

Course Syllabus

Course Number: DS 122

Course Title: Data Feminism

Department Name: Data Science

College/School/Division Name: School of Natural Sciences and Mathematics

Term: Spring 2023

Course Credits: 3

Class Meeting Days: Tuesdays and Thursdays

Class Meeting Hours: 8:30-9:50am

Class Location: Tredtin Hall, Room DSC

Instructor Name: Laura Tipton, PhD

Email: laura.tipton@chaminade.edu

Phone: 808-735-4842

Office Location: Tredtin DSC 3

Office Hours: MW 9-11am or by appointment

Instructor Website:

Other Professional Contact Information:

1. University Course Catalog Description

Data is generated and used all around us, but not always in equitable ways. With examples that range from health and law to city planning and product design, this course will cover some of the ways women and other minorities are ignored and excluded from data and decision making processes. Students will research and lead discussions about an issue that is important to them and ultimately design a campaign to raise awareness about the disparities.

2. Course Overview

In this course, we will pull examples of data discrimination and disparities from many different disciplines. Topics will vary each week by student interest and discussion material will include scholarly articles, movies, literature, and anything else deemed relevant. Based on one of the discussion topics, students will create infographic style posters to raise awareness of one issue in which women and/or other minorities are ignored or excluded from the data.

3. Program Learning Outcomes

Upon completing the B.S. degree program in Data Science Analytics and Visualization the student will demonstrate the following:

1. Source, describe and curate large data sets ('Big Data') that may not be amenable to traditional hardware and software, and conventional statistical analysis including domain and file specific metadata and the tools built around alternatives to tabular relations that allow the use of multimodal data;
2. Identify, describe and apply foundational mathematical and statistical concepts and operations, including the application of tools such as R, SQL and Python languages, that underlie data sourcing, management, analysis and interpretation;
3. Develop and implement approaches for effective data translation, dissemination and communication between domains, stakeholders and the public;
4. Identify and apply basic data modeling, predictive models and visualizations to support decision-making;
5. Integrate an awareness of ethical issues and collective standards to positively influence the application of data science to service, justice and peace in working towards solutions for societal problems;
6. Explain, plan and execute data science tasks within multidisciplinary teams;
7. Execute a domain-specific capstone project addressing a stakeholder-generated use case.

3A. General Education Learning Outcome

Education for Adaptation and Change: Students will evaluate the ways in which adaptation and change are essential to understanding the past, analyzing the present, and applying critical thinking to meet future challenges and needs.

4. Course Learning Outcomes and Linkage to Program Learning Outcomes

At the conclusion of DS 122, students will:

Course Learning Outcomes	PLO 1	PLO 2	PLO 3	PLO 4	PLO 5	PLO 6	PLO 7	GEL O
1. Identify and describe biases in data that are used for decision making					X			X
2. Communicate data-based findings to the general public			X					

5. Course Prerequisites

None

6. Required Learning Materials

All materials will be provided on Canvas as needed.

6.1 Recommend Materials

1. [Data Feminism](https://data-feminism.mitpress.mit.edu/) by Catherine D'Ignazio and Lauren Klein available online here: <https://data-feminism.mitpress.mit.edu/>
2. [Invisible Women: Exposing Data Bias in a World Designed for Men](#) by Caroline Criado Perez

7. Course Website:

8. Technical Assistance for Canvas Users:

Search for help on specific topics at help.instructure.com. [Chat live with Canvas Support 24/7/365](#). Watch this [video to get you started](#) with online guides and tutorials. Contact the Chaminade IT Helpdesk for technical issues: helpdesk@chaminade.edu, or call (808) 735-4855

9. Assessment.

Communication/Participation	70 points
Final Project	20 points
Reflection Paper	10 points

Total	100 points
--------------	-------------------

Grading will be based on student points earned from active communication and participation in class discussions, a final infographic project, and a short reflection paper.

10. Grading Scale

Letter grades are given in all courses except those conducted on a credit/no credit basis. They are interpreted as follows:

- A 90-100% 90 points or more: Outstanding scholarship and an unusual degree of intellectual initiative
- B 80-89% 80-89 points: Superior work done in a consistent and intellectual manner
- C 70-79% 70-79 points: Average grade indicating a competent grasp of subject matter
- D 60-69% 60-69 points: Inferior work of the lowest passing grade, not satisfactory for fulfillment of prerequisite course work.
- F <60% 59 points or less: Failed to grasp the minimum subject matter; no credit given

11. Course Schedule

Week	Date	Lesson/Topic*	Assignment (in addition to the readings)	Holidays
1	1/10-12	<ul style="list-style-type: none"> ● Introduce syllabus ● Everyone introduces themselves ● What do we mean by data feminism? 	Google Image search analysis	
2	1/17-19	<ul style="list-style-type: none"> ● Intersectionality and feminism <ul style="list-style-type: none"> ○ Read Ain't I A Woman? 	Select topic to lead discussion	
3	1/24-26	<ul style="list-style-type: none"> ● Women in science/tech <ul style="list-style-type: none"> ○ Watch Picture a Scientist 		
4	1/31-2/2	<ul style="list-style-type: none"> ● Product Design ● Logistics 		2/1: National Girls & Women in Sports Day 2/3: National Wear Red Day (National

				Women's Heart Health Day)
5	2/7-9	<ul style="list-style-type: none"> ● Women in Education ● Disaster Management 		2/6: International Day of Zero Tolerance for Female Genital Mutilation 2/11: International Day of Women and Girls in Science
6	2/14-16	<ul style="list-style-type: none"> ● Women in STEM 		2/14: 102nd Anniversary of League of Women Voters
7	2/21-23	<ul style="list-style-type: none"> ● Maternal & Fetal Medicine ● Women in Elementary Education 		2/19: National Vet Girls Rise Day
8	2/28-3/2	<ul style="list-style-type: none"> ● Mental Health ● Women as Mechanics 	Reflection paper due	March is National Women's History Month
9	3/7-9	<ul style="list-style-type: none"> ● Women in Aviation ● Women in Sports 		3/6-12: Women of Aviation Week 3/8: International Women's Day 3/10: International Day of Women Judges
10	3/14-16	<ul style="list-style-type: none"> ● Women in Sports ● Male Nurses 		3/15: Equal Pay Day (for white women)
11	3/21-23	<ul style="list-style-type: none"> ● Spring Break, no classes 		3/23: Introduce a Girl to Engineering Day
12	3/28-30	<ul style="list-style-type: none"> ● Women in Sports ● Women's place in the patriarchy 		3/27: Girls in ICT Day
13	4/4-6	<ul style="list-style-type: none"> ● Evolution of Feminism and laws ● Women in Gaming 		April is Cesarean Awareness month
14	4/11-13	<ul style="list-style-type: none"> ● Women in Special Forces ● Anime 		

15	4/18-20	<ul style="list-style-type: none"> ● Women in the Military ● Women in Hawaiian History 		
16	4/25-27	<ul style="list-style-type: none"> ● Actions and hope ● Infographic Presentations 	Final project due	
17	5/2-4	<ul style="list-style-type: none"> ● Exams - no class 		

*Topics after week 3 represent sample topics but will change as students sign up to lead discussions. Depending on enrollment and topics selected there may be one or two topics discussed each week.

This schedule is meant as a guideline and will change in response to students' interests and subject to additional changes at the instructors' discretion. The student will be notified of any significant deviations from this schedule.

12. Alignment of Natural Sciences Courses with Marianist and Hawaiian values of the University.

The School of Natural Sciences and Mathematics provides an *integral, quality education*: sophisticated integrative course content taught by experienced, dedicated, and well-educated instructors.

- *We educate in family spirit* – every classroom is an *Ohana* and you can expect to be respected yet challenged in an environment that is supportive, inclusively by instructors who take the time to personally get to know and care for you.
- *We educate for service, justice and peace*, since many of the most pressing global issues (climate change, health inequity, poverty, justice) are those which science and technology investigate, establish ethical parameters for, and offer solutions to.
- *We educate for adaptation and change*. In science and technology, the only constant is change. Data, techniques, technologies, questions, interpretations and ethical landscapes are constantly evolving, and we teach students to thrive on this dynamic uncertainty.

The study of science and technology can be formative, exploring human creativity and potential in the development of technologies and scientific solutions, the opportunity to engage in the stewardship of the natural world, and the opportunity to promote social justice. We provide opportunities to engage with the problems that face Hawai'i and the Pacific region through the Natural Sciences curriculum, in particular, those centered around severe challenges in health, poverty, environmental resilience, and erosion of traditional culture. The Marianist Educational Values relate to Native Hawaiian ideas of *mana*, *na'auao*, *ohana*, *aloha* and *aina*. We intend for our Natural Sciences programs to be culturally-sustaining, rooted in our Hawaiian place, and centered on core values of *Maiiau*, be neat, prepared, careful in all we do; *Makawalu*, demonstrate foresight and planning; *`Ai*, sustain mind and body; *Pa`a Na`au*, learn deeply.

13. Additional departmental and university policies

13.1. Late Work Policy

Requests for extensions due to extenuating circumstances (medical problems, for example) will be considered but in general work received after the deadline will not be graded. Computer problems are not an excuse for late work.

13.2. Grades of "Incomplete"

Students and instructors may negotiate an incomplete grade when there are specific justifying circumstances. An Incomplete Contract (available from the School Secretary and the Portal) must be completed. When submitting a grade the "I" will be accompanied by the alternative grade that will automatically be assigned after 90 days. These include IB, IC, ID, and IF. If only an "I" is submitted the default grade is F. The completion of the work, evaluation, and reporting of the final grade is due within 90 days after the end of the semester or term. This limit may not be extended.

13.4. Instructor and Student Communication

Questions for this course can be emailed to the instructors at laura.tipton@chaminade.edu. Online, in-person, and phone conferences can be arranged. Response time will take place within 3 days.

The University provides a Chaminade email address for all students. Official Chaminade communications will be sent to the students' Chaminade email address and instructors will use only this email to communicate with students. It is the responsibility of the student to check their email frequently. Report email-related problems to the Helpdesk at 808-735-4855 or helpdesk@chaminade.edu

13.5. Cell phones, tablets, and laptops

Music Devices and Cellular Phones: Unless specifically permitted by your instructor, use of music devices and cell phones is prohibited during all Natural Science and Mathematics classes, as it is discourteous and may lead to suspicion of academic misconduct. Students unable to comply will be asked to leave class. Out of consideration for your classmates, please set your cell phone to silent mode during class. Students are encouraged to bring laptops or tablets to class as the instructor will assign online activities and readings that will require the use of a laptop or tablet. Laptops and tablets should not be misused, such as checking distracting websites. Use your best judgment and respect your classmates and instructor.

13.6. Disability Access

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from the Counseling Center by the end of week three of the class, in order for instructors to plan accordingly. If a student would like to determine

if they meet the criteria for accommodations, they should contact the Kokua Ike Coordinator at (808) 739-8305 for further information (ada@chaminade.edu).

13.7. Title IX Compliance

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or the Office for Compliance and Personnel Services. Should you want to speak to a confidential source you may contact the following:

- Chaminade Counseling Center| 808 735-4845.
- Any priest serving as a sacramental confessor or any ordained religious leader serving in the sacred confidence role

13.8. Attendance Policy

If you are not feeling well, please do not come to campus! Please email Dr. Tipton to let her know that you will not be attending. All lectures will be posted online and participation in online components will be considered attendance. Repeated unexcused absences without email notification may lead to a grade reduction for the course.

13.9. Academic Conduct Policy

See the current Undergraduate Academic Catalog and the Student Handbook available from Student Affairs.

14. Dr. Tipton's policies

14.1 Inclusion Statement

I recognize that I cannot fully understand the lived experience of many minoritized individuals. However, I am dedicated to increasing excellence through inclusion. That includes recognizing as assets the different perspectives students and scholars from diverse backgrounds bring to the classroom and to science. It includes a drive to have the readings and examples used in the classroom be as inclusive and diverse as possible. Furthermore, it is an awareness that biases, both conscious and unconscious, exist in academia, science, and the world, and an aim to reduce the influence of those biases in my decisions and in those around me. Actions that seek to limit the potential of others or perpetuate biases or anti-inclusive sentimentality will not be tolerated.

14.2 Safe Space

This class, more than most in DS, has the potential to bring up sensitive topics. I encourage you to share as much as you are comfortable and aim to make you as comfortable as possible. To this end, misogynistic, offensive, and otherwise hurtful language will not be tolerated. A first offense will be asked to leave the room for the day. A second offense will be asked to leave the room for the day and result in a letter grade reduction in your final grade. A third offense will be asked to leave the class entirely and result in a failing grade for the class. If necessary, security will be called.

To the extent possible, I hope you will consider my office a safe, non-judgmental space; a place where you can bring your whole self and all your emotions. As stated above, I am obligated by law to report Title IX violations and any reports of abuse. Beyond that, I will do my best to listen, help, and direct you to campus and community resources when appropriate.

14.3 Syllabus Changes

This syllabus is a guide to the class and will be adhered to as much as possible; however, I reserve the right to make changes as I see fit, so long as they do not create an additional undue burden on the student.

14.4 Miscellaneous

Congratulations on reading all the way to the end of the syllabus. For an extra credit point, please email a picture of your favorite fruit to me.
