**Precalculus: Functions and Graphs**

**Instructor:** Edward J Reiser.

**Office Hours:** 10:00 A.M - 11:00 A.M or after 3:15 P.M. Tuesday and Thursday.

**Text Book:** Precalculus: Functions and Graphs

**Author :** Munem / Yizzee.

**Course Description:** The following material will be covered. Basic Algebra, Coordinate Geometry, Functions, Exponential and Logarithmic Functions, and Trigonometry, Conic Sections.

**Homework:** Homework will be assigned every class, and collected before every test. Every class we will have a quiz based on the class work. If the student is having difficulty with their homework problems, they can ask questions at the beginning of class.

**Quizzes:** Quizzes will be given every class. The problems will be based on homework problems. There may be some take home Quizzes.

**Exams:** There will be two test and a Final. The problems on the tests and Final will be very similar to the homework problems.

**Final:** There will be a cumulative final exam. The final exam is worth 40% of your grade.

**Grading:**

Attendance and Quizzes	30 %
MidTerm	30 %
Final	40%
