BU-469-01-1 Business Strategy Capstone

DARE TO LEARN. DARE TO CHANGE.

“The future is no longer stable; it has become moving target. No single “right” projection can be deducted from the past behavior. The better approach, I believe, is to accept uncertainty, try to understand it, and make it part of our reasoning. Uncertainty today is not just occasional, temporary deviation from a reasonable predictability; it is a basic structural feature of the business environment.”¹

4. COURSE DESCRIPTION AND OVERVIEW

PHILOSOPHY BEHIND THE BUSINESS STRATEGY COURSE

Student will learn new strategy formulation, implementation, and evaluation concepts and techniques. Student will use this new knowledge, coupled with knowledge acquired from other courses to map the future direction of the organization.

Every decision in business relies on predictions with varying degrees of certainty taking under consideration that uncertainty cannot simply be analyzed out of existence. Student will analyze organizations in different areas, make objective strategic decisions for companies, and justify those decisions through written communication in the form of a business strategy document. Student recommends strategies for the selected organization and specifies how those strategies could be best implemented.

Student will analyze:

- a) organization performance in industries that organization business resides
- b) make objective strategic decisions for companies, and
- c) justify those decisions through written communication

Student recommends strategies for the organizations studied and specifies how those strategies could best be implemented. Student is challenged to uncover external opportunities/threats factors and major strength/weaknesses as internal factors. These influence the decision-making process. Student will also identify various levels of risk.

The External Factor Evaluation (EFE) Matrix provides an empirical assessment of how well an organization is managing external factors overall, including organization's effectiveness at capitalizing on opportunities and minimizing threats.

The Internal Factor Evaluation (IFE) Matrix evaluates organization's major strength and weaknesses in the functional areas of business and provides a basis for identifying and evaluating relationships among those areas.

10. ASSESSMENT AND GRADING

Letter grades are given in all courses except those conducted on a credit/no credit basis. Grades are calculated from the student’s assignments. Learning is a never-ending process. We learn every day by observing, solving problems, making mistakes, and not to repeat them again. Student responsibility is discovering their own style of learning. Educators’ responsibility is to create a learning environment that the student can discover, learn, apply, and flourish.

GRADING YOUR ACCOMPLISHMENTS:	GRADE SCALE:
Assignments: quizzes, tests, videos, business cases, simulations, exams. Deliverable: “Strategic Management Case Analysis of the selected organization.” Attendance & class participation Priceless	A = 90% – 100% B = 80% – 89% C = 70% – 79% Final grade is calculated by a model as weighted average of assignments, deliverable, attendance, and class participation.

Note: I do not deduct points if student submit assignments within two weeks of assignment date. Student has to inform me that assigned date cannot be met for a reason (what is the reason) and student would like to secure a new agreed date.

Letter grades are given in all courses except those conducted on a credit/no credit basis. Grades are calculated from the student’s assignments, class participation, quizzes, tests, term papers, reports, and exams. They are interpreted as follows:

- A → Outstanding scholarship and an unusual degree of intellectual initiative

- C → Average grade indicating a competent grasp of subject matter
- D → Inferior work of the lowest passing grade, not satisfactory for fulfillment of prerequisite course work
- F → Failed to grasp the minimum subject matter; no credit given
- W → Withdrawal before published deadline
- I → The issuance of an “I” grade is not automatic. At the discretion of the faculty member, a grade of “I” may be assigned to a student who has successfully completed with at least a passing

IP → In progress; primarily used for thesis completion or practicum completion

AU → Audit

Student Conduct

Undergraduate Catalog, 2019-2020 Academic Year, page 39

Any community must have a set of rules and standards of conduct by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the

SYLLABUS

community standards are managed through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's authority from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website.

Student Health

In the overall scope of student development, health care is a vital element for physical development and well-being. Because Chaminade University does not have a health center on campus, we offer free alternative means of transportation for residence students to and from several local public clinics and area hospitals.

Please visit <https://studentaffairs.chaminade.edu/counseling-center/health-services/> for more information. Chaminade supports health requirements that complement the goals of maintaining a healthy, safe campus. These requirements are based upon laws of the State of Hawaii and therefore are strictly enforced. Failure to comply will result in being prohibited from registering for classes and/or moving into residence halls. For more information, see page 39 and following pages.

Academic Grievance

Concerns of Academic Issues Questions regarding the conduct of a course, including grading, should be directed to the instructor of the course. If the issue cannot be resolved in discussion with the instructor, the student should invoke the additional steps outlined below.

The following three items of an academic nature have specific procedures to address concerns:

1. Course content that veers significantly and substantively from the content and requirements as set forth in a course syllabus
2. Demonstrably arbitrary/unfair evaluation of student produced coursework
3. Accusations of plagiarism or other forms of academic dishonesty.

Page #53 and following pages

SYLLABUS

Academic Honesty

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the world. Violations of the principle of academic honesty are extremely serious and will not be tolerated.

Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a university official. Academic dishonesty may include theft of records or examinations, alteration of grades, and plagiarism, in addition to more obvious dishonesty.

Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Dean of the Academic Division. Punishment for academic dishonesty will be determined by the instructor and the Dean of Academic Division and may include an “F” grade for the work in question, an “F” grade for the course, suspension, or dismissal from the University.

Accusations of Plagiarism or Other Forms of Academic Dishonesty

Plagiarism is the offering of work of another as one’s own. Plagiarism is a serious offense and may include, but is not limited to, the following:

1. Complete or partial copying directly from a published or unpublished source without proper acknowledgement to the author. Minor changes in wording or syntax are not sufficient to avoid charges of plagiarism. Proper acknowledgement of the source of a text is always mandatory.
2. Paraphrasing the work of another without proper author acknowledgement.
3. Submitting as one’s own original work, however freely given or purchased, the original exam, research paper, manuscript, report, computer file, or other assignment that has been prepared by another individual.

In the cases of alleged academic dishonesty, such as plagiarism, cheating, claiming work not done by the student, or lying, where a faculty member observes or discovers the dishonesty, the faculty members may choose to confront the student and handle the matter between the faculty member and the student, or the faculty member may choose to refer the incident to the Dean or Graduate Program Director. If the Dean or Graduate Program Director is the instructor in question, the concern should be directed to the provost. If the Provost is the instructor in question, the concern should be directed to the President. If the faculty member chooses to confront the situation and it is not satisfactorily resolved between the faculty member and the student, the matter may then be referred or appealed to the Dean or Director.

In either case, the Dean or Graduate Program Director may choose to resolve the matter through a meeting with both the student and the faculty member or refer the matter to the provost. The findings, in either case, are final.

If a student would like to determine if they meet the criteria for accommodations, they should contact the Counseling Center at (808) 735-4845 or email counselingcenter@chaminade.edu for further information.

Attendance Policy

Class begins on time. **Unexcused absence** is unacceptable. **Chronic tardiness will be viewed as absence from class.** Attendance is expected and essential for your progress in this class. The goal of the lecture and discussion is to provide the needed context to remove barriers to students understanding of the material.

The following attendance policy is from the 2018-2019 Academic Catalog (p. 57-58). Faculty members should also check with their divisions for division-specific guidelines.

Students are expected to regularly attend all courses for which they are registered. Student should notify their instructors when illness or other extenuating circumstances prevents them from attending class and plan to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address, calling the instructor's campus extension, or by leaving a message with the instructor's division office. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.

Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course. Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, *although the instructor is not required to withdraw students in that scenario.* Repeated absences put students at risk of failing grades.

Campus Security, Henry Hall Annex (808) 735 - 4792

If the instructor finds a student in violation of any of these provisions, or the policies outlines in the course syllabus, he or she may require the student to leave the classroom and may subsequently mark the student absent, which could eventually affect the student's final grade. Failure on the part of the student to honor the instructor's request to leave the classroom may result in removal of the student by the University security personnel and initiation of the University disciplinary process.
