Quantitative Methods (3 Cr.)
Dr. Steelquist

Fall 2002, 11:00 M,W,F , H107

COURSE DESCRIPTION

This course presents various quantitative techniques for solving business problems. Both the mathematical methods and practical considerations are covered. Some of the techniques are implemented through computer procedures.

OBJECTIVE

The students should be able to solve selected quantitative problems and understand the theory and application of the solution procedures used.

OUTLINE

Introduction	Chap. 1
Probability Review	Chap. 2
Inventory Control	Chap. 6
Linear Programming	Chap. 7,8,9
MIDTERM	
Networks	Chap. 12
PERT and CPM	Chap. 13
Forecasting	Chap. 5
MIDTERM	
Multiple Regression	Handout
Decision Theory	Chap. 3,4
Queuing *	Chap. 14
Simulation *	Chap. 16

FINAL

* If time permits.

TEXT

Render, B. and Stair, R. Jr., Quantitative Analysis for Management, 7th Edition, Allen and Bacon, Boston, 1999.

GRADING

Midterm.	30% each
Final	30%
Quizzes & Homework	10%

All examinations will be open book. The final letter grade will be assigned by totaling the points from each graded item. No letter grades will be given for individual tests or quizzes. Attendance is expected and will be reflected by quiz grades. There will be no make up for missed quizzes! The lowest quiz grade will be dropped. Quizzes may be either announced or unannounced. Homework may be collected occasionally for grading as a quiz. An exam can be made up only if the instructor is notified before the exam. The final will be cumulative with an emphasis on the last section of material. Grading is on a modified curve so point totals for grades change each term. Contact the professor at anytime for an estimate of your current grade.

OFFICE HOURS

Mon. - Fri. 1:00 and by request in Kieffer Hall, 24. Phone 739-4602. steelq@chaminade.edu

Assignments

Read	Problems
Chap. 1	3,7,10,12
Chap. 2	
Chap. 6	17,18,19,23,27
Chap. 7	14,15,19,23,27
Chap. 8	4,6,11,14,19
Chap. 9	17,19,24,28,41
Chap. 12	9,16,17
Chap. 13	13,15,18,24,25
Chap. 5	13,14,15,16,34,35
Multiple Regression	Handout
Chap. 3	8,9,19,23
Chap. 4	14, 15, 16,24,32
Chap. 14	14,15,22,23,33
Chap. 16	7,10,18,20

The problem assignments are a minimum. The instructor may assign additional problems as necessary. Students who have difficulty with a problem type should do additional problems and check their answers to insure full understanding.
