3140 Waiialae Avenue - Honolulu, HI 96816

www.chaminade.edu

Course Number: NUR 306

Course Title: Nursing Care of the Maternal Newborn Family

College/School/Division Name: School of Nursing and Health Professions

Term: Summer Session 2023

Course Credits: 3

Class Meeting Days: Tuesdays

Class Meeting Hours: 13:30-1620

Clinical Meeting Days: Mondays, Fridays, Saturdays, Sundays (subject to change)

Class Location: Henry Hall 107

Instructor Name: Jen Nafarrete EdD MSN RN CNE

Email: jennifer.nafarrete@chaminade.edu

Phone: 808.440-4201

Office Hours: Posted on CANVAS

Other contact information: Zoom Personal Meeting Room link- provided on CANVAS

University Course Catalog Description

This course provides a holistic approach to the study of maternal-newborn nursing concepts. Content includes normal and high-risk childbearing women and their neonates within a family context. Current research and ethical/legal principles are presented and applied in clinical practice. Maternal-newborn concepts are applied in the hospital maternity unit and the community. The course will prepare the student to deal with a range of health care needs and issues related to the childbearing family. The student will have the opportunity to integrate prior skills and knowledge regarding human development into culturally sensitive care. The student will continue to develop the ability to apply critical thinking, participate in classroom discussions, seminars, and case studies to add breadth and depth to their understanding of care of the childbearing family.

NUR 306 has both a didactic and clinical section. Students must meet the requirements of both co-course sections to pass this course.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith
2. Provide an integral, quality education
3. Educate in family spirit
4. Educate for service, justice and peace
5. Educate for adaptation and change

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Olelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Olelo No'eau 364) May live by God
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Olelo No'eau 1957) Acquire skill and make it deep
3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho laka nohana 'ohana ('Olelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Olelo No'eau 1430) Education is the standing torch of wisdom
5. Educate for Adaptation and Change (Aina) 'A'ohe pau ka 'ike i ka hālau ho'okahi ('Olelo No'eau 203) All knowledge is not taught in the same school

Prerequisites: BI 151 and BI 151L, BI 152 and BI 152L, BI 250 and BI 250L, CH 250, MA 107, NUR 190, NUR 201, NUR 202, NUR 203, NUR 204, NUR 206, NUR 290, NUR 291.

Course Learning Outcomes:

At the end of this course, the students will demonstrate the ability to:

1. Apply patient-centered care incorporating the Marianist values and nursing practice guidelines to maternal/newborn health care setting.
2. Collaborate within interdisciplinary teams to improve the quality and safety of patient care in the maternal/newborn setting.
3. Apply evidence-based research and nursing practice guidelines to client centered in the maternal/newborn health care setting.
4. Incorporate the use of informatics and healthcare technology in the maternal/newborn health care setting.
5. Implement patient safety initiatives, including nurse-sensitive indicators in the care of the maternal/newborn population.

Alignment of Learning Outcomes

Key progression in professional nurse practice: Key: I=Introduced, D=Developed, M=Mastered

Program Associated Hawaiian Core Values	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5
1. Patient Centered-Care, <i>Ka malama olakino Pili pono I ia kanaka</i>	D	D	D	D	D
2. Community Based Care, <i>Ka malama olakino ma o ke kaiaulu</i>	D	D	D	D	
3. Developmentally & Culturally Appropriate Care, <i>Ka malama ola kino noka ho'omohala a me ka mo'omeheu</i>		D			D
4. Care Across the Lifespan <i>Ka malama olakino o ka wa ola</i>	D				
Marianist Values	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5
1. Education for formation in faith	D	D			
2. Provide an integral, quality education			D	D	
3. Educate in family spirit		D			
4. Educate for service, justice and peace	D				D
5. Educate for adaptation and change			D	D	

Program Learning Outcomes	CLO 1	CLO 2	CLO 3	CLO 4	CLO 5
<i>PLO#1:</i> Utilize the nursing process to advocate for safe, holistic, patient- centered care across the lifespan, incorporating the Marianist value of service, justice and peace.	D				
<i>PLO#2:</i> Apply leadership and communication skills to ensure quality, collaborative and continuous patient care.		D			
<i>PLO#3:</i> Integrate credible research with clinical expertise and patient preferences for optimal care across the lifespan.			D		
<i>PLO#4:</i> Incorporate informatics and healthcare technologies into the practice of professional nursing.				D	
<i>PLO#5:</i> Contribute to the safety and quality improvement of the healthcare environment.					D

Learning Materials required:

Lippincott Coursepoint+ Enhanced for O'Meara's Maternity, Newborn & Women's Health Nursing and Tagher's Pediatric Nursing:

Author: O'Meara/Tagher: ISBN: 978197517718. This package includes the ebook, PrepU and vSim. The learning materials purchased will be utilized in the co-requisite course NUR 307 Nursing Care of Children.

Supplemental Materials:

The Learning Management System, *Canvas*, is used throughout all of the nursing courses. Course website address: <https://chaminade.instructure.com>. Hardware requirements: Canvas is accessible from most PCs and Macintosh computers with a reliable Internet connection. Canvas is accessible on all computers available for use on campus. Technical support: click the "Help" link to access help through the Canvas guide, the Canvas community or Canvas Support. If you encounter a problem with Canvas be sure to click the "report a problem" link to get help for a support agent 24/7.

Assessment Technologies Institute (ATI) is an online educational learning system used throughout the nursing courses at CUH SON. Website: <http://www.atitesting.com>. Complete system requirements are available on the logon page. For all inquiries during office hours use: (800) 667-7531. After hours technical support, send an email to helpdesk@atitesting.com.

Required ATI texts/eBooks: (most current edition- 2019) (These are part of your ATI Learning System package)

ATI Maternal-Newborn 11.0

ATI Nutrition 7.0

ATI RN Pharmacology 8.0 ATI

Fundamentals 10.0

ATI Nursing Care of Children 11.0

Other required class materials will be provided on the CANVAS course site.

Technical Assistance for Canvas Users:

- Search for help on specific topics at help.instructure.com
- [Chat live with Canvas Support 24/7/365- phone: \(877\) -251-6615](#)
- Contact the Chaminade IT Helpdesk for technical issues: helpdesk@chaminade.edu, or call (808) 735-4855

Teaching-Learning Strategies:

Scrambled class discussion, case studies, audio-visual media, in-class and lab group activities, and virtual clinical simulation.

Course Requirements/Methods of Evaluation:

Assessments	Percentage/equivalent
Exam 1	20%
Exam 2	20%
Exam 3	20%
Exam 4	20%
ATI proctored exam Maternal Newborn Nursing	10%
Prep U assignments	10%
Simulation & Clinical Assignments	Pass/Fail
ATI Practice A&B Remediation	Pass/Fail
ATI active learning templates	Pass/Fail
Total Percentage Points for course	100%

Grading and Scale

Letter grades are given in all courses except those conducted on a credit/no credit basis. Grades are calculated from the student’s daily work, class participation, quizzes, tests, papers, and examinations. They are interpreted as follows:

- A. Outstanding scholarship and an unusual degree of intellectual initiative
- B. Superior work done in a consistent and intellectual manner
- C. Average grade indicating a competent grasp of subject matter
- D. Inferior work of the lowest passing grade, not satisfactory for fulfillment of prerequisite course work
- F. Failed to grasp the minimum subject matter; no credit given

University Grading Scale:

- A=90-100%
- B= 80-89%
- C=70-79%
- D=60-69% (60-74.99% is a D)
- F=59% and below

OF NOTE: scores will not be rounded up (i.e., 69.9% is 69% = D) & there are no extra credit allowances

Please note the following policy language from SON and University Catalog:

- To pass this course, the student must obtain a 75% or higher weighted average on the examinations (quizzes, custom assessments/exams) in this course.
- **ALL** assignments must be successfully completed with a satisfactory level to pass this course.
- If the student fails to successfully complete all required assignments and/or does not have a weighted average score of at least 75% in all examinations in this course, the maximum grade obtained for the course will be 69%.
- If a student receives less than a “C” in a clinical course, the student may not move on to another clinical course. The student must repeat the clinical course, attain a grade of “C” or better to progress in the nursing curriculum, or be dismissed from the program.

The School of Nursing may choose to utilize an online exam proctoring technology at any time during this course. This technology enables students to take proctored exams at a location that is off-campus. This technology provides a secure test environment that promotes academic integrity and provides data security. The process identifies a student and records video, audio, and screen capture during the student’s exam. This information is communicated to secure servers and reviewed. The video, audio, and screen capture are used solely for the purpose of ensuring academic integrity during the testing process.

ATI Proctored Policy

- The benchmark of all ATI content mastery exams is a level 2. If the student obtains below level 1 the student has not been able to demonstrate mastery of the content and is not meeting course expectations. Therefore, if the student obtains below a level 1 on the Maternal Newborn ATI content mastery examination in this course, the student must complete a focused review, submit active learning templates, and retake the proctored ATI mastery examination by a specified date set by the instructor. If the student is not able to obtain at least a level 1 on the retake examination; the student will fail the course.
- The results of the retake exam will not affect the grade assigned for the first mastery examination taken.
- All students progressing to the next nursing course must remediate regardless of level achieved on the Leadership ATI content mastery exam and must complete a focused review and submit the active learning templates for Maternal Newborn ATI content mastery exam to the NUR 490 NCLEX seminar faculty prior to the Maternal Newborn ATI examination in that course.

All final assessment grades will be available in the CANVAS gradebook within 72 hours. Students who wish to review their exams with faculty during the faculty’s offices hours will need to have this review completed **within two weeks from the date of the exam**. After the two-week period (unless special arrangements have been made between instructor and student) the exams will no longer be available for review.

Course exams: Exams will be created to reflect both the Program Learning Outcomes (PLO) and Course Learning Outcomes. Questions will require recall, critical thinking, and clinical reasoning. Questions will incorporate any required learning resources materials for the course.

Prep-U Assignments:

What is Prep-U? This software offers students an adaptive learning process, increasing the difficulty level of questioning based on the student’s previous performance. The students take the on-line Prep-U assessments on assigned chapters prior to arriving to lecture. Taking the assigned Prep-U assessments ensures the material has been reviewed and applied, allowing more constructive dialog and critical thinking scenarios in the classroom

setting. Another advantage to the use of this software is the practice of multiple-choice and multiple response questions similar to those presented on the NCLEX. An access code is purchased with your class textbook.

1. If you don't already have access to Lippincott CoursePoint+ for Ricci, Kyle & Carman: Maternity and Pediatric Nursing, Third Edition, redeem your **ACCESS CODE** and complete registration at <http://thePoint.lww.com/activate>.
2. From the **"My Content"** page, click on Lippincott CoursePoint+ for Ricci, Kyle & Carman: Maternity and Pediatric Nursing, Third Edition.
3. On the welcome screen or from **"My Classes"**, select **"Join a Class"**, enter your **CLASS CODE: Class Code: C88B67D0 Instructor: Nafarrete, Jen**, and click **"Enroll"**.

If you experience any problems, check the code again and re-enter it. If it does not work, contact Lippincott Online Product Support at 1-800-468-1128 or techsupp@lww.com for assistance.

Not sure what an **ACCESS CODE** is? Learn more at <http://thepoint.lww.com/Help/BookAccess>. Students must meet the **assigned mastery levels and question collection assignments** by the deadlines to receive credit.

Homework assignments prior to class: Students are expected to complete and submit all assignments that are due before scheduled class time. The assignments are intended to prepare the student for case studies and group activities during didactic and sim/lab instruction. If there is no evidence of student submission prior to class, the instructor may deny student admittance to the classroom until there is evidence work has been completed.

CLINICAL: The clinical practicum evaluation for this course is graded as Satisfactory or Unsatisfactory. Refer to the student handbook for the definition of what is considered an unsatisfactory grade in clinical. You must pass Nursing 306 with an overall grade of "C" or better and receive a satisfactory evaluation in Clinical Practicum to pass the class.

Forms:

Clinical evaluation tool: There will be a formal final evaluation due to the short clinical rotation. A brief midterm meeting between instructor and student should occur to be clear on performance and current standing in clinical.

Weekly Clinical Reflective Logs: The logs must be legible and HIPAA compliant. No actual patient or staff names or other identifiers can be used. **Please use the separate reflective log template posted in CANVAS.** Respond to each question carefully, then post to CANVAS in the appropriate assignment link and per your clinical instructors' preference. All reflective logs must be submitted to the clinical instructor and course coordinator in the appropriate assignment link in CANVAS no later than **two days after your clinical experience.**

Clinical Paperwork: Daily clinical activity forms which may include Fall Risk and Skin Assessment forms, Safety Clinical Assessment Tool, charting, and specific organization documents.

Professional Article Presentation: The student will select or be assigned a current (within the last 5 years) maternal child, women's health or children's health related article. The student will present the article utilizing the provided guidelines during clinical conference time (10-15 minutes). The student will utilize the outline provided to analyze the article and show evidence that they have read and prepared to discuss the article

without reading word for word from the article. The topic presented will demonstrate written and verbal communication skills and the ability to gain knowledge of the utilization of evidenced based practice in nursing. Satisfactory rating equals "satisfactory" checked in the selected categories that pertain on the provided rubric. A copy of the article along with the article summary will be submitted to the CANVAS assignment link, and a hard copy of the article given to the instructor during presentation. The instructor will complete and attach the grading rubric with the final clinical evaluation. If the student does not meet the rubric criteria for satisfactory grading, the student may have the opportunity to re-do the presentation at the instructor's discretion.

Course Policies

Grades of "Incomplete"

Grades of incomplete are only considered for students in extenuating circumstances. Please refer to the University student catalog for more details.

Writing Policy

Any paper written for a community assignment must be in APA format. Clinical reflective logs should be professionally written with all prompts and template guidelines removed prior to submission.

Instructor and Student Communication

Questions for this course can be emailed to the instructor. Online, in-person and phone conferences can be arranged. Response time will take place up to 48 hours.

Cell phones, tablets, and laptops

Out of consideration for your classmates, please set your cell phone to silent mode during class. Students are encouraged to bring laptops or tablets to ground and virtual class as the instructor will assign online activities and readings that will require the use of a laptop or tablet. Laptops and tablets should not be misused, such as checking distracting websites. Use your best judgment and respect your classmates and instructor.

Disability Access

Statement from CUH [website](#) (Chaminade University has an institutional commitment to providing equal educational opportunities for qualified students with disabilities in accordance with state and federal laws and regulations, including the Americans with Disabilities Act of 1990 and 2008, and Section 504 of the Rehabilitation Act of 1973. To provide equality of access for students with disabilities, accommodations (including auxiliary aids and services) will be provided to the extent necessary to comply with state and federal laws. For each student, these accommodations will specifically address those functional limitations of the disability which adversely affect equal education opportunity. Chaminade University has Kōkua 'Ike within the Office of Advising and Career Development to assist qualified students with disabilities in securing such appropriate accommodations. If you would like to determine if you qualify for ADA accommodations, please contact the Counseling Center at (808) 735-4845 e-mail at counselingcenter@chaminade.edu. The Counseling Center will notify faculty to inform them of the accommodations a student is to receive. However, the nature of your disability is confidential. Please refer any questions to the Dean of Students and review the procedures at <http://www.chaminade.edu/student-affairs/counseling-services>

Title IX Compliance

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or

the Office for Compliance and Personnel Services.

Attendance Policy

The following attendance policy is from the 2020-2021 Academic Catalog.

- Students are expected to attend regularly all courses for which they are registered. Student should notify their instructors when illness or other extenuating circumstances prevents them from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address, calling the instructor's campus extension, or by leaving a message with the instructor's division office. It is the instructor's prerogative to modify deadlines of course requirements accordingly. Any student who stops attending a course without officially withdrawing may receive a failing grade.
- Unexcused absences equivalent to more than a week of classes may lead to a grade reduction for the course. Any unexcused absence of two consecutive weeks or more may result in being withdrawn from the course by the instructor, although the instructor is not required to withdraw students in that scenario. Repeated absences put students at risk of failing grades.
- Students with disabilities who have obtained accommodations from the Chaminade University of Honolulu ADA Coordinator may be considered for an exception when the accommodation does not materially alter the attainment of the learning outcomes. Federal regulations require continued attendance for continuing payment of financial aid. When illness or personal reasons necessitate continued absence, the student should communicate first with the instructor to review the options. Anyone who stops attending a course without official withdrawal may receive a failing grade or be withdrawn by the instructor at the instructor's discretion.

Student Conduct Policy

From the 2022-2023 Undergraduate Academic Catalog:

- Campus life is a unique situation requiring the full cooperation of each individual. For many, Chaminade is home, school, recreation center, and work, all in one. That makes it a community environment in which the actions of one student may directly affect other students. Therefore, each person must exercise a high degree of responsibility. The university expects students to remain in good conduct standing, which is defined as not currently being under a resolution status (i.e., student conduct probation, suspension, or expulsion).
- The student is responsible for knowing the information presented in the Chaminade University Catalog, course schedules, and Student Handbook, and for observing all regulations and procedures relating to the program being pursued. In no case will a regulation be waived or an exception granted because a student pleads ignorance of, or contends that he/she was not informed of, the regulations or procedures
- Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade [website](#).

Credit Hour Policy

- The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 45 hours of engagement. This equates to one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester, 10-week term, or equivalent amount of work over a different amount of time. Direct instructor engagement and out-of-class work result in total student engagement time of 45 hours for one credit.
- The minimum 45 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

Course Schedule and Teaching Plan

While every attempt has been made to prepare this syllabus and class schedule in final form, it may be necessary for the course leader to make changes as may be deemed essential to meet the learning outcomes of the course. Students will be notified in writing via Chaminade email of any changes. It is recommended that you check email and course site frequently for announcements. All students will be held responsible to read, understand, and clarify the content within this document.

Assigned readings, pre-assigned modules, and Study Plan content are to be completed prior to class._

Please refer to course Canvas shell pages for complete lesson plan.
