SYLLABUS

EID 325 INTRODUCTION TO LIGHTING DESIGN

Instructor:
Junghwa K. Suh, D.Arch
Office hours: by appointment
Office: Eiben 212
Email: Junghwa.suh@chaminade.edu

COURSE DESCRIPTION

Introduction to the theory, practice and application of lighting design including the analysis and interpretation of quality of lighting design in an interior environment. History of lighting advancements and industry terminology will be researched and various luminaire products and new technology will be discussed. This course also serves as an introduction to the use of both daylighting and electric lighting in various functions of interior space. Qualitative and quantitative measures of lighting will be explored as well as effective use of lighting in interior design. Students will learn to take lighting as one of key design elements in spatial design for creating a functional, safe, environmentally efficient and sensitive, and aesthetically pleasing interior environment.

Offered annually.

Pre-requisites: Admission to the major or consent of instructor

CLASS FORMAT

The course is an introduction to fundamental lighting design principles, methods and their application in the field of interior design. During the semester we will explore creative use of daylighting and electrical lighting in various functions of interior space. Development of technical skills will also be an important component of the course.

Participation and collaboration are essential. The major aspect of any design endeavor is the ability to present your own work in an articulate and coherent manner, both verbally and visually. To that end, the exchange of ideas and feedback from your peers will be invaluable to your development, as well as help you develop your critical thinking.

Projects will be worked on in/outside of class time, during which we will have private or group critiques. Projects require your ability in both physical and digital model-building. You will be required to bring lecture notebook every class and be prepared to research, model-building, conduct technical drawing.

COURSE LEARNING OUTCOMES

students should be able to:

- Understand and apply lighting design vocabulary, concepts & principles to Interior design [CIDA standard 10, 11, 12] [PO 2,3,4]
- Comprehend and understand basic Reflected Ceiling Plan (RCP) and technical symbols [CIDA standard 9,15] [PO 1, 2,3,5]
- Develop a wide variety of luminaires application to enhance the quality of Interior space [CIDA standard 7, 13, 14, 16] [PO 2, 4]
- Demonstrate critical thinking/analytical skills for integrating daylighting, electrical lighting and sustainable design practice [CIDA standards 8, 10] [PO 2,3]

EVALUATION CRITERIA

- quality and creativity of lighting design work
- thoroughness and craft in presentation
- technical proficiency
- contribution of ideas and engagement in class
- ability to collaborate effectively and respectfully with others
- willingness to experiment and to challenge yourself
- rigor ; - professional demeanor

Each individual has his/her own voice which makes them unique. Imitation or conformity will compromise both your grade, and your individuality. Value is placed on originality, conviction, and autonomous thought. That said however, you are encouraged to work with others as much as possible and share ideas as we have both individual and group projects. This process will help to strengthen your work far more than by keeping your ideas to yourself.

This is a demanding and challenging course, and participation implies 100% commitment. Should you have to miss a class, please inform me in advance when possible. You will be responsible to make up the work. All projects must be complete and submitted **on time**, unless otherwise arranged. Any work not submitted on time or that is incomplete will result in 0.1 point subtracted from your overall project grade GPA (e.g., a 3.0 overall GPA will be lowered to 2.9). Any unexcused late submissions will be marked down by one letter grade.

GRADING

Your final grade will be weighted as follows:

Project #1	20%	} = 100%
Project #2	40%	
Exercises	30%	
Participation	10%

EID PROGRAM OUTCOMES

1) Professionalism – understand, apply and participate in ethical design practices on a personal, project, peer and industry-wide level. (CIDA 5, 6, 9)

2) Process – ability to identify problems/challenges and demonstrate an understanding of the complete design process from conception to installation, execute documentation supporting design decisions and effect comprehensive, creative, and functional design solutions. (CIDA 4, 5, 7, 8, 9, 11, 13, 14, 15, 16)

3) Principles & Priorities – integration of pedagogy, research, historic contexts, theory, and interdisciplinary collaboration to effectively and creatively analyze, evaluate and execute best design practices resulting in functional and aesthetically inspiring design. (CIDA 8, 9, 10, 11, 12, 13)

4) Public & Environmental Protection – demonstrate an understanding of the concepts, resources and implications of design decisions relative to the human interaction, technological impact and ecological balance of the built environment. (CIDA 4, 7, 12, 13, 14, 15, 16)

5) Presentation – demonstrate ability to communicate design concepts and problem solving justifications through written, oral and a variety of visual media. (CIDA 6, 9)

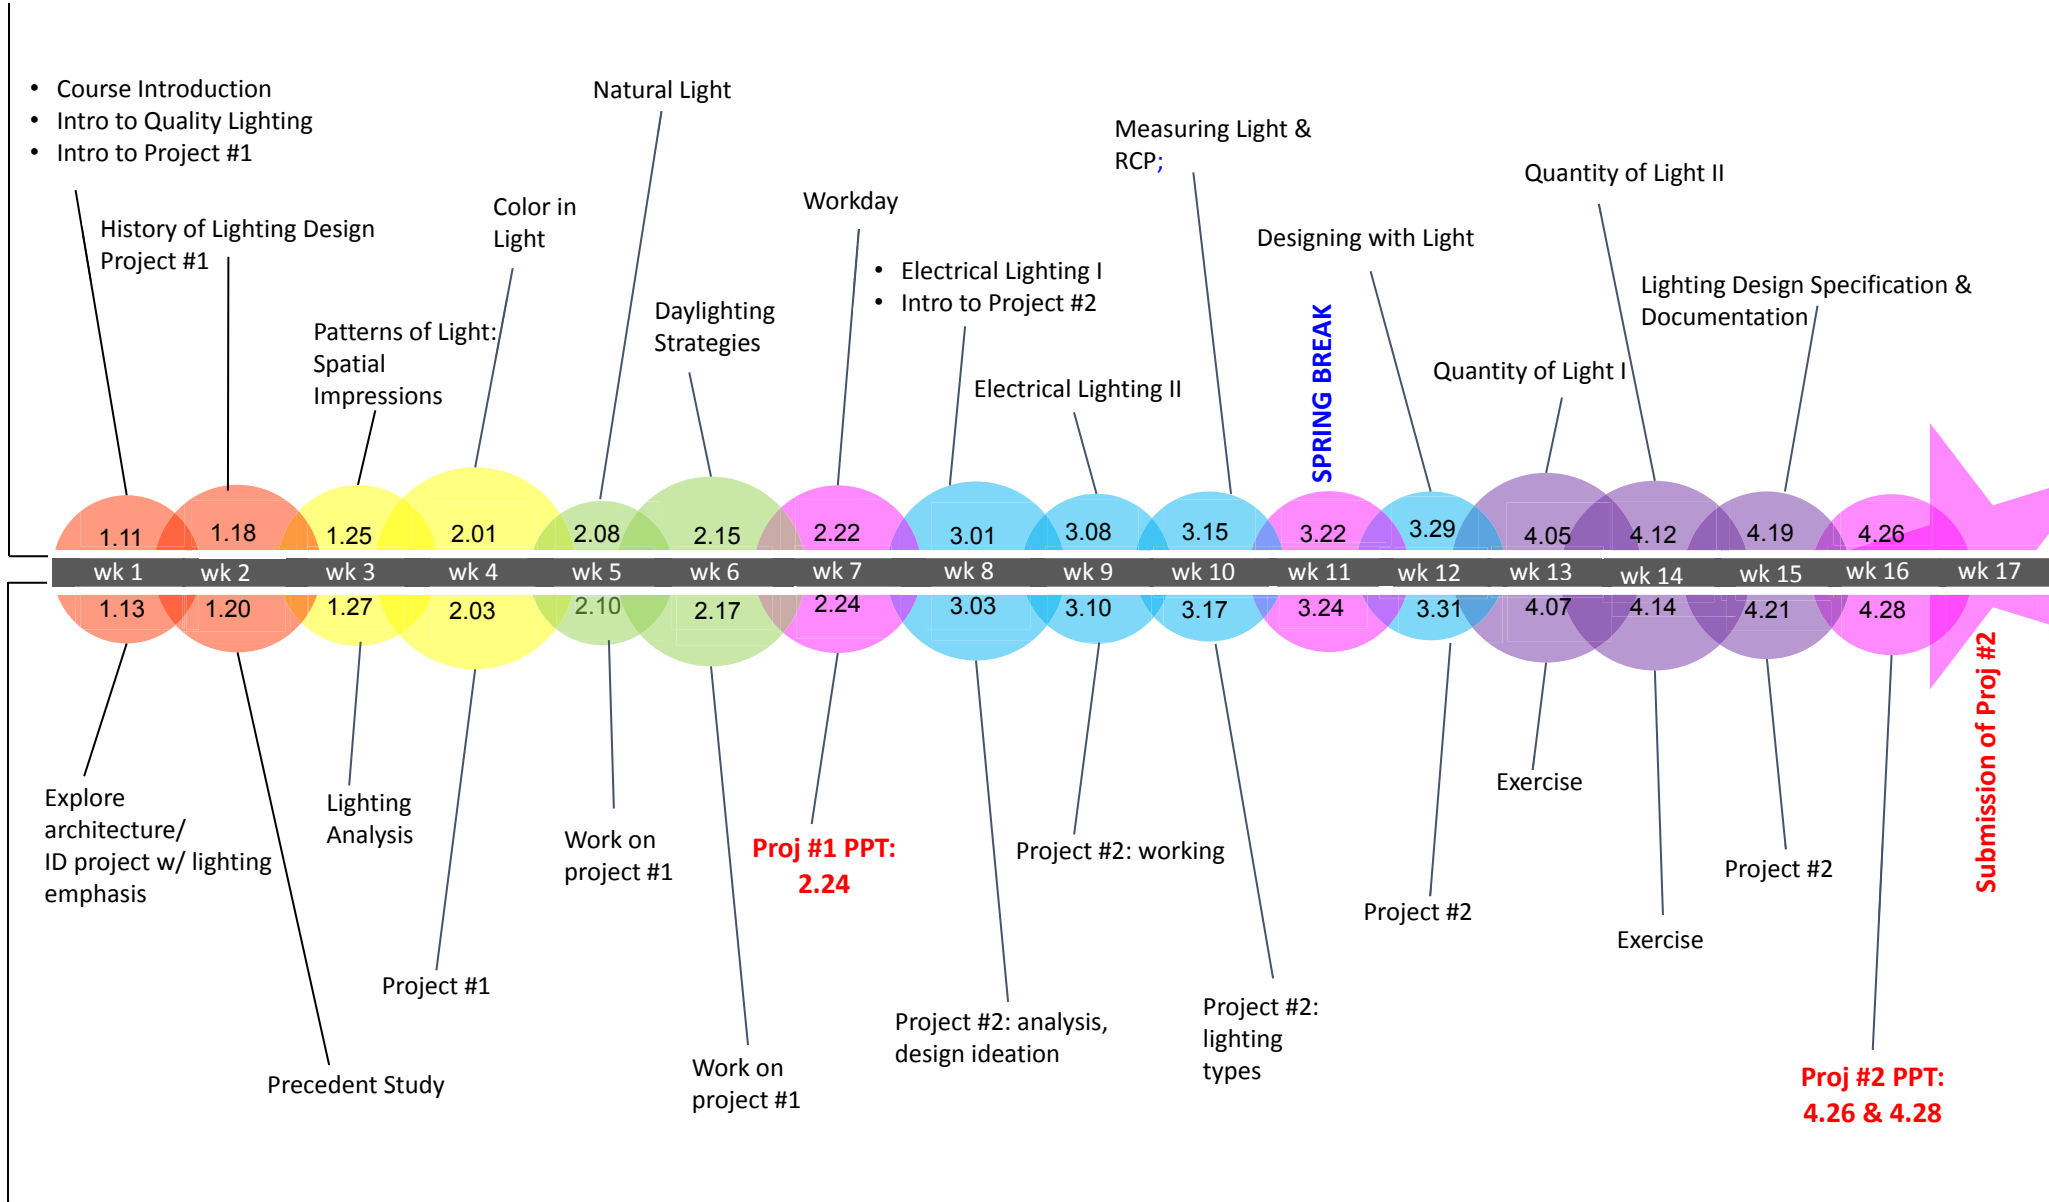

REQUIRED MATERIALS

- all materials from EID 200 and 202 courses
- personal design book
- instructor will ask you to bring certain materials based on specific learning content each week.

EID 325 Designer's Task

Connection to the Characteristics of a Marianist Education

The following are characteristics of the approach to education engaged at Marianist schools, including Chaminade University:

- Educate for formation in faith:
 - Trust in yourself and your instructor to do a good job in your best ability.
- Provide an integral quality education
 - Interactive learning between students and an instructor and students and students is a key for the success of digesting the information.
 - Proactive attitude towards learning is important.
- Educate in family spirit
 - Success can be achieved by harnessing everyone's growth together
- Educate for service, justice and peace
 - Be mindful of how your design may impact users, occupants and the environment
- Educate for adaptation and change
 - As people grow and change, the space needs to respond to the changes of people, environment and the society.

Academic Conduct Policy

From the 2019-2020 Undergraduate Academic Catalog (p. 39):

Any community must have a set of rules and standards of conduct by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website.

For further information, please refer to the [Student Handbook](#).

Disability Access

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from Kōkua ‘Ike: Center for Student Learning by the end of week three of the class, in order for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should contact the Kōkua ‘Ike Coordinator at (808) 739-8305 for further information (ada@chaminade.edu).

Title IX Compliance

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or the Office for Compliance and Personnel Services.

Counseling Center

Chaminade University of Honolulu recognizes that students are facing many more challenges with daily stresses related and unrelated to the impact of COVID-19. The Counseling Center is happy to assist with any counseling-related consultations. Contact info: counselingcenter@chaminade.edu or call us directly at (808) 735-4845.

COVID Information

For the latest information on our COVID protocols, please visit:

<https://chaminade.edu/coronavirus/>

For any questions, please email or call Jessica Garlock at jessica.garlock@chaminade.edu/808-726-9080.

Effective January 3, 2022, consistent with the updated CDC Guidelines, the following protocols are being followed by the University:

EXPOSURE

*Exposure protocol for people who have received a vaccine AND a booster:
You do not need to be quarantined, but you should wear a well-fitting mask (surgical or KN95 or N95) for 10 days after exposure. It is recommended that you get a test 5 days after exposure.*

*Exposure protocol for people who have received a vaccine but NO booster:
Quarantine for 5 days, followed by strict mask use for another 5 days. It is recommended that you get a test 5 days after exposure.*

*Exposure protocol for people who are NOT vaccinated:
Quarantine for 5 days, followed by strict mask use for another 5 days. It is recommended that you get tested 5 days after exposure.*

For all: If you develop symptoms after your exposure, STAY HOME and get tested ASAP.

Symptoms include: fever, runny nose, sore throat, cough, loss of taste and smell, difficulty breathing, etc. If it feels like you have a cold, you should assume that it is COVID-19 and isolate.

TESTING POSITIVE FOR COVID-19

Isolation protocol for all:

Please email or call Jessica Garlock at jessica.garlock@chaminade.edu/808-726-9080.

You will need to isolate for 5 days, followed by 5 days of strict mask use. If you develop ANY symptoms during those 10 days, you will need to isolate until those symptoms are fully resolved. Anyone who has tested positive for COVID-19 will need a doctor's note to return to school/work.

As the pandemic evolves, the CDC may update their guidance. Please refer to the University's COVID 19 [webpage](#) for updated information.

Attendance Policy

The following attendance policy is from the 2019-2020 Academic Catalog (p. 57-58). Faculty members should also check with their divisions for division-specific guidelines.

Students are expected to attend regularly all courses for which they are registered. Students should notify their instructors when illness or other extenuating circumstances prevent them from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address or calling the instructor's campus extension. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.

- Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course.
- Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, although the instructor is not required to withdraw students in that scenario. Repeated absences put students at risk of failing grades.

PROFESSIONAL CODE OF CONDUCT

Students of Chaminade University's Environmental + Interior Design Program (CUH-EID) are expected to maintain professional standards of behavior during their tenure here. As guidelines, CUH-EID has adopted the following protocols: (some terms are particular to current situations for health and safety.)

CLASSROOM BEHAVIOR

- For the safety and health of everyone in the class, you MUST wear a facemask/covering at all times during the class session (no pulling up your shirt or covering your face with a scarf as an immediate cover-up). You may NOT enter the classroom without a facemask/covering.
- Maintain 6 feet physical distance from one another at all times during the class session.
- Cell phone use in class (calls, texting, emailing) is prohibited; cell phone ringers must be turned off at all times except in case of emergency. If making a call is absolutely necessary, then please step outside the classroom to do so.
- When class is in session, you are expected to show courtesy to your instructor as well as to other students. If your behavior is deemed disruptive, you will be asked to leave the class and consequently receive an unexcused absence for that day.
- All assigned work should be completed by the beginning of the class period for which it is to be presented or submitted. Working on homework, presentations, etc. while an instructor or guest speaker is lecturing, or while students are presenting in class, is disrespectful and will NOT be tolerated.

NETIQUETTE

When we are in online session:

- Choose a quiet workspace that is suitable for the online classroom.
- Mute your audio when you are not talking or typing. Only turn it on if you are asked to speak.
- Be on time! for your online class times. Make sure to be in a waiting room 5 minutes prior to the class starting time.

- Participation in online discussion is a major component of the course. The purpose of these discussions is not simple checking-ins or liking/disliking what your fellow classmates are doing. The discussion boards are the spaces where you can help each other to improve the understanding of learning content and information. Be constructive and respectful of the feedback you provide for your fellow classmates.
- Response due dates will be indicated in each discussion board. A rubric will be provided for you to check if essential information is addressed in each discussion assignment.

CLASS ATTENDANCE & ASSIGNMENTS

- Three unexcused absences during the course of the semester will result in one letter grade demotion for the course (i.e. if your grade is "B," it can be demoted to "C"). Similarly, six unexcused tardiness will result in one letter grade demotion for the course.
- Failure to attend presentations or exams, without informing the instructor in advance, will result in an F for the exam/project; failure to attend a final presentation, final exam or final project submission without informing the instructor in advance will result in an F for the course.
- Students should always inform the instructor in 2 days advance (in writing or by email) of any anticipated absences, tardiness, or irregular/unanticipated scheduling conflicts (e.g., jury duty, team sport commitment, etc.) Do not schedule medical or personal appointments during scheduled class time.
- Assignments from a missed class must be made up by the next class meeting unless an extension has been arranged with the instructor. Do not expect an instructor to repeat a lecture for you; students must arrange with a fellow student to pick up class materials, lecture notes, homework assignments, exercises, etc.
- Assignments handed in late will not be accepted unless arranged in advance with the instructor; 5 points will be deducted from the total number of points for each day the assignment is late beyond the prescribed due date.
- If you have any questions or concerns, please contact me via email. I will respond to your email within a day or two. You will receive feedback on your assignments, projects, and exams within one week of submission. I will not be checking the work emails during the weekends starting from 5 pm on Fridays, so please do not expect any email

responses during the weekends.

USE OF FACILITIES

- Only beverages in sealed containers are allowed in the EID assigned studios/classrooms; in rooms with computers, beverages must be kept on the floor, away from the computer equipment and outlets. Hydration is very important during class. You may step out of the classroom if you need to drink water from your container.
- NO Meals (snacks, fruits, any food) allowed in the studio/classroom. Meals should be taken in the EID Student Resource Center.
- Wipe your work area before & after yourselves in CAD studios, classrooms, the materials library, the kitchen area, the resource center, and the print room.
- Any damage to workstations or equipment will be charged to the student; if the person cannot be readily determined, the class(es) using the studio/classroom will bear the expense of the repairs collectively.

PERSONAL STANDARDS

- Students should dress in a professional manner when attending any public functions on behalf of the school, on field trips/site visits, or when guests visit the class. You are representing the EID Program, Chaminade University, and most importantly, yourself to your future constituents: employers, colleagues, contractors, clients, etc.
- Students must be prepared with all materials required for the class; the inability to work during the class will result in an unexcused absence for the day.
- Cheating on any exam, exercises, or assignments will result in automatic failure of the course.

I have read, understand, and agree to the terms of CUH- EID Professional Code of Conduct.
