Course Description & Materials

Catalog Course Description

This course is a basic introduction to the history, development and theories of the field of family therapy. The focus will be on the major theoretical models of family therapy, their similarities and differences, and conceptual foundations. Students will develop a basic understanding of family therapy concepts as applied in clinical practice, and begin to formulate their own personal framework through integration across theoretical models.

Mission Statement for Masters of Science in Marriage and Family Therapy

The Chaminade MFT Masters program has been developed on a firm foundation in the Marianist Educational Values of a formation in faith; quality education; family spirit; service, justice and peace; and adaptation and change. Each of these five core values are incorporated throughout the program to help graduates develop as not only practitioners but also as whole individuals who are ready to serve families and communities. The aim of the program is to prepare practitioners who think systemically, promote cultural humility and socially just-informed practices and programs, practice evidence-informed couple and family therapy approaches and actively contribute to the ongoing development of the profession in Hawaii. Special attention is given in this program to the honoring of groups including Native Hawaiians and Pacific Islanders, in addition to other diverse populations.

Time Allocation

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in a minimum of 45 hours of engagement, regardless of varying credits, duration, modality, or degree level. This equates to one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester. Terms that have alternative lengths, such as 10-week terms, should have an equivalent amount of faculty instruction and out-of-class student work to meet each credit hour. Direct instructor engagement and out-of-class work result in a total student engagement time of 45 hours for one credit. The number of engagement hours may be higher, as needed to meet specific learning outcomes.

Masters students are expected to perform work of higher quality and quantity, however typically a minimum of forty-five hours of student engagement for each student credit hour is required, although instructors may require roughly a third more work than this minimum undergraduate credit hour requirement. Therefore, a 3-credit masters+ course would typically require engagement of approximately 135 hours for the average student for whom the course is designed. The minimum 45 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
2. Provide an integral, quality education.
3. Educate in family spirit.
4. Educate for service, justice and peace, and integrity of creation.
5. Educate for adaptation and change.

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Ōlelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Ōlelo No'eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Ōlelo No'eau 1957) Acquire skill and make it deep.

3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho la ka nohana 'ohana ('Ōlelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Ōlelo No'eau 1430) Education is the standing torch of wisdom.
5. Educate for Adaptation and Change (Aina) 'A'ohe pau ka 'ike i ka hālau ho'okahi ('Ōlelo No'eau 203) All knowledge is not taught in the same school

Course Activities

Course Learning Outcomes(CLO)	Assessment & Description	Contribution (%) to Final Grade
1. Synthesize the historical development of the MFT relational/systemic philosophy (PLO1)	<i>Attendance & Participation</i> Attendance and participation in class are of primary importance. Since this course is run in a hybrid fashion, each class meeting will be important. Please login to class on-time and having completed the assigned readings prior to arrival. In the event of your absence please make every effort to contact the instructor prior to class time. Points earned for each class is based on attending and engaging with the course content (which is observed by discussing the theory, asking and answering questions, taking notes, not being distracted or distracting others). Any graded in-class assignment may not be made-up. If you miss more than one class, you will be given a "C" and you must retake the class. (Graduate programs policy) In addition, instructors have the option to penalize for tardiness or leaving early.	20%
	<i>Class Discussions</i> There will be online discussions on material related to the theories covered in this course. Please log in each week and make sure to engage in meaningful discussion with your peers to deepen your understanding and application of the theories. Your initial post is due Thursday and your response to your peers are due on Sunday.	8%

2. Describe major theoretical models of family therapy and their components (PLO1)	<i>Assumptions & Applications Assignments</i> Students will write 4 A&A papers. The A&A paper is a 3-4 page paper (double-spaced, 12pt font) answering specific questions about the assumptions and applications of 4 of the advanced models covered in this class. The length of this assignment is specific to ensure that each of the facets of the theory is discussed sufficiently.	32%
3. Assess similarities and differences of major theoretical models of MFT (PLO2)	<i>Assumptions & Applications Assignments (See above)</i>	-
4. Synthesize understanding of family therapy concepts with their own personal framework for future clinical practice (PLO2)	<i>Final Integrative Model Paper & Presentation</i> Students will write a 8 page paper examining the application of one theory covered over the course of the term. The model you choose to write about should be because you feel aligned with those models core assumptions about change. This paper is aimed at exploring your emerging therapeutic style and how you envision change in therapy. You may choose among one of the 8 theories that you wrote about in the A&A papers (e.g. Structural Family Therapy, Bowen/Intergenerational Theory, Experiential-Satir/Whitaker, Contextual therapy Strategic Family Therapy, Cognitive-Behavioral Family Therapy, SFBT, Narrative Family Therapy). You will identify ways the theories 1) resonate with you personally, with a review of the philosophical underpinnings, 2) what evidence or literature exists attending to the theories, and 3) how you conceptualize your work with clients (with a focus on diversity and inclusion) utilizing your selected model/theory. Students will need to cite (in APA format) a minimum 10 original academic sources for the model chosen (must be academic articles and/or books—online web and wiki pages will not count toward this total). Rubric will be provided on Canvas. Papers will need to be in APA-format, which includes 12-pt serif font, double-spaced, 1-inch margins, using appropriate level headings, correct in-text citations and corresponding reference on Reference page, and the paper should be written in a formal academic tone which means a focused and well-structured paper, no baseless claims and assumptions, correct credit provided to originators of ideas, theories, or findings, no use of hyperbole, and avoiding first-person language.	30% 10%

Ethical Behavior of MS-MFT Students

Students will abide by the American Association of Marriage and Family Therapy (AAMFT) Code of Ethics. It is your responsibility to be familiar with the guidelines. Ethical violations are serious and may lead to disciplinary action, which could lead to separation from the MS-MFT program.

Expectations for online classes

If any or all of your class meetings are held online, these are the expectations:

1. Please find a space to log in on your video conferencing enables device, that is quiet and private, preferably within a room with the door closed. Often classroom discussions involve private or confidential information such as when discussing examples of client cases or consulting on real clients, and thus the need for privacy.
2. While in class, you should have your video turned on and be muted to minimize background noise unless you are speaking, asking or answering questions. At different times during the class such as during discussions (before or after the lecture), role-plays, presentations, and when you are engaging with peers and the instructor, the instructor and your classmates should be able to see and hear you.

Writing Policy

All papers should be written in APA format unless stated otherwise. APA format includes 1-inch margins, double-spaced, 12-point serif font, in-text citations, and a reference page. Please refer to the syllabus for paper submissions, over Canvas or hard copy/printed in class.

Plagiarism

Any submitted assignments containing a portion of someone else’s work i.e. full sentences, sections, or paragraphs that are copied verbatim AND is not cited and referenced correctly, is plagiarism. Students will automatically receive a grade of 0 for that assignment and possible department and college-level consequences.

Any assignment content composed by any resource other than you, regardless of whether that resource is human or digital, must be attributed to the source through proper citation.

Unattributed use of online learning support platforms and unauthorized sharing of instructional property are forms of scholastic dishonesty and will be treated as such.

Artificial intelligence (AI) language models, such as ChatGPT, and online assignment help tools, such as Chegg®, are examples of online learning support platforms: they can not be used for course assignments except as explicitly authorized by the instructor. The following actions are prohibited in this course:

- Incorporating any part of an AI generated response in an assignment or online discussion
- Using AI to brainstorm, formulate arguments, or template ideas for assignments
- Using AI to summarize or contextualize source materials
- Submitting your own work for this class to an online learning support platform for iteration or improvement
- Using AI programs to input quiz/exam questions to retrieve answers to be submitted
- If you are in doubt as to whether you are using an online learning support platform appropriately in this course, I encourage you to discuss your situation with me. You are prohibited from using generative AI to write any part of the Final Theory paper in this course. The consequences may be and are not limited to a zero grade for the Final paper, possible failing grade for the course, and notification to the program/university.

General expectations and requirements

Students are expected to:

1. Attend class consistently and punctually. If you know you are going to be absent, please inform the instructor at your earliest opportunity. You are responsible for obtaining all material when you miss a class. Missing class time will have a negative effect on your learning and likely your grade.
2. Complete assigned readings prior to the date of discussion in class and be prepared to participate respectfully in class discussions with questions and comments from the readings, the information presented in class, and your own ideas.
3. Complete assignments by the beginning of class on the date they are due. All assignments must follow the writing policy.
4. At the graduate level, learning is primarily student-generated and is supplemented by course instruction. Therefore, the responsibility rests upon the student to master the material.

The readings have been intentionally selected to contribute substantive material to the course. That is, the readings are not supplemental to the course, they are central. Therefore, prior to each class, significant preparation and reading is necessary. Please be able to access the readings when you are in class.

Citations and References

- Please cite a source every time you copy a phrase, quote, or paraphrase someone else's words. If you use someone's words verbatim, you will have to use quotation marks and in

parenthesis note the author's last name, year of publication, and the page from which you took the quote.

- Example of how to cite a direct quote:
- Past research has indicated that “becoming parents heightens couples’ awareness of their identity intersections and they turn towards mutually supporting each other” (Hawkins, 2016, p. 121).
- If you paraphrase or just report on what you’ve read of someone’s publication, use the parentheses but omit the page number.
- Example of how to cite a direct quote:
- There is evidence that couples become more aware of their identity, such as race and religion after becoming parents (Hawkins, 2016).
- Always use the (Author, Year) format. Please refer to APA formatting requirements in the Publication Manual of the American Psychological Association, 6th edition.
- The Purdue website can also be helpful:
