Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
2. Provide an integral, quality education.
3. Educate in family spirit.
4. Educate for service, justice and peace, and integrity of creation.
5. Educate for adaptation and change.

Native Hawaiian Values

Education is an integral value in both Marianist and Native Hawaiian culture. Both recognize the transformative effect of a well-rounded, value-centered education on society, particularly in seeking justice for the marginalized, the forgotten, and the oppressed, always with an eye toward God (Ke Akua). This is reflected in the ‘Olelo No’eau (Hawaiian proverbs) and Marianist core beliefs:

1. Educate for Formation in Faith (Mana) E ola au i ke akua (‘Olelo No’eau 364) May I live by God.
2. Provide an Integral, Quality Education (Na’auao) Lawe i ka ma’alea a kū’ono’ono (‘Olelo No’eau 1957) Acquire skill and make it deep.
3. Educate in Family Spirit (‘Ohana) ‘Ike aku, ‘ike mai, kōkua aku kōkua mai; pela iho la ka nohana ‘ohana (‘Olelo No’eau 1200) Recognize others, be recognized, help others, be helped; such is a family relationship.
4. Educate for Service, Justice and Peace (Aloha) Ka lama kū o ka no’eau (‘Olelo No’eau 1430) Education is the standing torch of wisdom.
5. Educate for Adaptation and Change (Aina) ‘A’ohe pau ka ‘ike i ka hālau ho’okahi (‘Olelo No’eau 203) All knowledge is not taught in the same school

Course Activities

Discussions

For discussions, you are expected to provide a substantive and thorough original post that demonstrates depth of thought, critical analysis, and a clear understanding of the topic. While there is no formal word count requirement, your response should fully address the prompt with well-developed ideas, supporting evidence where appropriate, and thoughtful reflection.

In addition to your original post (worth 10 points), you must also respond to at least one classmate's post (worth 5 points). Your response should go beyond agreement or simple comments—it should add to the conversation by offering additional insights, asking thoughtful questions, or respectfully challenging ideas to deepen the discussion. Discussions are weighted at 5% of the final grade.

Assignments

All written assignments should reflect substance, depth, and critical thinking. Your work must fully address all aspects of the prompt or assignment instructions, demonstrating a clear understanding of the material and an ability to apply, analyze, or evaluate relevant concepts. There is no strict word count (unless stated in the directions); instead, focus on thorough and well-developed responses that clearly convey your ideas.

Please ensure that all content is written in your own words. Direct quotes are not permitted. Instead, paraphrase information from your sources and properly cite them using APA formatting (7th edition). This includes in-text citations and a reference list at the end of your assignment. Be sure to proofread your work for clarity, grammar, and adherence to academic standards. Assignments are weighted at 50% of the final grade.

Interview with a Criminal Justice Professional

Each student will interview a professional in the criminal justice field. The specific questions to be asked of agency personnel will be discussed and constructed during classroom time. Upon completion of the interview, the student will prepare a summary of responses in a paper. Students will share their interview impressions with the class. The interview is weighted at 10% of the final grade.

Final Exam/Exit Assessment

At the end of the course, students will complete an exit assessment. This instrument will ask the students questions from CJ courses that they have taken during their tenure at CUH. The assessment is weighted at 5% of the final grade.

Portfolio

Students will prepare a portfolio that documents their knowledge, skills, and competencies of the Program Learning Outcomes. Specific directions are provided within the assignment. The portfolio is weighted at 30% of the final grade.

you advised of such changes, and information about such changes will be available from your instructor.

Grades of Incomplete

The current university policy concerning incomplete grades will be followed in this course. A student in good standing in a course may petition the instructor for an “I” grade. All petitions must be requested in writing via email. Good standing means that the student has fulfilled the following three requirements:

1. Has completed more than 50% of the coursework
2. Has had continued communication with the instructor throughout the term regarding the issue/extraordinary condition preventing completion of the work.
3. The extraordinary condition reported are beyond the control of the student and have led to an inability to complete course requirements.

Your instructor is the final authority on whether you qualify for an incomplete. Only one extension of 30 days per course will be allowed. Incomplete work must be finished by the end of the 30 day extension or the current grade will automatically be recorded as the final earned grade in the course on your transcript.

Important Information

Academic Honesty

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the world. Violations of the principle of academic honesty are extremely serious and will not be tolerated.

Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a University official. Academic dishonesty may include theft of records or examinations, alteration of grades, and plagiarism, in addition to more obvious dishonesty.

Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Dean of the Academic Division. Punishment for academic dishonesty will be determined by the instructor and the Dean of Academic Division and may include an "F" grade for the work in question, an "F" grade for the course, suspension, or dismissal from the University.

For the most up to date information, please refer to the [Academic Honesty Policy](#) on the Chaminade University Catalog website.

PLAGIARISM CHECKER:

You will notice in your assignments that a plagiarism checker (Turn it in) has been activated. This tool is designed to help both the student and the instructor. After submission, you will receive a color-coded flag and percentage next to your submission. This informs you of how much your assignment is similar to other work out there. If it is above 20%, I urge you to rework and resubmit your assignment prior to the due date. Whatever the last submission is PRIOR to the due date and time is the one I will grade. I will not grade a resubmission after the due date.

If you do so, please add a comment to the instructor that you intend to re-submit the assignment so it is not graded until you are satisfied with the similarity score. If you notice that there are a lot of similarities in the reference section, please disregard. If you are doing those correctly, they should match with other work. Any instances of plagiarism will be subject to discipline (see below section on academic honesty).

ARTIFICIAL INTELLIGENCE CHECKER:

This course prohibits the use of AI software in completing any assignments, projects, or exams. The use of AI software is defined as the use of any computer program or algorithm that utilizes machine learning, natural language processing, or any other form of artificial intelligence to assist in completing coursework. In addition to checking for plagiarism, Turn It In also detects assignments that are likely written by AI software. It has a 98% reliability rating. Any assignment that indicates high levels of likelihood to be written by AI software is subject to review. Further, software that is designed to alter/hide AI usage is also prohibited. Any submitted work that is suspected of AI usage is subject to review. This may include an interview with the student to show competency in the assignment, an investigation of the assignment, and/or documented proof that AI was not used. Violating this policy will result in a penalty as described in the Academic Dishonesty policy noted in the handbook. Specifically for this class, the first offense will result in a zero for the assignment. The second offense will result in a failing grade. It does not matter if the second offense is in the last week of class, a failing grade will be automatically issued. IT IS URGED THAT ALL STUDENTS TAKE THIS SERIOUSLY.

It will be up to the student to provide evidence that AI was not used. The easiest way to do this is to complete all of your work in a google document. You have access to this via your Chaminade Student email (as it is a google email). Using a google document for all work provides time stamps, edits, and a history of your work.
