

## MA 305: Math for Elementary Teachers I

### School of Education & Behavioral Science

[Chaminade University of Honolulu](#)

3 Credits

Summer 2025

**Instructor** Dr. Carli Miyashiro

**Office Location**

Zoom

**Email** carli.miyashiro@chaminade.edu

**Office/Zoom Hours**

By Appointment

**Cell Phone** 831-588-1397

**Class Meeting Day and Time**

Asynchronous, at your own pace

**Term:** Spring 2026

#### Required Learning Materials

- **Textbook (Required):** Liljedahl, P., Zager, T., & Wheeler, L. (2021). *Building thinking classrooms in mathematics: 14 teaching practices for enhancing learning: grades K-12*. Corwin. ISBN-10: 1544374836
- **Textbook (Recommended):** Beckmann, S. (2017). *Mathematics for Elementary Teachers with Activities*. 5th ed. Pearson. ISBN-10: 0134392795
- **Google Drive/3-Ring Binder:** This comprises problem-solving sets, discussion posts, and all other assignments.

#### Additional Resources

- [The Math Learning Center – Virtual Math Manipulatives](#)

**Hardware Requirements:** Canvas is accessible from both PC and Mac computers with a reliable internet connection. You will also need to be able to access audio and video files. Subsequently, you should have access to speakers or headphones to hear the audio.

**Software Requirements:** You will need to be able to listen to audio in an MP3 format, watch videos in MP4 format, stream online videos, and read PDF files. There are several free software programs online that can be downloaded for free. If you need assistance locating software, please contact the Chaminade Help Desk at [helpdesk@chaminade.edu](mailto:helpdesk@chaminade.edu) or (808) 735-4855.

#### University Course Catalog Description

This course provides prospective elementary education majors with a deeper and more comprehensive understanding of fundamental concepts underlying the mathematics taught in grades K through 8. This course focuses on the big ideas of geometry, measurement, data analysis, and probability and statistics. This course fulfills an upper-division elective requirement for mathematics majors in elementary education.

*Prerequisites: MA 105*

## **Course Overview**

This second elementary math course provides insight into different strategies to solve K-8 mathematics problems conceptually and procedurally.

## **Course Approach**

There are only two due dates: 1) Your course completion Schedule is due by 11:59 pm seven days after the course starts, Monday, May 12, 2025, and 2) MAA is due by 11:59 pm on Monday, June 30. Failure to meet these deadlines could result in removal from the course. You have the convenience and ability to work at your own pace and complete assignments when convenient. You can work as fast as you want, meaning you can complete the course in as little as six weeks or up to four months.

## **Communication Guidelines**

### **Email:**

- Use the Chaminade email account provided. Or you can use the Canvas email.
- Always include a subject line.
- Remember, some comments may be misinterpreted without facial expressions. Be careful in wording your emails. Emoticons might be helpful in some cases.
- Use standard fonts.
- Special formatting, such as centering, audio messages, tables, HTML, etc., should be avoided when completing an assignment or other communication.

### **Discussion Guidelines:**

- Do not make insulting or inflammatory statements to other discussion group members. Be respectful of others' ideas.
- Be patient and read the comments of others thoroughly before entering your remarks.
- Be positive and constructive when responding to others' posts.
- Respond in a thoughtful and timely manner.

## **Marianist Values**

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles, and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith
2. Provide an integral, quality education
3. Educate in family spirit
4. Educate for service, justice, and peace
5. Educate for adaptation and change

## **Native Hawaiian Values**

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the 'Olelo No'eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua ('Olelo No'eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na'auao) Lawe i ka ma'alea a kū'ono'ono ('Olelo No'eau 1957) Acquire skill and make it deep.

3. Educate in Family Spirit ('Ohana) 'Ike aku, 'ike mai, kōkua aku kōkua mai; pela iho la ka nohana 'ohana ('Ōlelo No'eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no'eau ('Ōlelo No'eau 1430) Education is the standing torch of wisdom.
5. Educate for Adaptation and Change (Aina) 'A'ohe pau ka 'ike i ka hālau ho'okahi ('Ōlelo No'eau 203). All knowledge is not taught in the same school.

### **Program Learning Outcomes (PLO)**

1. Apply knowledge of learner development, learner differences, diverse students, and the learning environment to optimize learning for Elementary students.
2. Describe central concepts, tools of inquiry, and structures of the subject matter disciplines for Elementary students.
3. Utilize formative and summative assessments to determine, select, and implement effective instructional strategies for Elementary students.
4. Analyze the history, values, commitments, and ethics of the teaching profession within the school community.
5. Explain the Marianist tradition of providing an integral, quality education within diverse learning communities.

### **Course Learning Outcomes (CLO)**

1. Students will be able to demonstrate and justify inventive and standard algorithms for addition, subtraction, multiplication, and division of whole numbers, integers, fractions, and decimals.
2. Students will be able to use problem-solving skills to investigate real-life mathematical situations and communicate mathematical ideas with others verbally, numerically, symbolically, graphically, and/or geometrically.
3. Students will be able to explain the use of elementary classroom manipulatives to model sets, operations, and algorithms.
4. Students will read for personal growth as educators and write to inform others about informational texts.

### **General Education Learning Outcomes**

1. Students will analyze and interpret quantitative data
2. Students will define, identify, locate, evaluate, synthesize, and demonstrate relevant information.

## Alignment of Learning Outcomes

	CLO 1	CLO 2	CLO 3	CLO 4
Marianist Values	Provide an integral and quality education. Educate for adaptation and change.	Provide an integral and quality education. Educate for adaptation and change.	Provide an integral and quality education. Educate for adaptation and change.	Provide an integral and quality education. Educate for adaptation and change.
WASC Core Competencies	Written Communication Oral Communication Quantitative Reasoning Critical Thinking	Written Communication Oral Communication Quantitative Reasoning Critical Thinking	Oral Communication Quantitative Reasoning Critical Thinking	Written Communication
Program Outcomes	1, 2	1, 2	1, 2	1, 2, 4

## Assessment

The assignments in this course are designed to contribute in a different and significant way to your knowledge and experience relative to the diagnosis and remediation of mathematics and teaching elementary mathematics. You are responsible for turning in all assignments on time before the due dates you choose in your Course Completion Schedule in Module 1 of this course. A scoring rubric is provided with every assignment to ensure you know what is required to receive the desired score. Feedback and grades on all assignments are provided within 7 days of submission.

### 1. Participation Assignments – 0% of Final Grade

Module 1: [1 point per assignment]

- Two assignments described on Canvas contribute to your overall participation in this course: an introductory post and a course completion schedule. Although these are not a contributing factor to your final grade, they are required to complete
- Due 14 days after the start of class

### 2. Problem-Solving Sets (PSS) – 30% of Final Grade [CLO 1, 2, & 3]

Modules 1, 2, 3, 4, 6, 7, 8, 9: [10 points per set]

- You will complete five questions from each chapter's content. These questions require detailed explanations of thought processes and mathematical drawings to show solutions.

### 3. Open Middle Problems (OMP) – 25% of Final Grade [CLO 1, 2, & 3]

Module 5 & 10: [25 points each]

- The open middle problems focus on content demonstrated in the guided notes and strategies used in your problem-solving sets. These are meant to be thought-provoking and provide you with a resource for future classrooms.

### 4. Mathematical Approach Analyses – 25% of Final Grade (10% each) [CLO 1]

Module 5 & 10: [25 points each]

- You will observe, analyze, and reflect on how five different people, not from this course, solve particular mathematics problems covered in selected chapters mentally and on paper with algorithms/diagrams.

### **5. Building Thinking Classrooms in Mathematics Reflections – 20% of Final Grade [CLO 4]**

Module 1, 2, 3, 4, 6, 7, 8, 9: [5 points each]

- You will answer reflection questions based on what you read in the assigned chapters. This book by Peter Liljedahl is a game changer for all future mathematics educators.

#### **Grading Scale**

Letter grades are given in all courses except those conducted on a credit/no credit basis. Grades are calculated from the student's daily work, class participation, quizzes, tests, term papers, reports, and the final examination. They are interpreted as follows:

A	90 - 100 %	Outstanding scholarship and an unusual degree of intellectual initiative
B	80 - 89 %	Superior work done in a consistent and intellectual manner
C	70 - 79 %	Average grade indicating a competent grasp of subject matter
D	60 - 69 %	Inferior work of the lowest passing grade, not satisfactory for fulfillment of the prerequisite coursework
F	0 - 59 %	Failed to grasp the minimum subject matter; no credit given

## **Course Policies**

#### **Late Work Policy**

There are only two due dates: 1) Your course completion Schedule is due by 11:59 pm fourteen days after the course starts, Monday, January 26, 2026, and 2) MAA is due by 11:59 pm on Monday, March 9. Failure to meet these deadlines could result in removal from the course. You have the convenience and ability to work at your own pace and complete assignments when convenient. You can work as fast as you want, meaning you can complete the course in as little as six weeks or up to four months.

#### **Grades of "Incomplete"**

This policy on incomplete grades aligns with the same University policies.

#### **Writing Policy**

For any writing assignments, please use APA format. Please refer to <https://apastyle.apa.org> for any specific style and grammar guidelines questions.

#### **Instructor and Student Communication**

Questions for this course can be emailed to the instructor at [carli.miyashiro@chaminade.edu](mailto:carli.miyashiro@chaminade.edu). Online and/or phone conferences can be arranged. Response time will take up to 48 hours.

## Additional Services

### Disability Access

If you need individual accommodations to meet course outcomes because of a documented disability, please speak with me to discuss your needs as soon as possible so that we can ensure your full participation in class and fair assessment of your work. Students with special needs who meet the criteria for the Americans with Disabilities Act (ADA) provisions must provide written documentation of the need for accommodations from Kōkua 'Ike: Center for Student Learning by the end of week three of the class for instructors to plan accordingly. If a student would like to determine if they meet the criteria for accommodations, they should contact the Kōkua 'Ike Coordinator at (808) 739-8305 for further information ([ada@chaminade.edu](mailto:ada@chaminade.edu)).

### Technical Assistance for Canvas Users:

- Search for help on specific topics or get tips in [Canvas Students](#)
- [Live chat with Canvas Support for students](#)
- Canvas Support Hotline for students: +1-833-209-6111
- Watch this [video to get you started](#)
- [Online tutorials](#): click on the “Students” role to access tutorials
- Contact the Chaminade IT Helpdesk for technical issues: [helpdesk@chaminade.edu](mailto:helpdesk@chaminade.edu) or call (808) 735-4855

### Tutoring and Writing Services

Chaminade is proud to offer free, one-on-one tutoring and writing assistance to all students. Tutoring and writing help is available on campus at Kōkua 'Ike: Center for Student Learning in a variety of subjects (including, but not limited to: biology, chemistry, math, nursing, English, etc.) from trained Peer and Professional Tutors. Please check Kōkua 'Ike's website (<https://chaminade.edu/advising/kokua-ike/>) for the latest times, list of drop-in hours, and information on scheduling an appointment. Free online tutoring is also available via TutorMe. Tutor Me can be accessed 24/7 from your Canvas account. Simply click Account – Notifications – TutorMe. For more information, please contact Kōkua 'Ike at [tutoring@chaminade.edu](mailto:tutoring@chaminade.edu) or 808-739-8305.

## Chaminade University Policies

### Title IX Compliance

Chaminade University of Honolulu recognizes the inherent dignity of all individuals and promotes respect for all people. Sexual misconduct, physical, and/or psychological abuse will NOT be tolerated at CUH. If you have been the victim of sexual misconduct, physical and/or psychological abuse, we encourage you to report this matter promptly. As a faculty member, I am interested in promoting a safe and healthy environment, and should I learn of any sexual misconduct, physical and/or psychological abuse, I must report the matter to the Title IX Coordinator. If you or someone you know has been harassed or assaulted, you can find the appropriate resources by visiting Campus Ministry, the Dean of Students Office, the Counseling Center, or the Office for Compliance and Personnel Services.

### Attendance Policy

Students are expected to asynchronously attend and submit coursework in classes they are registered for. Student should notify their instructors when illness or other extenuating circumstances prevent them from attending class and make arrangements to complete missed assignments. Notification may be done by emailing the instructor's Chaminade email address, calling the instructor's campus extension, or leaving a

message with the instructor's division office. It is the instructor's prerogative to modify deadlines and course requirements accordingly. Any student who stops attending a course without withdrawing may receive a failing grade.

Students with disabilities who have obtained accommodations from the Chaminade University of Honolulu Tutor Coordinator may be considered for an exception when the accommodation does not materially alter the attainment of the learning outcomes.

Federal regulations require continued attendance for continuing payment of financial aid. When illness or personal reasons necessitate continued absence, the student should communicate first with the instructor to review the options. Anyone who stops attending a course without official withdrawal may receive a failing grade or be withdrawn by the instructor at the instructor's discretion.

### **Academic Conduct Policy**

Any community must have a set of rules and standards of conduct by which it operates. At Chaminade, these standards are outlined to reflect both the Catholic, Marianist values of the institution and to honor and respect students as responsible adults. All alleged violations of the community standards are handled through an established student conduct process, outlined in the Student Handbook, and operated within the guidelines set to honor both students' rights and campus values.

Students should conduct themselves in a manner that reflects the ideals of the University. This includes knowing and respecting the intent of rules, regulations, and/or policies presented in the Student Handbook, and realizing that students are subject to the University's jurisdiction from the time of their admission until their enrollment has been formally terminated. Please refer to the Student Handbook for more details. A copy of the Student Handbook is available on the Chaminade website.

For further information, please refer to the Student Handbook, which is linked annually on the following webpage: <https://chaminade.edu/current-students/>

### **Credit Hour Policy**

The unit of semester credit is defined as university-level credit that is awarded for the completion of coursework. One credit hour reflects the amount of work represented in the intended learning outcomes and is verified by evidence of student achievement for those learning outcomes. Each credit hour earned at Chaminade University should result in 45 hours of engagement. This equates to one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester, 10-week term, or an equivalent amount of work over a different amount of time. Direct instructor engagement and out-of-class work result in a total student engagement time of 45 hours for one credit.

The minimum 45 hours of engagement per credit hour can be satisfied in fully online, internship, or other specialized courses through several means, including (a) regular online instruction or interaction with the faculty member and fellow students and (b) academic engagement through extensive reading, research, online discussion, online quizzes or exams; instruction, collaborative group work, internships, laboratory work, practica, studio work, and preparation of papers, presentations, or other forms of assessment. This policy is in accordance with federal regulations and regional accrediting agencies.

## Suggested Course Schedule

Module #	Module Content	Assignments
Module 1	Chapter 9: Algebra Section 9.1: Numerical Expressions Section 9.2: Expressions with Variables Section 9.3: Equations Section 9.4: Solving Algebra Word Problems with Strip Diagrams and Algebra  Building Thinking Classrooms Introduction Chapter 1	Introductory Post ** Due 14 days after class starts  BTC Reflection #1
Module 2	Chapter 9: Algebra Section 9.5: Sequences Section 9.6: Functions Section 9.7: Linear and Other Relationships  Building Thinking Classrooms Chapter 2 Chapter 3	PSS (Chap 9)  BTC Reflection #2
Module 3	Chapter 10: Geometry Section 10.1: Lines and Angles Section 10.3: Circles and Spheres Section 10.4: Triangles, Quadrilaterals, and Other Polygons  Building Thinking Classrooms Chapter 4 Chapter 5	PSS (Chap 10)  BTC Reflection #3
Module 4	Chapter 11: Concepts of Measurement Section 11.1: Concepts of Measurement Section 11.2: Length, Area, Volume, and Dimension Section 11.4: Converting from One Unit of Measurement to Another  Building Thinking Classrooms Chapter 6 Chapter 7	PSS (Chap 11)  BTC Reflection #4
Module 5	Work Week Open Middle Problems (Chap 9 - 11) Mathematical Approach Analysis (Chap. 9 - 11)	OMP (Chap. 9 - 11) MAA (Chap 9 - 11) **Due March 9
Module 6	Chapter 12: Areas of Shapes Section 12.1: Areas of Rectangles Revisited Section 12.2: Moving and Additivity Principles About Area Section 12.3: Areas of Triangles Section 12.4: Areas of Parallelograms and other Polygons  Building Thinking Classrooms Chapter 8 Chapter 9	BTC Reflection #5
Module 7	Chapter 12: Area of Shapes Section 12.6: Area and Circumference of Circles and the Number Pi Section 12.8: Contrasting and Relating the Perimeter and Area of Shapes Section 12.9: Using the Moving and Additivity Principles to Prove the Pythagorean Theorem	PSS (Chap 12)  BTC Reflection #6

	<p>Building Thinking Classrooms</p> <p>Chapter 10</p> <p>Chapter 11</p>	
Module 8	<p>Chapter 13: Solid Shapes and Their Volume and Surface Area</p> <p>Section 13.1: Polyhedra and Other Solid Shapes</p> <p>Section 13.2: Patterns and Surface Area</p> <p>Section 13.3: Volumes of Solid Shapes</p> <p>Building Thinking Classrooms</p> <p>Chapter 12</p> <p>Chapter 13</p>	<p>PSS (Chap 13)</p> <p>BTC Reflection #7</p>
Module 9	<p>Chapter 14: Geometry of Motion and Change</p> <p>Section 14.1: Reflections, Translations, and Rotations</p> <p>Section 14.2: Symmetry</p> <p>Section 14.3: Congruence</p> <p>Section 14.5: Similarity</p> <p>Building Thinking Classrooms</p> <p>Chapter 14</p> <p>Chapter 15</p>	<p>PSS (Chap 14)</p> <p>BTC Reflection #8</p>
Module 10	<p>Work Week</p> <p>Open Middle Problems (Chap. 12 – 14)</p> <p>Mathematical Approach Analysis (Chap. 12 – 14)</p>	<p>OMP (Chap 5 - 8)</p> <p>MAA (Chap 5 - 8)</p>
