Course Description

Study of the techniques used in the preparation of presentations for interior design and architectural projects. Perspective drawing, photo editing and digital modeling techniques will be introduced and utilized with an emphasis on the illustration of three-dimensional space. Conventional sketching skills are explored using various media: graphite, ink, colored pencil and marker. Digital illustration techniques are presented employing an integrated approach, using software such as SketchUp™, Photoshop™ and Autocad™ together to seamlessly create and assemble 3D perspective drawings and completed presentations. Graphic layout and the physical assembly of presentation boards will also be examined.

Course Content

Lectures & Demonstrations | Exercises | Assignments | Project

Class Format

At the beginning of each week, the class will begin with a lecture introducing illustration techniques, followed by exercises and assignments. All drawings will be done both in class and outside of class. Each completed drawing should be finished on the assigned submission date. All the exercises and assignments will help you to build illustration skills both physically and digitally.

This course will contain some hybrid class format which means we will have class meetings physically and digitally depending on the characteristics of learning contents. You will have access to all the lectures and instruction videos on Canvas which are linked to our course-specific Google folder. We will always start our class by checking the [course map](#) to understand where we are in the journey of this course.

Our design studios (Eiben 104 and 108) are equipped with the drafting table and computers. However, you may work on your own work table with T-square (or drafting table) at home or your own laptop which allows you to work independently outside of class time.

Code of Conduct

Academic Conduct Policy

From the 2021-2022 Undergraduate Academic Catalog (p. 39):

Any community must have a set of rules and standards of conduct by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website.

For further information, please refer to the [Student Handbook](#).

Disability Access

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from Kōkua 'Ike: Center for Student Learning by the end of week three of the class, in order for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should

contact the Kōkua 'Ike Coordinator at (808) 739-8305 for further information (ada@chaminade.edu).

Attendance Policy

The following attendance policy is from the 2021-2022 Academic Catalog (p. 57-58). Faculty members should also check with their divisions for division-specific guidelines.

Students are expected to attend regularly all courses for which they are registered. Students should notify their instructors when illness or other extenuating circumstances prevent them

from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address or calling the instructor's campus extension. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.

- Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course.
- Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, although the instructor is not required to withdraw students in that scenario. Repeated absences put students at risk of failing grades.

PROFESSIONAL CODE OF CONDUCT

Students of Chaminade University's Environmental + Interior Design Program (CUH-EID) are expected to maintain professional standards of behavior during their tenure here. As guidelines, CUH-EID has adopted the following protocols: (some terms are particular to current situations for health and safety.)

CLASSROOM BEHAVIOR

- Wearing a facemask/covering is voluntary during the class session. If you don't feel well or you are ill, please stay at home and get well first.
- Cell phone use in class (calls, texting, emailing) is prohibited; cell phone ringers must be turned off at all times except in case of emergency. If making a call is absolutely necessary, then please step outside the classroom to do so.
- When class is in session, you are expected to show courtesy to your instructor as well as to other students. If your behavior is deemed disruptive, you will be asked to leave the class and consequently receive an unexcused absence for that day.
- All assigned work should be completed by the beginning of the class period for which it is to be presented or submitted. Working on homework, presentations, etc. while an instructor or guest speaker is lecturing, or while students are presenting in class, is disrespectful and will NOT be tolerated.

CLASS ATTENDANCE & ASSIGNMENTS

- Three unexcused absences during the course of the semester will result in one letter grade demotion for the course (i.e. if your grade is "B," it can be demoted to "C"). Similarly, six

unexcused tardiness will result in one letter grade demotion for the course.

- Failure to attend presentations or exams, without informing the instructor in advance, will result in an F for the exam/project; failure to attend a final presentation, final exam or final project submission without informing the instructor in advance will result in an F for the course.
- Students should always inform the instructor in 2 days advance (in writing or by email) of any anticipated absences, tardiness, or irregular/unanticipated scheduling conflicts (e.g., jury duty, team sport commitment, etc.) Do not schedule medical or personal appointments during scheduled class time.
- Assignments from a missed class must be made up by the next class meeting unless an extension has been arranged with the instructor. Do not expect an instructor to repeat a lecture for you; students must arrange with a fellow student to pick up class materials, lecture notes, homework assignments, exercises, etc.
- Assignments handed in late will not be accepted unless arranged in advance with the instructor; 5 points will be deducted from the total number of points for each day the assignment is late beyond the prescribed due date.
- If you have any questions or concerns, please contact me via email. I will respond to your email within a day or two. You will receive feedback on your assignments, projects, and exams within one week of submission. I will not be checking the work emails during the weekends starting from 5 pm on Fridays, so please do not expect any email responses during the weekends.

USE OF FACILITIES

- Only beverages in sealed containers are allowed in the EID assigned studios/classrooms; in rooms with computers, beverages must be kept on the floor, away from the computer equipment and outlets. Hydration is very important during class. You may step out of the classroom if you need to drink water from your container.
- NO Meals (snacks, fruits, any food) allowed in the studio/classroom.
- Clean up your work area before & after yourselves in digital studios, classrooms, the materials library, the kitchen area, the resource center, and the print room.
- Any damage to workstations or equipment will be charged to the student; if the person cannot be readily determined, the class(es) using the studio/classroom will bear the expense of the repairs collectively.

PERSONAL STANDARDS

- Students should dress in a professional manner when attending any public functions on behalf of the school, on field trips/site visits, or when guests visit the class. You are

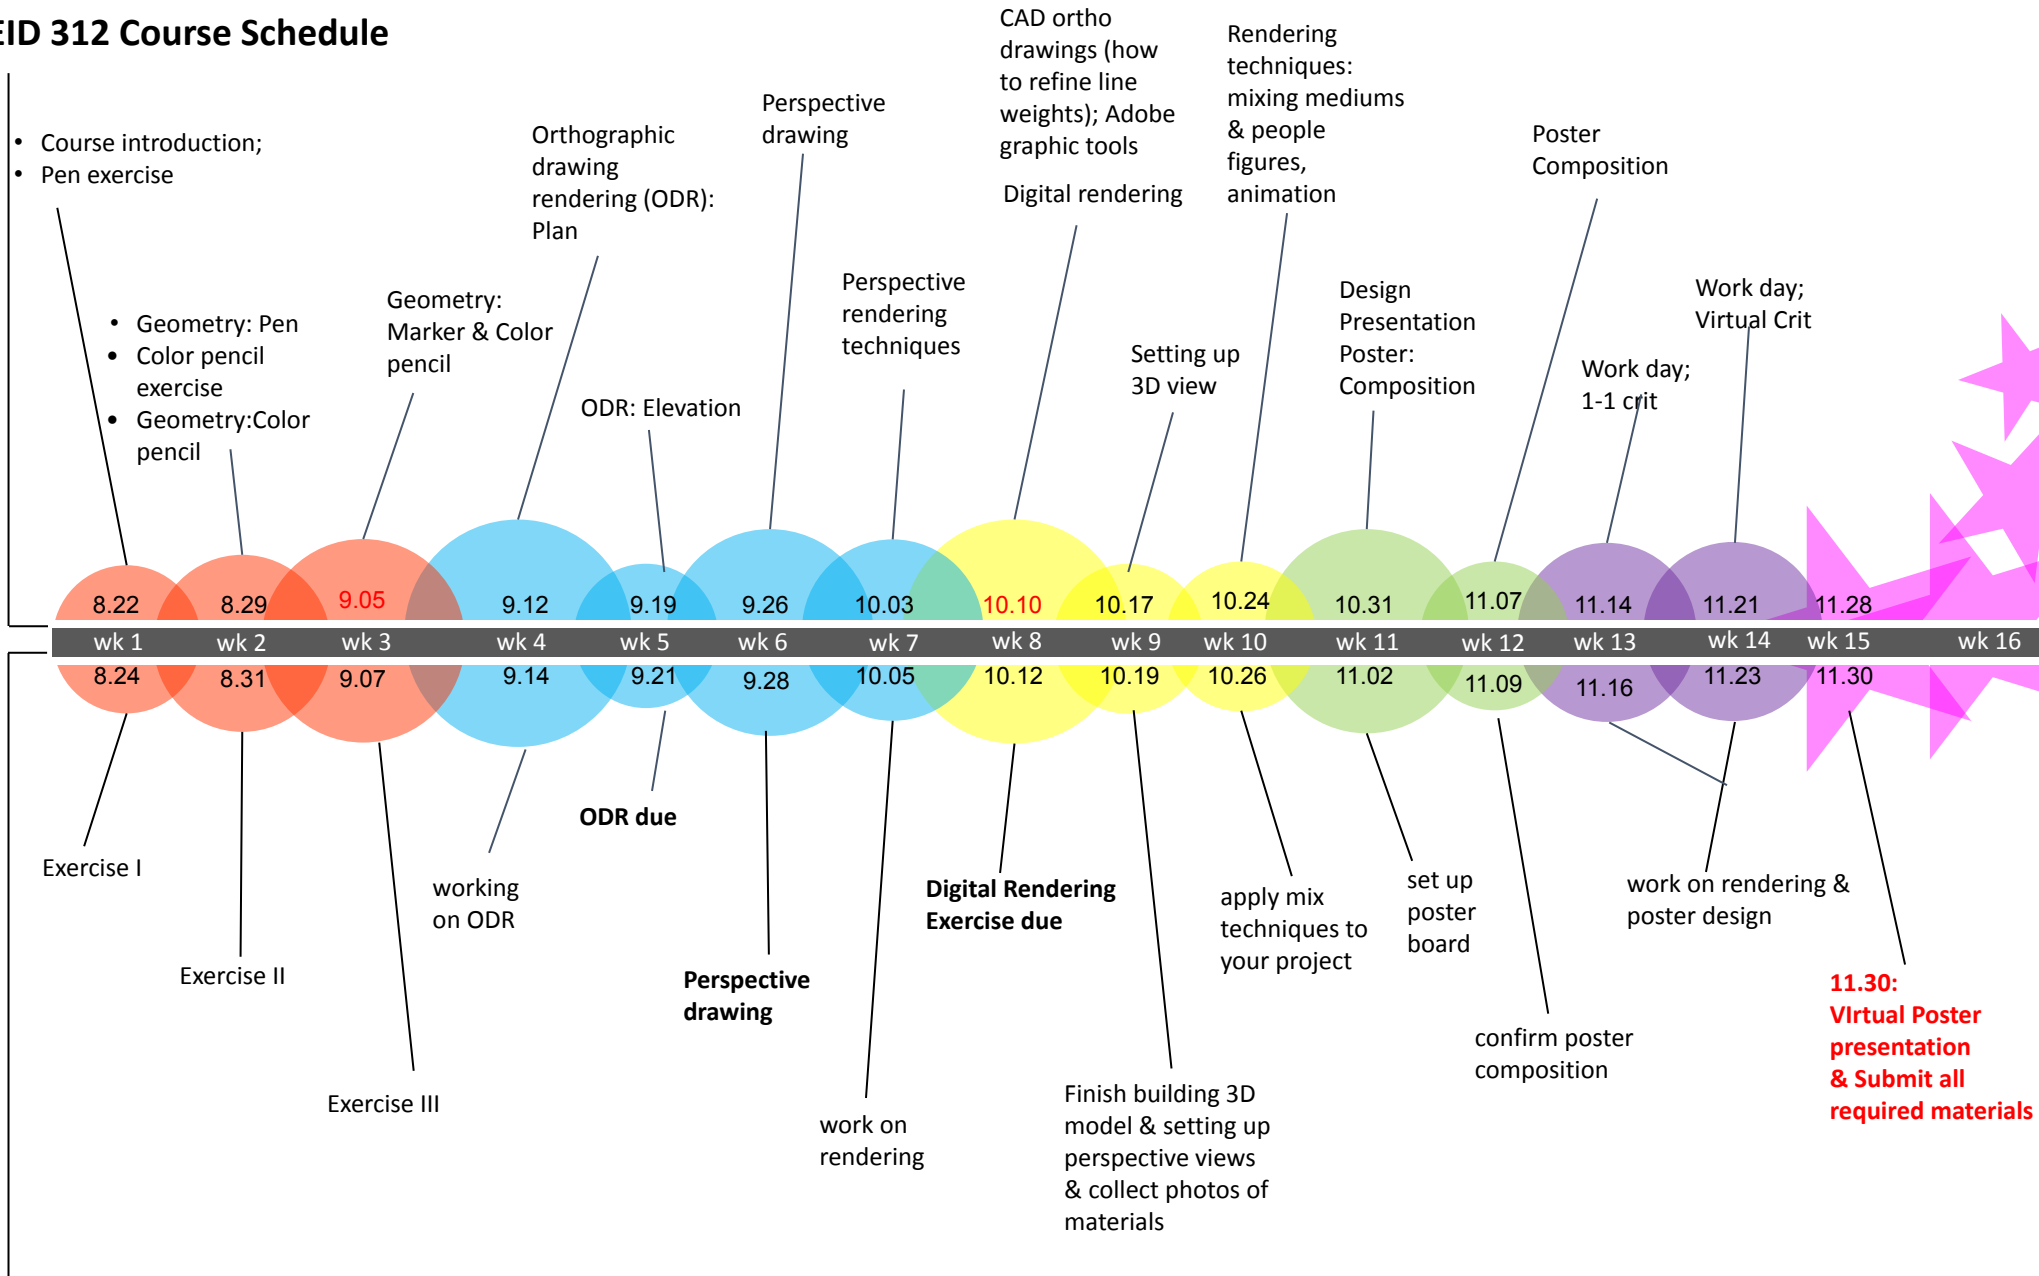

representing the EID Program, Chaminade University, and most importantly, yourself to your future constituents: employers, colleagues, contractors, clients, etc.

- Students must be prepared with all materials required for the class; the inability to work during the class will result in an unexcused absence for the day.
- Cheating on any exam, exercises, or assignments will result in automatic failure of the course.

I have read, understand, and agree to the terms of the syllabus, course map, and Code of Conduct.
