevention, anesthesia, urination, constipation, surgeon notification)

Concepts/Week	Topics
<p>Hinkle: Chp 12, 17, 19</p> <p>ATI: Med/Surg: Chp 4, 94, 95, 96 Fundamentals: 41 Pharmacology: 35, 36, 37, 38</p>	
<p>WEEK THREE (9/09/21)</p> <p>Oxygenation</p> <p>Make sure all readings have been completed prior to class or you may not be effective in understanding the content and active learning activities.</p> <p>ATI RN Targeted Med/Surg Periop at-home (benchmark at or >90%)</p> <p>Assigned Readings</p> <p>Hinkle: Chp 20, 21, 22</p> <p>Hinkle: Pages 583-606 & 620-625 (Lung CA)</p> <p>ATI: Med/Surg: Pages 17, 18, Pages 107-110, Chp 19 Chp 20, 22, 23, 24</p> <p>Fundamentals: none Pharmacology: 17, 18</p>	<ul style="list-style-type: none"> • Review of respiratory assessment • Physiology of breathing • Respiratory modalities • Diagnostic tests • Respiratory care modalities • Pharyngitis • Peritonsillar abscess • Obstructive sleep apnea • Laryngeal cancer • Atelectasis • Respiratory infections • Lung cancer • TB • Respiratory medications
<p>WEEK FOUR (9/16/21)</p> <p>Fluid & Electrolytes</p>	<ul style="list-style-type: none"> • Electrolyte imbalances • FVD

Concepts/Week	Topics
<p>Make sure all readings have been completed prior to class or you may not be effective in understanding the content and active learning activities.</p> <p>ATI Fundamentals Practice A (2019) in-class (90 minutes)</p> <p>ATI RN Targeted Med/Surg Respiratory at-home (benchmark at or >90%)</p> <p>Assigned Readings</p> <p>Hinkle: Chp 13</p> <p>ATI: Med/Surg: Chp 43, 44, 45 Fundamentals: none Pharmacology: none</p>	<ul style="list-style-type: none"> • FVE
<p>WEEK FIVE (9/23/21) F&E</p> <p>Make sure all readings have been completed prior to class or you may not be effective in understanding the content and active learning activities.</p> <p>Assigned Readings</p> <p>Hinkle: Chp 53, 54, 55</p> <p>ATI: Med/Surg: Chp 43, 44, 45 Fundamentals: none Pharmacology: 19, 46</p>	<ul style="list-style-type: none"> • AKI • CRF • ESRD • HD • PD

Concepts/Week	Topics
WEEK SIX (9/30/21) Exam #1	<p>ALL content areas listed in topic Week 1-5</p> <ul style="list-style-type: none"> **Please note that exams in this course are all application level questions.
WEEK SEVEN (10/07/21) Acid-Base Imbalances Assigned Readings Hinkle: Chp 13, Pages 283-288 ATI: Med/Surg: Chp 45 Fundamentals: none Pharmacology: none	<ul style="list-style-type: none"> Acid-Base Imbalances
WEEK EIGHT (10/14/21) Perfusion ATI RN Targeted Med/Surg Fluid & Electrolyte, Acid Base at-home (benchmark at or >90%) Assigned Readings Hinkle: Chp 25, 26 (skip junctional, blocks, cardioversion and pacemakers) ATI: Med/Surg: Chp 27, 28 Fundamentals: none Pharmacology: none	<ul style="list-style-type: none"> Review of cardiac and vascular system assessment Cardiac physiology Vascular system physiology Diagnostic tests Basic cardiac conduction CAD
WEEK NINE (10/21/21) Perfusion ATI Fundamentals Practice B (2019) at home.	<ul style="list-style-type: none"> Angina Endocarditis Myocarditis Pericarditis

Concepts/Week	Topics
<p>Assigned Readings</p> <p>Hinkle: Chp 27, 28, 29</p> <p>ATI: Med/Surg: Chp 31, 34 Fundamentals: none Pharmacology: Chp 22, 24</p>	
<p>WEEK TEN (10/28/21) Perfusion</p> <p>Make sure all readings have been completed prior to class or you may not be effective in understanding the content and active learning activities.</p> <p>Assigned Readings</p> <p>Hinkle: Chp 30, 31</p> <p>ATI: Med/Surg: Chp 35, 36 Fundamentals: none Pharmacology: Chp 20</p>	<ul style="list-style-type: none"> • Peripheral Arterial Occlusive Disease • Peripheral Venous Disease • DVT prevention • Ulcers (arterial and venous)
<p>WEEK ELEVEN (11/04/21) Exam #2</p> <p>ATI RN Targeted Med/Surg Cardiovascular at-home (benchmark at or >90%)</p>	<p>ALL content areas listed in topic Week 7-10</p> <ul style="list-style-type: none"> • **Please note that exams in this course are all application level questions.

Concepts/Week	Topics
Week TWELVE (11/11/21) Veteran's Day	No DUG classes on campus; offices closed. NO LECTURES
Week THIRTEEN (11/18/21) Hematology ATI Fundamentals Proctored Exam (2019) in-class Assigned Readings Hinkle: Chp 15, 32, 33, 34 ATI: Med/Surg: Chp 39, 40, 41, 42 Fundamentals: none Pharmacology: Chp 25, 27	<ul style="list-style-type: none"> • Review of hematologic system assessment • Hematological physiology: blood, bone marrow, blood cells • Diagnostic tests • Blood transfusions, PLTs, and FFP • Anemias • Neutropenia • Thrombocytopenia • Lymphomas
WEEK FOURTEEN (11/25/21) Thanksgiving Day Infectious Diseases Assigned Readings Hinkle: None ATI: None Med/Surg: None Fundamentals: None Pharmacology: None	<ul style="list-style-type: none"> • Thanksgiving Recess (no day undergraduate classes on campus; offices closed) <p>**See Canvas and Course Point for assignments that are still due**</p> <ul style="list-style-type: none"> • The infectious process • Infection control and prevention • Diarrheal diseases
WEEK FIFTEEN (12/02/21) Infectious Diseases ATI Fundamentals Proctored Make-up (as needed, NLT 12/02/21)	<ul style="list-style-type: none"> • STIs • Emerging infectious diseases <p>Proctored ATI Fundamentals Exam (Benchmark Level 2),</p>

<p>WEEK SIXTEEN (Fall semester ends 10Dec2021)</p> <p>(12/09/21 or TBD)</p> <p>Exam #3</p> <p>Final Exam</p>	<p>All content areas listed in topic week 12-14</p> <p>**Please note that exams in this course are all application level questions.</p>

PLEASE NOTE:

While every attempt has been made to prepare this syllabus and class schedule in final form, it will be the course coordinator's prerogative to make any changes as may be deemed necessary in order to meet the learning outcomes of the course. Students will be notified in writing via Chaminade email of any changes. It is recommended that you check Chaminade email and course site including the clinical hub for students in Canvas frequently for announcements. A syllabus is a contract between the university and the students. All students will be held responsible to read, understand, and clarify the content within this document.
