

CHAMINADE UNIVERSITY

PSY 780 – Special Topics: Sports Psychology

Spring Term Online

April 10 – June 19, 2023

**Instructor:** Dale R. Fryxell, Ph.D.  
**Office:** 110 Brogan Hall  
**Office Hours:** Thursdays 12 – 1:00, and by appointment  
**Telephone:** (808) 739-4678  
**Email:** dfryxell@chaminade.edu

**Text:** Williams, J. M. & Krane, V. (2021). Applied sports psychology (8th Edition) New York, NY: McGraw Hill, (ISBN 13: 9781260390957)

**Catalog Course Description:** Special topics in psychological counseling.

**Course Overview:** This course provides an in-depth view of the growing field of sports psychology. The course is designed for professions in the psychology and counseling fields who are interested in working with athletes, coaches and teams. Topics including motivation, team cohesion, and leadership will be covered as well as psychological interventions that can be utilized by coaches and players to improve performance.

**Student Learning Outcomes;**

Upon completion of this course, students will:

1. Describe the major principles, concepts, and theories in sports psychology.
2. Discuss the major research that has been conducted in the area of sports psychology.
3. Develop psychological interventions for athletes, coaches, and teams.
4. Identify ethical issues and considerations related to sports psychology.

**Course Requirements:**

Grades for the course will be assigned based on the quality of student work as demonstrated by successful completion of the following requirements:

1. Activities (13 @ 20 points each) = 260 points
2. Final Exam (1 @ 100 points each) = 100 points
3. Project (1 @ 100) = 100 points

Total Points = 460 points

1. **Activities** (13 @ 20 points each = 260 points)

Thirteen class activities will be assigned during the semester. Each of the activities will be worth a maximum of 20 points. The activity for each week is due by Sunday at midnight. No late activities will be accepted.

2. **Final Exam** (1 @ 100 = 100)

A final Exam covering the readings for the semester will be available on Canvas during finals week.

3. **Project** (100 points)

Each student will work with the Instructor to develop an individual project related to their areas of interest and future professional practice.

**Grading:**

Grades will be based on the quality of work and will be assigned based on a straight percentage using the following chart:

90%	-	100%	A
80%	-	89%	B
70%	-	79%	C
59% or below			F

**Marianist Values:**

**This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:**

1. Education for formation in faith
2. Provide an integral, quality education
3. Educate in family spirit
4. Educate for service, justice and peace
5. Educate for adaptation and change

**Native Hawaiian Values:**

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Ōlelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Ōlelo No'eau 364) May I live by God
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Ōlelo No'eau 1957) Acquire skill and make it deep
3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho la ka nohana 'ohana ('Ōlelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Ōlelo No'eau 1430) Education is the standing torch of wisdom
5. Educate for Adaptation and Change (Aina) 'A'ohe pau ka 'ike i ka hālau ho'okahi ('Ōlelo No'eau 203) All knowledge is not taught in the same school

#### **Technical Assistance for Canvas Users:**

- Search for help on specific topics or get tips in [Canvas Students](#)
- [Live chat with Canvas Support for students](#)
- Canvas Support Hotline for students: +1-833-209-6111
- Watch this [video to get you started](#)
- [Online tutorials](#): click on "Students" role to access tutorials
- Contact the Chaminade IT Helpdesk for technical issues: [helpdesk@chaminade.edu](mailto:helpdesk@chaminade.edu) or call (808) 735-4855

#### **Tutoring and Writing Services:**

Chaminade is proud to offer free, one-on-one tutoring and writing assistance to all students. Tutoring and writing help is available on campus at Kōkua 'Ike: Center for Student Learning in a variety of subjects (including, but are not limited to: biology, chemistry, math, nursing, English, etc.) from trained Peer and Professional Tutors. Please check [Kōkua 'Ike's website](#) for the latest times, list of drop-in hours, and information on scheduling an appointment. Free online tutoring is also available via TutorMe. Tutor Me can be accessed 24/7 from your Canvas account. Simply click Account – Notifications – TutorMe. For more information, please contact Kōkua 'Ike at [tutoring@chaminade.edu](mailto:tutoring@chaminade.edu) or 808-739-8305.

#### **Disability Access:**

**If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from Kōkua 'Ike: Center for Student Learning by the end of week three of the class, in order for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should contact the Kōkua 'Ike Coordinator at (808) 739-8305 for further information ([ada@chaminade.edu](mailto:ada@chaminade.edu)).**

#### **Title IX Compliance:**

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or the Office for Compliance and Personnel Services.

#### **Attendance Policy:**

The following attendance policy is from the 2019-2020 Academic Catalog (p. 54-55). Faculty members should also check with their divisions for division-specific guidelines.

Students are expected to attend regularly all courses for which they are registered. Student should notify their instructors when illness or other extenuating circumstances prevents them from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address, calling the instructor's campus extension, or by leaving a message with the instructor's division office. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.

Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course. Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, although the instructor is not required to withdraw students in that scenario. Repeated absences put students at risk of failing grades.

Students with disabilities who have obtained accommodations from the Chaminade University of Honolulu Tutor Coordinator may be considered for an exception when the accommodation does not materially alter the attainment of the learning outcomes.

Federal regulations require continued attendance for continuing payment of financial aid. When illness or personal reasons necessitate continued absence, the student should communicate first with the instructor to review the options. Anyone who stops attending a course without official withdrawal may receive a failing grade or be withdrawn by the instructor at the instructor's discretion.

**Student Conduct Policy:**

Campus life is a unique situation requiring the full cooperation of each individual. For many, Chaminade is not only a school, but a home and a place of work as well. That makes it a community environment in which the actions of one students may directly affect other students. Therefore, each person must exercise a high degree of responsibility. Any community must have standards of conduct and rules by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website under Student Life.

For further information, [please refer to the Chaminade Catalogue](#).

**Credit Hour Policy:**

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 45 hours of engagement. This equates to one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester, 10 week term, or equivalent amount of work over a different amount of time. Direct instructor engagement and out-of-class work result in total student engagement time of 45 hours for one credit.

The minimum 45 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

**SCIENTIFIC METHOD DEFINITIONS**

The METHODS OF SCIENCE are only tools, tools that we use to obtain knowledge about phenomena.

The SCIENTIFIC METHOD is a set of assumptions and rules about collecting and evaluating data. The explicitly stated assumptions and rules enable a standard, systematic method of investigation that is designed to reduce bias as much as possible. Central to the scientific method is the collection of data, which allows investigators to put their ideas to an empirical test, outside of or apart from their personal biases. In essence, stripped of all its glamour, scientific inquiry is nothing more THAN A WAY OF LIMITING FALSE CONCLUSIONS ABOUT NATURAL EVENTS.

Knowledge of which the credibility of a profession is based must be objective and verifiable (testable) rather than subjective and untestable.

SCIENCE is a mode of controlled inquiry to develop an objective, effective, and credible way of knowing.

The assumptions one makes regarding the basic qualities of human nature (that is, cognitive, affective, behavioral, and physiological processes) affect how one conceptualizes human behavior.

The two basic functions of scientific approach are 1) advance knowledge, to make discoveries, and to learn facts in order to improve some aspect of the world, and 2) to establish relations among events, develop theories, and this helps professionals to make predictions of future events.

Research Design in Counseling

Heppner, Kivlighan, and Wampold

A THEORY is a large body of interconnected propositions about how some portion of the world operates; a HYPOTHESIS is a smaller body of propositions. HYPOTHESES are smaller versions of theories. Some are derived or born from theories. Others begin as researchers' hunches and develop into theories.

The PHILOSOPHY OF SCIENCE decrees we can only falsify, not verify (prove), theories because we can never be sure that any given theory provides the best explanation for a set of observations.

Research Method in Social Relations, Kidder

THEORIES are not themselves directly proved or disproved by research. Even HYPOTHESES cannot be proved or disproved directly. Rather, research may either support or fail to support a particular hypothesis derived from a theory.

Scientific research has four general goals: (1) to describe behavior, (2) to predict behavior, (3) to determine the causes of behavior, and (4) to understand or explain behavior.

Methods In Behavioral Research; Cozby

In order to verify the reliability and validity of scientific research it is important to replicate the results. It is the preponderance of evidence that establishes/supports the theory.

<b>Week</b>	<b>Topics</b>	<b>Reading/Assignments</b>
-------------	---------------	----------------------------

Note: The activities for each week are due on Sunday night at midnight of the week that they are assigned below.

#1 – April 10: Introduction and Research Methods		Chapter 1 Submit Activity 1
#2 – April 17: Personality		Chapter 2 Submit Activity 2
#3 – April 24: Attribution and Cognition		Chapter 3
4	Motivation	Chapter Submit Activity 3
#4 – May 1: Goal Setting		Chapter 5
6	Arousal and Anxiety	Chapter Submit Activity 4
#5 – May 8: Psychological Skills Training		Chapter 7 Submit Activity 5
#6 – May 15: Aggression		Chapter 8
	Stereotypes, Prejudice, and Discrimination	Chapter 9 Submit Activity 6

#7 – May 22: Team Cohesion

Chapter 10

Submit Activity 7

#8 – May 29: Leadership

Chapter 11

Submit Activity 8

#9 – June 5: Common Issues: Injury and Burnout

Chapter 12

Submit Activity 9

#10 – June 12: Unhealthy Behaviors: Drug Abuse and Disordered Eating Chapter 13

Submit Activity 10

Project Due June 19

Final Exam – June 14
