PRACTICUM IN COUNSELING TECHNIQUES MENTAL HEALTH COUNSELING

PSY-646MH-02-3 - IN PERSON/CLASS

<https://chaminade.instructure.com/courses/36957>

5:30PM-9:30PM Tuesdays Credits: 3 Term: Fall 2024

Instructor Information

Instructor: Aubrey Jenks, LMHC, NCC

Email: aubrey.jenks@chaminade.edu

Office Hours: 8-9am on Tuesdays. Please email me to reserve a time slot for online assistance.

Communication: Questions for this course can be emailed to the instructor. Response time may take place up to 48 hours. Students may communicate with each other through email, Canvas inbox, or through posts, discussions, and assignments on Canvas.

School & Department Information

School of Education and Behavioral Sciences

Office Location: Brogan Hall, 110

Phone: (808) 739-4652

If you have questions regarding the Masters of Science in Counseling Psychology, reach out to your Instructor or the School of Education and Behavioral Sciences.

Course Description & Materials

Catalog Course Description

Third Benchmark Course Supervised experience in counseling utilizing videotapes, role-playing, audiotapes, and demonstrations. Both group and individualized instruction and supervision are stressed in didactic and experiential settings. Students will spend 100 hours (50 direct service hours, 50 administrative hours) at a practicum site under the supervision of a licensed mental health therapist.

Prerequisites: PSY 611, PSY 636, PSY 741

Time Allocation

This is a (3) credit hour course requiring 135 clock hours of student engagement, per the official CUH Credit Hour Policy. Students enrolled in this course are expected to spend about 25 hours in a synchronous in-person or online class, 5 hours writing a conceptual framework essay, 3 hours writing reflection journals, 2 hours completing recorded videos and reflections, and 100 hours direct and indirect hours engaged at their clinical practicum site. There may be an additional 20 hours of work required beyond what is listed here (course readings, homework assignments, etc.) This additional work will average about 2 hours per week.

Note: There is no way to determine how long course activities will take with 100% accuracy. Some students will work faster, others will work slower. Faculty may estimate the difficulty of tasks differently than their peers. We are simply seeking a reasonable estimation that is informed by Data provided by the Rice University Center for Teaching Excellence.

Required Materials

American Psychiatric Association. (2022). Neurodevelopmental disorders. In *Diagnostic and statistical manual of mental disorders* (5th ed., text rev.)

Canvas (<https://chaminade.instructure.com>)

Canvas is the learning management system that CUH uses to make teaching and learning easier for everyone. Canvas will hold important information like the course syllabus, course assignments and discussions, resources, and more. Please visit the course Canvas page often to get the most up to date information about the course and to submit course requirements.

Hardware Requirements

Canvas is accessible from both PC and Mac computers with a reliable internet connection. You

will also need to be able to access audio and video files. Subsequently, you should have access to speakers or headphones that allow you to hear the audio.

Software Requirements

You will need to have some ability to listen to audio in an mp3 format, watch videos in mp4 format, stream online videos, and read .pdf files. There are a number of free software online that can be downloaded for free. If you need assistance with locating software please feel free to contact the Chaminade Help Desk at helpdesk@chaminade.edu or (808) 735-4855.

Technical Assistance for Canvas Users:

- Search for help on specific topics or get tips in [Canvas Students](#)
- [Live chat with Canvas Support for students](#)
- Canvas Support Hotline for students: 1-833-209-6111
- Watch this [video to get you started](#)

Contact the Chaminade IT Helpdesk for technical issues: helpdesk@chaminade.edu or call (808) 735-4855

Learning Outcomes

Program Learning Outcomes (PLOs)

Upon completion of the MSCP program, the student will be able to:

1. Identify counseling theories, principles, concepts, techniques, and facts in mental health counseling.
2. Demonstrate the ability to facilitate the counseling process with clients in a mental health setting.
3. Identify the relationship between adaptation and change, and the counseling process in a mental health setting.

Course Learning Outcomes (CLOs)

Upon completion of P646MH, the student will be able to:

1. Identify and develop counseling/professional competencies, including (a) assessment & diagnosis/DSM-V, (b) therapeutic intervention, (c) charting and case-conceptualization, and (d) logging of your clinical hours. (PLO 1,2,3) This will be assessed and confirmed by submission of Practicum time logs, Conceptual Framework Essay, and Counseling Dyad Video and Written Reflection Assignment.

2. Examine professional and ethical issues in the counseling field, including (a) management of confidential information, (b) informed consent, (c) competence and boundaries of responsibility, (d) dual relationships, and (e) professional work ethic. (PLO 1,2) This will be assessed by weekly discussions on weekly journals, Counseling Dyad Video and Written Reflection, and Conceptual framework essay.
3. Develop the importance of utilizing supervision, including (a) preparation for supervision, (b) active engagement during supervision, (c) ability to articulate lessons learned from supervision (PLO 2,3) This will be assessed by weekly journal discussion posts.
4. Demonstrate clear understanding of counseling theories and your own conceptual framework (PLO1,2) This will be assessed by a Conceptual framework essay.
5. Recognize an awareness of referral agencies in the community (PLO 2,3). This will be assessed by weekly Counseling Theory Presentation with a focus on the student's Practicum Site.
6. Examine the role of culture and diversity in assessment and counseling (PLO 1,2,3) This will be assessed by weekly discussions on weekly journals, Counseling Dyad Video and Written Reflection, and Conceptual framework essay.
7. Research literature that informs counseling practice (PLO 1,2) This will be assessed by Counseling Dyad Written Reflection, and Conceptual framework essay.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
Catholic Universities affirm an intricate relationship between reason and faith. As important as discursive and logical formulations and critical thinking are, they are not able to capture all that can be and ought to be learned. Intellectual rigor, coupled with respectful humility, provide a more profound preparation for both career and life. Intellectual rigor characterizes the pursuit of all that can be learned. Respectful humility reminds people of faith that they need to learn from those who are of other faiths and cultures, as well as from those who may have no religious faith at all.
2. Provide an integral, quality education.
In the Marianist approach to education, "excellence" includes the whole person, not just the technician or rhetorician. Marianist universities educate whole persons,

developing their physical, psychological, intellectual, moral, spiritual and social qualities. Faculty and students attend to fundamental moral attitudes, develop their personal talents and acquire skills that will help them learn all their lives. The Marianist approach to education links theory, practice, liberal and professional education. Our age has been deeply shaped by science and technology. Most recently, information and educational technologies have changed the way faculty and students research and teach. At Marianist Universities, two goals are pursued simultaneously: an appropriate use of information technology for learning, and the enhancement of interaction between students and teachers. As Catholic, Marianist Universities seek to embrace diverse peoples and understand diverse cultures, convinced that ultimately, when such people come together, one of the highest purposes of education is realized: a human community that respects every individual within it.

3. Educate in family spirit.

Known for their strong sense of community, Marianists have traditionally spoken of this sense as “family spirit.” Marianist educational experience fosters the development of a community characterized by a sense of family spirit that accepts each person with loving respect, and draws everyone in the university into the challenge of community building. Family spirit also enables Marianist universities to challenge their students, faculty and staff to excellence and maturity, because the acceptance and love of a community gives its members the courage to risk failure and the joy of sharing success.

4. Educate for service, justice and peace, and integrity of creation.

The Marianist approach to higher education is deeply committed to the common good. The intellectual life itself is undertaken as a form of service in the interest of justice and peace, and the university curriculum is designed to connect the classroom with the wider world. In addition, Marianist universities extend a special concern for the poor and marginalized and promote the dignity, rights and responsibilities of all people.

5. Educate for adaptation and change.

In the midst of rapid social and technological change, Marianist universities readily adapt and change their methods and structures so that the wisdom of their educational philosophy and spirituality may be transmitted even more fully. “New times call for new methods,” Father Chaminade often repeated. The Marianist university faces the future confidently, on the one hand knowing that it draws on a rich educational philosophy, and on the other fully aware that for that philosophy to remain vibrant in changing times, adaptations need to be made.

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Ōlelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Ōlelo No'eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Ōlelo No'eau 1957) Acquire skill and make it deep.
3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho la ka nohana 'ohana ('Ōlelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Ōlelo No'eau 1430) Education is the standing torch of wisdom.
5. Educate for Adaptation and Change (Aina) 'A'ohe pau ka 'ike i ka hālau ho'okahi ('Ōlelo No'eau 203) All knowledge is not taught in the same school

Academic Conduct Policy

From the 2019-2020 Undergraduate Academic Catalog (p. 39):

Any community must have a set of rules and standards of conduct by which it operates. At Chaminade, these standards are outlined so as to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website.

For further information, please refer to the Student Handbook which is linked annually on the following webpage: <https://chaminade.edu/current-students/>

Alignment of Course Learning Outcomes

See “Tentative Course Schedule and Due Dates” located on the last page of this syllabus.

Discussions

Weekly discussions including group and pair-share discussions are a part of the course. This will count towards your attendance checks. Each student is expected to participate in the discussion with a group or partner, then respond to the discussion post on Canvas. Response on canvas is due by 9:30pm of each class date.

Assignments

Assignments will be discussed during class sessions and will be listed in the “Modules” page on Canvas.

As there will be no quizzes, exams, or team projects, please invest your time and effort into the assignments, including the weekly hour log and weekly journals, written case report and case presentation.

Within a week of submission, the instructor will grade your submission and update the points for the assignment (if points are awarded for that particular assignment). If there are questions or concerns from instructor or student, communication can be through CUH email or through the Canvas inbox feature.

Logs 10 @ 10 pts = 100 pts total

Submit signed logs to your instructor every week. You will submit your logs for review for correct format, clarity of entry, and completeness on a weekly basis. Once your logs have been properly completed, you will submit a copy on the Canvas module for the corresponding week, and turn in the hard copy to your instructor for holding and tracking, as this may be required for graduation and future licensure. If you are having trouble with turning in your logs you must inform your instructor as soon as possible. The sooner you address the situation the more support can be offered in a timely manner. Please ask questions, the more clarity you have, the less stress you will encounter.

Journal/Supervisor Preparation Form 10 @ 5 pts = 50 total pts

You will submit a completed Journal Form/Supervision Preparation Form each week. It is expected that you will use this form to both prepare for supervision and to relate to class about your supervision experience. Please upload a copy of your form each week on Canvas and keep the hard copies for your records.

Quizzes

None

Exams

None

Team Projects

None

Individual Project

Case Presentation = 25 total pts

You will present 1 case that you have been actively involved with. Cases should be of a client you have seen at least 3 times so that you have sufficient information. The case presentation should be accompanied by a video of a 5-10 minute segment. If videotaping is not permissible, an audiotaping or transcript (verbatim) will be required instead. In addition, you are required to select a minimum of 3 relevant journal articles (no more than 7 years old) that provide insight into the clinical problem(s) you are addressing. You will present these journals in the context of your case presentation. You will be mindful of the requirement to ensure confidentiality.

As noted in the internship handbook "Internship students must show an appropriate copy of the informed consent form (as specified below) to the Internship Instructor prior to presenting a case to the class." Specifically, on the copy of the informed consent form, the identifying information and identity/signature of the client or responsible party should be either "blacked out" or a code name or number used so that the client's identifying information is not legible. However, the signature of the site supervisor and the student must be visible.

Deliverables: 1) Consent form; 2) A copy of your session (video or audio) or session transcript; and 3) a minimum of 3 abstracts of the journal articles you used for your presentation; 4)

Present your case to the class. Your presentation, including the video of your session (or review of your transcription) should be approximately 30 minutes in length.

If you have a situation where you are unable to record, transcribe and or video your sessions, you will need to partner with a class member and record a dyad, using the format as described prior.

Final Project

Written Case report = 25 total pts

You will complete 1 Counseling Initial Evaluation form for a client you have seen at least 3 times. The evaluation form will also include an initial diagnostic impression and tentative treatment plan.

As noted in the internship handbook "Internship students must show an appropriate copy of the informed consent form (as specified below) to the Internship Instructor prior to presenting a case to the class." Specifically, on the copy of the informed consent form, the identifying information and identity/signature of the client or responsible party should be either "blacked out" or a code name or number used so that the client's identifying information is not legible. However, the signature of the site supervisor and the student must be visible.

Supervisors evaluation = 200 pts

You must perform adequately at your practicum site(s) to pass this class.

Your supervisor's evaluation comprises approximately 50% of your grade. Evaluations that consist of "acceptable" rating or higher will be awarded full points. Each rating of "Below Expectations" or "Far Below Expectations" will result in a loss of significant points and may result in failing the class. Ratings from all supervisors will count towards the determination of your score. (One supervisor's more favorable review does not compensate for poor evaluations from another supervisor.)

Course Policies

Attendance

If you miss more than one class, you will be given a "C" and you must retake the class. Students with disabilities who have obtained accommodations from the Chaminade University of Honolulu ADA Coordinator may be considered for an exception when the accommodation does not materially alter the attainment of the learning outcomes.

Federal regulations require continued attendance for continuing payment of financial aid. When illness or personal reasons necessitate continued absence, the student should communicate first with the instructor to review the options. Anyone who stops attending a course without official withdrawal may receive a failing grade or be withdrawn by the instructor at the instructor's discretion.

Late Work

Late work will not be accepted in this course unless an arrangement is made with the instructor.

Extra Credit

Extra credit will be given at the discretion of the instructor. Only when deemed appropriate and will not be offered as a replacement of required assignments or if detrimental or unfair to the integrity of the course.

Changes to the Syllabus

While the provisions of this syllabus are as accurate and complete as possible, your instructor reserves the right to change any provision herein at any time. Every effort will be made to keep you advised of such changes, and information about such changes will be available from your instructor.

Grades of Incomplete

Site Supervisors evaluations are worth 200 points (50% of your grade deduction if less than satisfactory). **You must perform adequately at your practicum site(s) to pass this class.**

Evaluations that consist of “acceptable” rating or higher will be awarded full points. Each rating of “Below Expectations” or “Far Below Expectations” will result in a loss of critical points and may result in an incomplete. Ratings from all supervisors will count towards the determination of your score. (One supervisor’s more favorable review does not compensate for poor evaluations from another supervisor.)

In addition, 100 hours of practicum experience is required to move into the Internship A/B parts of your education. If 100 hours are not met by the end of the semester, you will not be able to move onto the next parts of the program.

Final Grades

Final grades are submitted to [Self-Service](#):

A = 400-300

B = 299-200

C = 199-0 (Retake the course)

Important Information

ACA 2014 Code of Ethics

Section C: Professional Responsibility

Introduction

... counselors engage in self-care activities to maintain and promote their own emotional, physical, mental, and spiritual well-being to best meet their professional responsibilities.

C.2.g: Impairment

Counselors monitor themselves for signs of impairment from their own physical, mental, or emotional problems and refrain from offering or providing professional services when impaired. They seek assistance for problems that reach the level of professional impairment, and, if necessary, they limit, suspend, or terminate their professional responsibilities until it is determined that they may safely resume their work. Counselors assist colleagues or supervisors

in recognizing their own professional impairment and provide consultation and assistance when warranted with colleagues or supervisors showing signs of impairment and intervene as appropriate to prevent imminent harm to clients.

<https://www.counseling.org/Resources/aca-code-of-ethics.pdf>

Academic Honesty

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the world. Violations of the principle of academic honesty are extremely serious and will not be tolerated.

Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a University official. Academic dishonesty may include theft of records or examinations, alteration of grades, and plagiarism, in addition to more obvious dishonesty.

Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Dean of the Academic Division. Punishment for academic dishonesty will be determined by the instructor and the Dean of Academic Division and may include an "F" grade for the work in question, an "F" grade for the course, suspension, or dismissal from the University.

For the most up to date information, please refer to the [Academic Honesty Policy](#) on the Chaminade University Catalog website.

Title IX and Nondiscrimination Statement

Chaminade University of Honolulu is committed to providing a learning, working and living environment that promotes the dignity of all people, inclusivity and mutual respect and is free of all forms of sex discrimination and gender-based violence, including sexual assault, sexual harassment, gender-based harassment, domestic violence, dating violence, and stalking. As a member of the University faculty, I am required to immediately report any incident of sex discrimination or gender-based violence to the campus Title IX Coordinator.

Nondiscrimination Policy & Notice of Nondiscrimination

Chaminade University of Honolulu does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX and its regulations, including in admission and employment. Inquiries about Title IX may be referred to the University's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both and contact information may be found at the [Chaminade University Title IX Office Contact Information and Confidential Resources website](#). On-campus Confidential Resources may also be found here at [CAMPUS CONFIDENTIAL RESOURCES](#).

The University's Nondiscrimination Policy and Grievance Procedures can be located on the University webpage at:

<https://chaminade.edu/compliance/title-ix-nondiscrimination-policies-procedures/>.

To report information about conduct that may constitute sex discrimination or make a complaint of sex discrimination under Title IX, please refer to the [Campus Incident Report form](#). Chaminade University of Honolulu prohibits sex discrimination in any education program or activity that it operates. The NOTICE of NONDISCRIMINATION can be found here: [Notice of Nondiscrimination](#).

CUH Alert Emergency Notification

To get the latest emergency communication from Chaminade University, students' cell numbers will be connected to Chaminade's emergency notification text system. When you log in to the Chaminade portal, you will be asked to provide some emergency contact information. If you provide a cell phone number, you will receive a text from our emergency notification system asking you to confirm your number. You must respond to that message to complete your registration and get emergency notifications on your phone.

Assessment for Student Work

With the goal of continuing to improve the quality of educational services offered to students, Chaminade University conducts assessments of student achievement of course, program, and institutional learning outcomes. Student work is used anonymously as the basis of these assessments, and the work you do in this course may be used in these assessment efforts.

Student with Disabilities Statement

Chaminade University of Honolulu offers accommodations for all actively enrolled students with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA) of 1990, and the ADA Amendments Act (2008).

Students are responsible for contacting Kokua Ike: Center for Student Learning to schedule an appointment. Verification of their disability will be requested through appropriate documentation and once received it will take up to approximately 2–3 weeks to review them. Appropriate paperwork will be completed by the student before notification will be sent out to their instructors. Accommodation paperwork will not be automatically sent out to instructors each semester, as the student is responsible to notify Kokua Ike via email at ada@chaminade.edu each semester if changes or notifications are needed.

Kōkua ‘Ike: Tutoring & Learning Services

Chaminade is proud to offer free, one-on-one tutoring and writing assistance to all students. Tutoring and writing help is available on campus at Kōkua ‘Ike: Center for Student Learning in a variety of subjects (including, but are not limited to biology, chemistry, math, nursing, English, etc.) from trained Peer and Professional Tutors. Please check [Kōkua ‘Ike’s](#) website for the latest times, list of drop-in hours, and information on scheduling an appointment. Free online tutoring is also available via TutorMe. Tutor Me can be accessed 24/7 from your Canvas account. Simply click on Account > TutorMe. For more information, please contact Kōkua ‘Ike at tutoring@chaminade.edu or 808-739-8305.

Chaminade Counseling Center

Students may consider counseling when they may need an unbiased perspective on issues they are facing or when they are unable to manage their own difficulties independently and their day-to-day functioning is being impacted. For more information regarding the Counseling Center services, please email counselingcenter@chaminade.edu, call 808-735-4845, or visit: <https://chaminade.edu/student-life/counseling-center/counseling-services/>

Scientific Method

In part, engaging in the process of counseling is dependent upon understanding and applying the scientific method and evidence based research

The **METHODS OF SCIENCE** are only tools, tools that we use to obtain knowledge about phenomena.

The **SCIENTIFIC METHOD** is a set of assumptions and rules about collecting and evaluating data. The explicitly stated assumptions and rules enable a standard, systematic method of investigation that is designed to reduce bias as much as possible. Central to the scientific method is the collection of data, which allows investigators to put their ideas to an empirical test, outside of or apart from their personal biases. In essence, stripped of all its glamor, scientific inquiry is nothing more **THAN A WAY OF LIMITING FALSE CONCLUSIONS ABOUT NATURAL EVENTS.**

Knowledge of which the credibility of a profession is based must be objective and verifiable (testable) rather than subjective and untestable.

SCIENCE is a mode of controlled inquiry to develop an objective, effective, and credible way of knowing.

The assumptions one makes regarding the basic qualities of human nature (that is, cognitive, affective, behavioral, and physiological processes) affect how one conceptualizes human behavior.

The two basic functions of scientific approach are 1) advance knowledge, to make discoveries, and to learn facts in order to improve some aspect of the world, and 2) to establish relations among events, develop theories, and this helps professionals to make predictions of future events.

The above quotes were taken directly from:

Research Design And Counseling
Heppner, Kivlighan, and Wampold

A **THEORY** is a large body of interconnected propositions about how some portion of the world operates; a **HYPOTHESIS** is a smaller body of propositions. **HYPOTHESES** are smaller versions of theories. Some are derived or born from theories. Others begin as researchers' hunches and develop into theories.

The **PHILOSOPHY OF SCIENCE** decrees we can only falsify, not verify (prove), theories because we can never be sure that any given theory provides the best explanation for a set of observations.

The above quotes were taken directly from:

Research Method In Social Relations
Kidder

THEORIES are not themselves directly proved or disproved by research. Even **HYPOTHESES** cannot be proved or disproved directly. Rather, research may either support or fail to support a particular hypothesis derived from a theory.

Scientific research has four general goals: (1) to describe behavior, (2) to predict behavior, (3) to determine the causes of behavior, and (4) to understand or explain behavior.

The above quotes were taken directly from:

Methods In Behavioral Research
Cozby

In order to verify the reliability and validity of scientific research it is important to replicate the results. It is the preponderance of evidence that establishes/supports the theory.

The above quote was taken from:

<http://allpsych.com/researchmethods/replication.html>
