Course Description & Materials

Catalog Course Description

This course examines ethical, legal, and professional issues central to the practice of community counseling, school counseling, marriage and family therapy, and group work. Development of

professional identity, ethical responsibilities and legal responsibilities, and liabilities are discussed within the context of professional ethical codes and relevant state regulations. Note: It is a program requirement that all students in PSY 601 obtain membership in a professional organization to be maintained throughout their time in the program.

Note: It is a program requirement that all students in PSY601 obtain membership in a professional organization to be maintained throughout their time in the program.

It is imperative that students keep all syllabi from all courses taken while in the MSCP program to facilitate the application process for licensing, and certification.

Time Allocation

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 45 hours of engagement. This equates to one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester, 10 week term, or equivalent amount of work over a different amount of time. Direct instructor engagement and out-of-class work result in total student engagement time of 45 hours for one credit.

The minimum 45 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research,

online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

This is a three credit hour course requiring 135 clock hours of student engagement, per the official CUH Credit Hour Policy. Students enrolled in this course are expected to spend 30 hours online/in-person on the learning management system, 10.5 hours in writing response papers and discussion response posts, 8 hours studying for the midterm exam, 20 hours writing and revising the research paper, and 8 hours studying for the final exam. There will be an additional 58.5 hours of work required of work beyond what is listed here (course readings, homework assignments, etc.) This additional work will average about 6 hours per week.

Note: There is no way to determine how long course activities will take with 100% accuracy. Some students will work faster, others will work slower. Faculty may estimate the difficulty of tasks differently than their peers. We are simply seeking a reasonable estimation that is informed by Data provided by the Rice University Center for Teaching Excellence.

Learning Outcomes

Program Learning Outcomes (PLOs)

Upon completion of [degree program name], the student will be able to:

1. Identify core counseling theories, principles, concepts, techniques and facts.
2. Demonstrate the ability to facilitate the counseling process with clients.
3. Identify the relationship between adaptation and change and the counseling process.

Course Learning Outcomes (CLOs)

Upon completion of [course, e.g., ICS 170], the student will be able to:

1. Evaluate the impact of cultural diversity and cultural humility on ethical decision-making and professional issues in counseling. Reflections, dyads, and essay writing are used to assess this CLO. (PLO 1, PLO 3, PLO 4).
2. Recognize ethical, legal, and professional issues in counseling as regulated by professional counseling organizations, and national standards' functions in the development of professional ethics in the areas of school counseling, mental health counseling, and marriage and family counseling. Multiple exams and reflections are used to assess this CLO. (PLO 1, PLO 3).
3. Demonstrate the scientific method, research, and how these apply to ethical and professional issues in counseling. Research and essay writing are used to assess this CLO. (PLO 1, PLO 3).

ACA Ethical guidelines for Self-Care and Self-Monitoring

Given the 1) long-standing issue of problematic self-care and self-monitoring in the field of counseling, clinical psychology, and psychotherapy, 2) chronic stress demonstrated by many students in the current Covid-19 ever-changing, and uncertain environment, 3) fact that there appears there will be numerous stressed out clients as a result of the Covid 19 ever-changing, and uncertain environment, and 4) fact that the ACA requires self-care and self-monitoring as part of their ethical guidelines, all courses will include and address the following ACA guidelines in all of their syllabi. These guidelines also apply to all faculty and staff teaching in the MSCP program.

ACA 2014 Code of Ethics

Section C: Professional Responsibility Introduction

... counselors engage in self-care activities to maintain and promote their own emotional, physical, mental, and spiritual well-being to best meet their professional responsibilities.

C.2.g: Impairment

Counselors monitor themselves for signs of impairment from their own physical, mental, or emotional problems and refrain from offering or providing professional services when impaired. They seek assistance for problems that reach the level of professional impairment, and, if

necessary, they limit, suspend, or terminate their professional responsibilities until it is determined that they may safely resume their work.

Counselors assist colleagues or supervisors in recognizing their own professional impairment and provide consultation and assistance when warranted with colleagues or supervisors showing signs of impairment and intervene as appropriate to prevent imminent harm to clients.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
2. Provide an integral, quality education.
3. Educate in family spirit.
4. Educate for service, justice and peace, and integrity of creation.
5. Educate for adaptation and change.

[Include a paragraph that explains how this course specifically addresses one or more of the Marianist values listed above.]

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Ōlelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Ōlelo No'eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Ōlelo No'eau 1957) Acquire skill and make it deep.
3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho la ka nohana 'ohana ('Ōlelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Ōlelo No'eau 1430) Education is the standing torch of wisdom.

5. Educate for Adaptation and Change (Aina) 'A'ohē pau ka 'ike i ka hālau ho'okahi ('Ōlelo No'eau 203) All knowledge is not taught in the same school

Scientific Method Definitions

The **METHODS OF SCIENCE** are only tools - tools that we use to obtain knowledge about phenomena.

The **SCIENTIFIC METHOD** is a set of assumptions and rules about collecting and evaluating data. The explicitly stated assumptions and rules enable a standard, systematic method of investigation that is designed to reduce bias as much as possible. Central to the scientific method is the collection of data, which allows investigators to put their ideas to an empirical test, outside of or apart from their personal biases. In essence, stripped of all its glamour, scientific inquiry is nothing more **THAN A WAY OF LIMITING FALSE CONCLUSIONS ABOUT NATURAL EVENTS.**

Knowledge of which the credibility of a profession is based must be objective and verifiable (testable) rather than subjective and untestable.

SCIENCE is a mode of controlled inquiry to develop an objective, effective, and credible way of knowing.

The assumptions one makes regarding the basic qualities of human nature (that is, cognitive, affective, behavioral, and physiological processes) affect how one conceptualizes human behavior.

The two basic functions of scientific approach are 1) advance knowledge, to make discoveries, and to learn facts in order to improve some aspect of the world, and 2) to establish relations among events, develop theories, and this helps professionals to make predictions of future events.

The above quotes were taken directly from: Research Design And Counseling Heppner, Kivlighan, and Wampold

A **THEORY** is a large body of interconnected propositions about how some portion of the world operates; a **HYPOTHESIS** is a smaller body of propositions. **HYPOTHESES** are smaller versions of theories. Some are derived or born from theories. Others begin as researchers' hunches and develop into theories.

The **PHILOSOPHY OF SCIENCE** decrees we can only falsify, not verify (prove), theories because we can never be sure that any given theory provides the best explanation for a set of observations.

*The above quotes were taken directly from: Research Method In Social Relations
Kidder*

THEORIES are not themselves directly proved or disproved by research. Even **HYPOTHESES** cannot be proved or disproved directly. Rather, research may either support or fail to support a particular hypothesis derived from a theory.

Scientific research has four general goals: (1) to describe behavior, (2) to predict behavior, (3) to determine the causes of behavior, and (4) to understand or explain behavior.

The above quotes were taken directly from: Methods In Behavioral Research Cozby

In order to verify the reliability and validity of scientific research it is important to replicate the results. It is the preponderance of evidence that establishes/supports the theory.

The above quotes were taken directly from:

After identifying a peer's different perspective or point of view, what aspects of the dilemma did you take into consideration?</p> <p>Students will respond to at least one (1) peer's Discussion Response in each Chapter Discussion posted for the week. For example, Week 3 there will be a Discussion post for chapters 2 and 3. Each student will respond to 1 peer in each of the chapters for the week.</p> <p>Participation (responses to your peers) is very important as it contributes positively to the overall learning of the class. Participation is reviewed for both quantity and quality. For example, "I agree" or "I don't agree" without elaboration or explanation does not constitute participation because it does not add new information to the discussion. You might want to respond to posts that are different from your ideas.</p> <p><i>Following are guidelines for weekly discussion response grades:</i></p> <ul style="list-style-type: none"> • <i>Excellent</i> = The posting and comments are accurate, original, relevant, well supported, teaches us something new or offers a new perspective, and is <i>well written</i>. Grade of 4 here indicate that the comments make reasonable contributions to our understanding of the issue being discussed. • <i>Average</i> = The posting and comments lack 2 or 3 of the required qualities. Comments which are based upon personal opinion or personal experience often fall within this category. These comments typically receive a grade of 3. (Note: some discussion postings will specifically ask for personal opinion or experience and, thus, do not fall into this category). These postings may not fully address the discussion question at hand. • <i>Minimal</i> = The posting and comments present little or no new information or does not contribute to the overall discussion board. Postings may not be complete and/or are poorly written. However, grade of 2 here indicate that the comments may provide some social presence to a collegial atmosphere. • <i>Unacceptable</i> = The posting or comments add no value or meaningless value to the discussion, are poorly written, or do not address the question at hand. Grade of 1 will be provided.

Course Policies

Attendance

If you miss more than one class, regardless of reason, you will be given a “C” and you must retake the class. (This is graduate programs policy.)

Class Structure

This course is an online asynchronous format comprised of chapter presentations, role-plays,

and discussions to demonstrate knowledge expertise in the subject and concept of professionalism and ethics. Throughout the course, students will complete chapter reflections, study video and article case studies to stimulate discussion and critical thinking, and engage in self-reflection and self-awareness practices to encourage mindfulness to identify any existing biases. The course will end with a cumulative final exam, covering all chapters of material covered in this class to assess retention of information.

In order to have informed weekly discussions, students must complete the readings prior to any discussions. There is likely to be lively discussions which may include disagreement on issues due to the nature of the class material. Some people may feel uncomfortable or upset by some of the material so we want to make sure to follow these ground rules:

- Acknowledge that people in our culture have different experiences based on race, class, sex, age, sexuality, etc.
- Think sociologically about the issues we tackle and be prepared to critically analyze your own opinions and beliefs.
- Agree that this course should be a place where no one is made to feel embarrassed or ashamed. Healthy discussion and debate is welcome and encouraged. We do not have to agree with one another, but we must be able to discuss our differences in a respectful manner.

In terms of general participation, students are responsible for all material posted each week. This course will require a fair amount of reading, ethical decision making, video material, dyads, and reflection so plan your study time wisely. Prior to any class discussions, students are expected to have engaged the material in a manner where they are prepared to talk in class with questions and reflections

Late Work

All assignments are due on the date and time specified on the syllabus and/or Canvas. Assignments submitted late will receive a 10% deduction to your earned grade for the assignment. Presentations cannot be made up.

Extra Credit

None.

Changes to the Syllabus

While the provisions of this syllabus are as accurate and complete as possible, your instructor reserves the right to change any provision herein at any time. Every effort will be made to keep

you advised of such changes, and information about such changes will be available from your instructor.

Grades of Incomplete

Incompletes are granted if the student has submitted at least 90% of the assignments by the end of the term and has failed to submit the 10%, which might result in a failing grade. Documentation for reasons an assignment was not submitted in time is required as part of an incomplete request. Contact the instructor for an incomplete request.

Final Grades

Final grades will be determined based on the following percentages:

- B = 80-89%
- C = 70-79%
- D = 60-69%
- F = 59% and below

Important Information

Academic Honesty

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the world. Violations of the principle of academic honesty are extremely serious and will not be tolerated.

Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a University official. Academic dishonesty may include theft of records or examinations, alteration of grades, and plagiarism, in addition to more obvious dishonesty.

Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Dean of the Academic Division. Punishment for academic dishonesty will be determined by the instructor and the Dean of Academic Division and may include an “F” grade for the work in question, an “F” grade for the course, suspension, or dismissal from the University.

For the most up to date information, please refer to the [Academic Honesty Policy](#) on the Chaminade University Catalog website.

[Title IX and Nondiscrimination Statement](#)

Chaminade University of Honolulu is committed to providing a learning, working and living environment that promotes the dignity of all people, inclusivity and mutual respect and is free of all forms of sex discrimination and gender-based violence, including sexual assault, sexual harassment, gender-based harassment, domestic violence, dating violence, and stalking. As a member of the University faculty, I am required to immediately report any incident of sex discrimination or gender-based violence to the campus Title IX Coordinator.

[Nondiscrimination Policy & Notice of Nondiscrimination](#)

Chaminade University of Honolulu does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX and its regulations, including in admission and employment. Inquiries about Title IX may be referred to the University’s Title IX Coordinator, the U.S. Department of Education’s Office for Civil Rights, or both and contact information may be found at the [Chaminade University Title IX Office Contact Information and Confidential Resources website](#). On-campus Confidential Resources may also be found here at [CAMPUS CONFIDENTIAL RESOURCES](#).

The University’s Nondiscrimination Policy and Grievance Procedures can be located on the University webpage at: <https://chaminade.edu/compliance/title-ix-nondiscrimination-policies-procedures/>.

To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please refer to the [Campus Incident Report form](#). Chaminade University of Honolulu prohibits sex discrimination in any education program or

activity that it operates. The NOTICE of NONDISCRIMINATION can be found here: [Notice of Nondiscrimination](#).

CUH Alert Emergency Notification

To get the latest emergency communication from Chaminade University, students' cell numbers will be connected to Chaminade's emergency notification text system. When you log in to the Chaminade portal, you will be asked to provide some emergency contact information. If you provide a cellphone number, you will receive a text from our emergency notification system asking you to confirm your number. You must respond to that message to complete your registration and get emergency notifications on your phone.

Assessment for Student Work

With the goal of continuing to improve the quality of educational services offered to students, Chaminade University conducts assessments of student achievement of course, program, and institutional learning outcomes. Student work is used anonymously as the basis of these assessments, and the work you do in this course may be used in these assessment efforts.

Student with Disabilities Statement

Chaminade University of Honolulu offers accommodations for all actively enrolled students with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, and the ADA Amendments Act (2008).

Students are responsible for contacting Kokua Ike: Center for Student Learning to schedule an appointment. Verification of their disability will be requested through appropriate documentation and once received it will take up to approximately 2–3 weeks to review them. Appropriate paperwork will be completed by the student before notification will be sent out to their instructors. Accommodation paperwork will not be automatically sent out to instructors each semester, as the student is responsible to notify Kokua Ike via email at ada@chaminade.edu each semester if changes or notifications are needed.

Kōkua 'Ike: Tutoring & Learning Services

Chaminade is proud to offer free, one-on-one tutoring and writing assistance to all students. Tutoring and writing help is available on campus at Kōkua 'Ike: Center for Student Learning in a variety of subjects (including, but are not limited to biology, chemistry, math, nursing, English, etc.) from trained Peer and Professional Tutors. Please check [Kōkua 'Ike's](#) website for the latest times, list of drop-in hours, and information on scheduling an appointment. Free online tutoring is also available via TutorMe. Tutor Me can be accessed 24/7 from your Canvas account. Simply

click on Account > TutorMe. For more information, please contact Kōkua 'Ike at tutoring@chaminade.edu or 808-739-8305.

Chaminade Counseling Center

Students may consider counseling when they may need an unbiased perspective on issues they are facing or when they are unable to manage their own difficulties independently and their day-to-day functioning is being impacted.
