Course Description & Materials

Catalog Course Description

This course is designed to support students in developing an appreciation for the cultural diversity in Hawaii. This includes increased knowledge of the psychological, anthropological, sociological, historical and contemporary inter and intra-group factors that play a role in understanding the beliefs and practices of the many cultures that contribute to diversity in

Hawaii. Students will examine how culture-based research in the education and health fields has affected our understanding of traditional truths and principles about human behavior. This course will emphasize developing a greater understanding of Native Hawaiian and Pacific Island cultures.

Time Allocation

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 37.5 hours of engagement. For example, in a one credit hour traditional face to face course, students spend 50 minutes in class per week for 15 weeks, resulting in a minimum of 12.5 instructional hours for the semester. Students are expected to engage in reading and other assignments outside of class for at least 2 additional hours per week, which equals an additional 25 hours. These two sums result in total student engagement time of 37.5 hours for the course, the total engagement time expected for each one credit course at Chaminade.

The minimum 37.5 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

This is a three-credit hour course requiring 135 clock hours of student engagement, per the official CUH Credit Hour Policy (as shown above). Students enrolled in this course are anticipated to spend on average of 9 hours per week engaged in this course. This includes 24 hours studying for your mid-term and final exams, 2 hours to complete your mid-term exam, 2 hours to complete your final exam, 10 hours to complete your presentation, 16 hours researching and writing your discussion responses, 7.5 hours responding to your peers, and approximately 73.5+ hours of additional class engagement (e.g., assigned readings and videos). A disaggregated breakdown of class engagement can be found in your Canvas classroom under Modules.

Course Approach

We will be utilizing an online seminar approach; thus, we will be incorporating class discussions via our online format in Canvas and/or Zoom. Students must complete the readings prior to posting any discussion material; otherwise, the discussions will not be informed ones. Due to the nature of the material we are discussing, there is likely to be some lively discussion and some disagreement on issues. In addition, some people may feel uncomfortable or upset by some of the material. As such, we want to make sure to follow these ground rules:

- Acknowledge that people in our culture have different experiences based on race, ethnicity, class, sex, age, and sexuality.
- Think psychologically about the issues we tackle and be prepared to critically analyze your own opinions and beliefs.
- Agree that this course should be a place where no one is made to feel embarrassed or ashamed. Disrespectful behavior will not be tolerated. No attacks that might be deemed personal should be made on the discussion boards. However, healthy discussion and debate is welcome and encouraged. We do not have to agree with one another, but we must be able to discuss our differences in a respectful manner.

In terms of general participation, students are responsible for all material posted each week. This course will require a fair amount of reading and video viewing, so do make sure to plan your study time wisely. Prior to any class discussions, students are expected to have engaged the material such that they are prepared with questions and reflections. This allows for more coherent participation in the course discussions. Although specific readings and videos will be assigned for each week, students are encouraged to consider and discuss comparisons and disparities among the readings and videos.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
2. Provide an integral, quality education.
3. Educate in family spirit.
4. Educate for service, justice and peace, and integrity of creation.
5. Educate for adaptation and change.

PSY 350 The People and Cultures of Hawai'i is guided by the Marianist Educational Value of Educate for Adaptation and Change. Father Chaminade said, "new times call for new methods." This could not be truer for the field of Psychology. Cross-Cultural Psychology seeks to identify

and understand why we do what we do and think what we think within the context of diversity. This value guides this course through its focus on the development of:

1. Flexible thinking;
2. Being respectful of differences;
3. Critical thinking; and
4. Open-mindedness.

This will be found in our class discussions and in our capstone culture presentation.

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the ‘Ōlelo No‘eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua (‘Ōlelo No‘eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na‘auao) Lawe i ka ma‘alea a kū‘ono‘ono (‘Ōlelo No‘eau 1957) Acquire skill and make it deep.
3. Educate in Family Spirit (‘Ohana) ‘Ike aku, ‘ike mai, kōkua aku kōkua mai; pela iho la ka nohana ‘ohana (‘Ōlelo No‘eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no‘eau (‘Ōlelo No‘eau 1430) Education is the standing torch of wisdom.
5. Educate for Adaptation and Change (Aina) ‘A‘ohe pau ka ‘ike i ka hālau ho‘okahi (‘Ōlelo No‘eau 203) All knowledge is not taught in the same school

Course Activities

Assignments and Requirements:

Weekly Discussion Question: *Discussion Question Response (10 points each)* - Based on the video, your readings, and your thoughts on the subject, please respond to the discussion question in no less than **200 words** in length. Post your discussion response directly to Canvas. This will assess CLO 1, CLO 2, CLO 3, and CLO 4.

- **Do not post as an attachment.** This will make it easier for everyone to see your response.
- List your sources at the bottom of your post using APA formatting.
- In addition, you will ask at least one (1) question based on the respective chapter(s) for your peers to respond to after responding to the respective discussion question.

DQ Participation Requirement (10 points per discussion week) - Participation (responses to your peers) is very important as it contributes positively to the overall learning of the class. Participation is reviewed for both quantity and quality. For example, "I agree" or "I don't agree" without elaboration or explanation does not constitute participation because it does not add new information to the discussion. To earn full participation points, your responses must be related to the discussion question or to your peer's question(s), and include new ideas or personal perspectives. For full participation credit you are required to contribute a **total of two substantive responses each week.**

The following are guidelines for weekly discussion grades:

- *Excellent* = The posting and comments are accurate, original, relevant, well supported, teaches us something new or offers a new perspective, and is **well written**. Grade of 10 indicate substantial learning presence to the course and the stimulation of additional thought about the issue under discussion. At least one (1) question was written for your peers to respond to.
- *Above Average* = The posting and comments lack at least one of the above qualities but is above average in quality. Grade of 8 here indicate that the comments make reasonable contributions to our understanding of the issue being discussed. At least one (1) question was written for your peers to respond to.
- *Average* = The posting and comments lack 2 or 3 of the required qualities. Comments which are based upon personal opinion or personal experience often fall within this category. These comments typically receive a grade of 5. (Note: some discussion postings will specifically ask for personal opinion or experience and, thus, do not fall into this category). These postings may not fully address the discussion question at hand. No question was submitted for your peers to respond to.
- *Minimal* = The posting and comments present little or no new information or does not contribute to the overall discussion board. Postings may not be complete and/or are poorly written. However, grade of 3 here indicate that the comments may provide some social presence to a collegial atmosphere. No question was submitted for your peers to respond to.

- *Unacceptable* = The posting or comments add no value or meaningless value to the discussion, are poorly written, or do not address the question at hand. Grade of 1 will be provided. No question was submitted for your peers to respond to.

Mid-Term Exam (81 points) – The Mid-Term exam will consist of multiple choice and essay questions covering the following chapters: Hawaiians, Euro-Americans, Chinese, Portuguese, Japanese, Okinawans, and Hispanics. A study guide is provided for you in Canvas. This will assess CLO 1, CLO 2, and CLO 4.

Final Exam (216 points) – The Final exam will consist of multiple choice questions covering the following chapters: Hawaiians, Euro-Americans, Chinese, Portuguese, Japanese, Okinawans, Hispanics, Koreans, Filipinos, Blacks, Samoans, Thais, Vietnamese, Cambodians, and Micronesians. A study guide is provided for you in Canvas. This will assess CLO 1.

Cultural Comparison Presentation (180 points): Students are asked to compare and contrast the beliefs and practices of the **Native Hawaiian culture** and one or more other cultures in Hawai'i. This will assess CLO 1 & CLO 3.

Instructions:

- Choose two or more cultures in Hawai'i to compare and contrast. These will include **Native Hawaiian culture, and**, other Pacific Islander cultures, Asian cultures, European cultures, or other cultural groups represented in Hawai'i.
- Conduct research to gain a deeper understanding of the beliefs and practices of each culture. This research should include both academic sources and first-hand accounts from individuals who belong to each culture.
- Create a slideshow presentation (e.g. PowerPoint, Keynote, or Google Slides) comparing and contrasting the beliefs and practices of the chosen cultures. **Important note: if you submit a Google Slide share link you must set the security to ANYONE WITH A LINK. If I cannot access (open) your Google Slide it will not be graded.** The presentation should include the following elements:
 1. An introduction that provides context and background information on the cultures being compared and contrasted.
 2. A description of the beliefs and practices of each culture, with examples and illustrations as appropriate.
 3. A comparison of the beliefs and practices of the cultures, highlighting at least 3 similarities and differences between them.
 4. An analysis of the factors that have contributed to the similarities and differences between the cultures, including historical, social, and political factors.
 5. A conclusion that summarizes the key findings of the comparison and contrast and reflects on the implications for healthcare and other fields.

Your slideshow presentation is required to have a minimum of 8 slides (this includes your title slide and reference slide) and more than 3 resources that can be academic (credible) sources, personal accounts, and

interviews. One slide will be your title slide and your last slide will be your reference slide (these are counted towards your minimum slide count).

Each slide's in-text citations should be either at the bottom of the slide or in the speaker notes. If your slide requires an explanation, please put your explanation in the speaker notes.
