Learning Outcomes

Program Learning Outcomes (PLOs)

Upon completion of the B.S. in Criminology and Criminal Justice (Online Program), the student will be able to: 1. Describe the interrelated institutions and processes of the criminal justice system, including the basic rights guaranteed to each individual by both state and federal constitutions and laws.

2. Apply theories of crime and criminal justice to explain actual and hypothetical scenarios, behaviors, and trends.
3. Evaluate social, cultural, and technological change and its impact on the criminal justice system. 4. Assess social inequities in crime and criminal justice processes by race, social class, gender, region and age.
5. Articulate a working knowledge of qualitative and quantitative research methods by explaining the various social science methods of inquiry and use these to test specific criminological research questions. 6. Engage the Marianist tradition of education for service, peace, and justice as it pertains to local and national social justice, injustices, and inequities in the criminal justice field.

Course Learning Outcomes (CLOs)

Upon completion of CJ 451, the student will be able to:

1. Explain the effect the three strikes policy had on the corrections system.
2. Compare and contrast the historical development of corrections from ancient times to the 20th century. 3. Contrast societal needs versus offender needs and the ongoing changing social climate of meeting such needs.
4. Analyze the various forms of prisoner punishment and their use as an effective method of behavior modification.
5. Create a correctional institution reflecting innovative design and treatment options.

Marianist Values

This class represents one component of your education at Chaminade University of Honolulu. An education in the Marianist Tradition is marked by five principles and you should take every opportunity possible to reflect upon the role of these characteristics in your education and development:

1. Education for formation in faith.
2. Provide an integral, quality education.
3. Educate in family spirit.
4. Educate for service, justice and peace, and integrity of creation.
5. Educate for adaptation and change.

Native Hawaiian Values

Education is central to both Marianist and Native Hawaiian culture — both seek transformative, value-centered learning that serves the marginalized. This is reflected in the ʻŌlelo Noʻeau (Hawaiian proverbs) below:

1. **Educate for Formation in Faith (Mana)**: E ola au i ke akua (ʻŌlelo Noʻeau 364) — May I live by God.
2. **Provide an Integral, Quality Education (Naʻauao)**: Lawe i ka maʻalea a kūʻonoʻono (ʻŌlelo Noʻeau 1957) — Acquire skill and make it deep.
3. **Educate in Family Spirit (ʻOhana)**: ʻIke aku, ʻike mai, kōkua aku kōkua mai (ʻŌlelo Noʻeau 1200) — Recognize others, be recognized, help others, be helped.
4. **Educate for Service, Justice and Peace (Aloha)**: Ka lama kū o ka noʻeau (ʻŌlelo Noʻeau 1430) — Education is the standing torch of wisdom.
5. **Educate for Adaptation and Change (Aina)**: ʻAʻohe pau ka ʻike i ka hālau hoʻokahi (ʻŌlelo Noʻeau 203) — All knowledge is not taught in the same school.

Participation & Regular and Substantive Interaction (RSI)

Student Participation Expectations

This asynchronous course requires consistent, meaningful engagement with content, peers, and the instructor in each course Module. Logging in without completing activities does not count as participation.

This course is utilizing a Flex model, meaning there are two Milestone assignments with firm deadlines. **Milestone 1 (Module 1) Assignments are due by 11:59 pm on the 14th day of the course**. If these assignments are late, you may be dropped from the class. **Milestone 2 (Module 2) Assignments are due by the halfway point of the course**. **Milestone 3 (Module 3) Assignments are due by the last day of the course**. Please refer to Self-Service to confirm when your course section ends, as no assignments will be allowed after that date.

Students are expected to:

• Complete assigned readings, lectures, and activities within designated timeframes. • Log in regularly to review module instructions, announcements, deadlines, feedback, and grades.
• Contribute substantively to discussions — post original responses and engage thoughtfully with peers.
• Demonstrate preparation, reflection, and critical thinking in all interactive components. • Meet established deadlines to support collaborative learning and remain on track with the weekly sequence.

Regular and Substantive Interaction (RSI) — Instructor Commitments

- **Weekly Communication:** Weekly announcements and/or module overviews clarifying objectives, key concepts, and assignment expectations.
- **Substantive Engagement:** Instructor-facilitated discussion engagement — prompting analysis, clarifying misunderstandings, connecting posts to course concepts, summarizing takeaways.
- **Timely Feedback:** Clear grading criteria and substantive feedback on all graded work. ◦ Email inquiries: (see Communication policy above)
  ◦ Weekly graded work (discussions, assignments): within 7 school days of the due date ◦ Major assessments/projects: within 7 school days of the due date
- **Monitoring & Outreach:** Active monitoring of Canvas engagement with proactive outreach and referrals for students who miss deadlines or fall behind.

Course Activities

Discussions

For discussions, you are expected to provide a substantive and thorough original post that demonstrates depth of thought, critical analysis, and a clear understanding of the topic. While there is no formal word count requirement, your response should fully address the prompt with well-developed ideas, supporting evidence where appropriate, and thoughtful reflection.

In addition to your original post (worth 10 points), you must also respond to at least one classmate's post (worth 5 points). Your response should go beyond agreement or simple comments—it should add to the conversation by offering additional insights, asking thoughtful questions, or respectfully challenging ideas to deepen the discussion. Discussions are weighted at 15% of the final grade.

Assignments

All written assignments should reflect substance, depth, and critical thinking. Your work must fully address all aspects of the prompt or assignment instructions, demonstrating a clear understanding of the material and an ability to apply, analyze, or evaluate relevant concepts. There is no strict word count (unless stated in the directions); instead, focus on thorough and well-developed responses that clearly convey your ideas.

Please ensure that all content is written in your own words. Direct quotes are not permitted. Instead, paraphrase information from your sources and properly cite them using APA formatting (7th edition). This includes in-text citations and a reference list at the end of your assignment. Be sure to proofread your work for clarity, grammar,

and adherence to academic standards. Assignments are weighted at 15% of the final grade.

Design an Institution

Students will design a new and unique prison/institution. Each week you will gain information to add to your institution. A list of requirements will be presented in Module 1. The format (i.e., powerpoint/prezi) will be based on your discretion and available resources. The presentation will be done in zoom - **no exceptions**. Your grade will reflect: content, organization, ingenuity, design, time management, and presentation. This project is worth 20% of your final grade.

Pearson Revel Program Content & E-Readings

Linked within your Canvas course is the Revel content. It is essentially an e-book with mini quizzes, chapter quizzes, and simulations. As you progress through the chapter, you will have to complete the aforementioned material within each chapter. All content is due on the assigned due date. If you are working in Module 2 and turned something in late, you must email me for a manual grade and alteration for the late point penalty.

As you will note, there is no midterm or final for this course. Due to the amount of weekly assignments/quizzes, you will sufficiently cover all material. The scoring policy in Pearson Revel is as follows: - Module quizzes are located throughout the chapter. Each question is worth 3 points. You have three attempts at each quiz, however, -1 will be deducted on each attempt.

- Chapter quizzes are worth 1 point per question. There is only one attempt at the end of the chapter quiz.
- The simulations are worth 50 points. They must be completed to receive the points. - Regardless of the points - all Revel content is weighted at 50% of the final grade. **- ALL REVEL CONTENT IS DUE BY 1159PM ON THE DUE DATE**

Course Policies

Late Work	Module 1 is due by the 14th day of the class without exception. Failure to do so will result in an immediate removal from the course. Module 2 is due by the listed due date. Late work is subjected to the following percentage deductions. Since all assignments/discussions are open on the first day of class it is recommended that students work ahead if/when possible if they anticipate a late submission. 1 day = 10% deduction 2 days - 20% deduction 3 days = 30% deduction 4 days = 40% deduction 5 or more days = no points awarded Module 3 is due by the last day of class without exception. Please see the Grade of Incomplete policy for further information.
Extra Credit	*No extra credit is available in this course*

Incomplete Grade	The current university policy concerning incomplete grades will be followed in this course. A student in good standing in a course may petition the instructor for an "I" grade. All petitions must be requested in writing via email. Good standing means that the student has fulfilled the following three requirements: 1. Has completed more than 50% of the coursework 2. Has had continued communication with the instructor throughout the term regarding the issue/extraordinary condition preventing completion of the work. 3. The extraordinary condition reported are beyond the control of the student and have led to an inability to complete course requirements. Your instructor is the final authority on whether you qualify for an incomplete. Only one extension of up to 30 days per course will be allowed. Incomplete work must be finished by the end of the 30 day extension or the current grade will automatically be recorded as the final earned grade in the course on your transcript.

Syllabus Changes	The instructor reserves the right to modify this syllabus. Changes will be communicated via Canvas announcements.

Important Information

Academic Honesty

Academic honesty is an essential aspect of all learning, scholarship, and research. It is one of the values regarded most highly by academic communities throughout the

world. Violations of the principle of academic honesty are extremely serious and will not be tolerated. Students are responsible for promoting academic honesty at Chaminade by not participating in any act of dishonesty and by reporting any incidence of academic dishonesty to an instructor or to a University official. Academic dishonesty may include theft of records or examinations, alteration of grades, plagiarism, **and unauthorized and/or undisclosed AI usage,** in addition to more obvious dishonesty. See catalog section *Student Use of Artificial Intelligence in Academic Work* for further information.
Questions of academic dishonesty in a particular class are first reviewed by the instructor, who must make a report with recommendations to the Director of the Academic College. Punishment for academic dishonesty will be determined by the instructor, Director, and the Dean of Academic College and may include an "F" grade for the work in question, an "F" grade for the course, academic notice, or dismissal from the University.

For the most up to date information, please refer to the Academic Honesty Policy on the Chaminade University Catalog website.

You will notice in your assignments that a plagiarism checker (Turn it in) has been activated. This tool is designed to help both the student and the instructor. After submission, you will receive a color-coded flag and percentage next to your submission. This informs you of how much your assignment is similar to other work out there. If it is above 20%, I urge you to rework and resubmit your assignment prior to the due date. Whatever the last submission is PRIOR to the due date and time is the one I will grade. I will not grade a resubmission after the due date.

If you do so, please add a comment to the instructor that you intend to re-submit the assignment so it is not graded until you are satisfied with the similarity score. If you notice that there are a lot of similarities in the reference section, please disregard. If you are doing those correctly, they should match with other work. Any instances of plagiarism will be subject to discipline.

AI (Artificial Intelligence) Statement

Chaminade University recognizes the increasing role of artificial intelligence (AI) technologies in academic and professional environments. AI encompasses, but is not limited to, generative AI platforms, automated writing or content generation software, coding assistants, and similar tools. Students must ensure all submitted work genuinely reflects their knowledge and effort. Using AI to produce or significantly complete graded assignments, exams or other academic tasks – defined as use that substitutes for or substantially replaces a student's own analysis, reasoning or written expression – without explicit instructor approval is considered academic misconduct and will be dealt with according to the University's Academic Honesty Policy.

If an instructor has reasonable grounds to question whether submitted work genuinely reflects a student's own knowledge, authorship, or mastery of course material — or whether it meets the course's expectations for AI use — the instructor may require the student to provide additional or alternative evidence of authorship and content mastery. Such evidence may include drafts, notes, revision history, source materials, process explanations, oral discussion, in class work, or completion of an alternative assessment. A student's refusal or inability to provide such evidence may be considered, along with other available

information, in evaluating whether the work meets course requirements and stated learning outcomes. Instructors will not rely solely on AI detection software or other automated tools in making grading or academic integrity determinations. Such determinations will be based on the totality of the available information and handled in accordance with applicable University policies and procedures. See the catalog section Student Use of Artificial Intelligence in Academic Work for further information.

This course prohibits the use of AI software in completing any assignments, projects, or exams. In addition to checking for plagiarism, Any assignment that indicates high levels of likelihood to be written by AI software is subject to review. Further, software that is designed to alter/hide AI usage is also prohibited. Any submitted work that is suspected of AI usage is subject to review. This may include an interview with the student to show competency in the assignment, an investigation of the assignment, and/or documented proof that AI was not used. Violating this policy will result in a penalty as described in the Academic Dishonesty policy noted in the handbook. Specifically for this class, the first offense will result in a zero for the assignment. The second offense will result in a failing grade. It does not matter if the second offense is in the last week of class, a failing grade will be automatically issued. IT IS URGED THAT ALL STUDENTS TAKE THIS SERIOUSLY.

It will be up to the student to provide evidence that AI was not used. The easiest way to do this is to complete all of your work in a google document. You have access to this via your Chaminade Student email (as it is a google email). Using a google document for all work provides time stamps, edits, and a history of your work.

Title IX and Nondiscrimination

Chaminade University of Honolulu is committed to providing a learning, working and living environment that promotes the dignity of all people, inclusivity and mutual respect and is free of all forms of sex discrimination and gender-based violence, including sexual assault, sexual harassment, gender-based harassment, domestic violence, dating violence, and stalking.
